MESO-AMERICA / RUMORED NEGRO PRESIDENTS / MIND UR BUSINESS

## THE LAST SALE (DEAL) (Black History is 24/7/365)

**G**ood knowledge is power in this age of mis-information, especially when we have half-ass Negroes hating, lynching and yappers yapping about everything under the Sun, but doing much of nothing themselves, but yapping! Combine that with White Supremacy, White Imperialism, and you have the AGE OF MIS-INFORMATION!

This DEAL is especially good for Black women that are on a spiritual and cultural journey. They are the primary teachers of our children and their cultural enlightenment is of extreme importance to develop leadership and to maintain our continuity. We are talking about a lifetime plan for our children

believing in themselves, based on a heritage before slavery and White

Imperialism.

Our people need to study themselves past and present, because it enhances us and grows us. Turn that DVD player into a home schooling machine.

For a minute of cost, you can educate yourself, about self, without school loans to pay back. Broaden your horizons to global BLACK consciousness. We need men and women soldiers that don't plan on having

their minds colonized or won't give up and in to assimilation. We need a United Front, instead of petty squabbles and other people's status symbols

As a people we don't have mass communication, so a lot of lectures, presentations and debates from prominent scholars will go unheard. There will always be Negroes, serving as private mercenaries for whomever, who will always find fault with most anything most of our prominent scholars and presenters try to contribute to our people's greater knowledge and self-esteem. We all should build our own video and book libraries to take advantage of technology and literacy, to carry our stories and our culture forward.

### **MIND YOUR OWN BUSINESS EDITION**

When the plot thickens, it may be better to be a nobody!

Slaves were the capital that made capitalism so successful!

Abortion was the leading cause of death worldwide, killing an estimated 42 million people.

Opium is derived from poppy flowers and is the precursor for making opioid pain killers and heroin. Say hello to our friends in Afghanistan! The Taliban don't mess with poppy flowers.

Nobody has ever taken the time to teach Afrikan people that they are chemically & neurologically different than anyone else. They can raise and honor differences about everything on this planet (plants, animals) except humans.

## **The Nubian Times**

Black GrapeVine news- With proper training and conditioning, Black and brown men should dominate boxing and mixed martial arts.

The disruption of the Black family started in slavery. It ain't start last week, last year or in the last century.

Mexico abolished most discriminatory legal distinctions based on sexual orientation long before the United States. Mexico decriminalized sodomy in 1871, more than 100 years before the US Supreme Court overturned anti sodomy laws in 2003.

If President Obama had made a move to get the U.S. out of poppy growing Afghanistan, he'd probably be dead now. There is just too much profit in opioid pain killers derived from poppy flowers from the Golden triangle.

Don't blow your mind out worrying about Trump, his buddies or white girls and their moves. Just be sure you make some moves of your own We can afford to be passive 24/7/365. This is protected by the Red, the Black and the Green sissies.

Black GrapeVine news- Ever notice that pastors will pray on TV and everyone faints except for the cameraman!

Project MK Ultra is/was the CIA's program of research in behavioral modification Shawty.

Wigga news- In the United States, White people's Civil War was fought on indigenous people's land. How ironic!

The modern gun is widely considered the "great equalizer", which can deter, ward off or kill off an invader or enemy and can be used by women, men and children.

Don't be surprised if the AMA makes pedophilia legal, acceptable

and not a disease. Much the same as they have done with homosexuality and sodomy.

The sport of MMA seems to be lining up fights between transsexual dudes and females. Them dudes ain't showing no mercy to women, females, dikes or whatever. Some might say it's toxic, but people are betting and paying to see it anyway.

**Black GrapeVine news- QLGBTP** sex-styles have never been common in African cultures and traditions.

Government controlled marijuana can be used to develop means for the control of the activities and mental capacities of individuals whether they are willing or not. So much for legalization Yo!

**RACE RELATIONS-** How many of these professionals Black females and Black males would be pursuing interracial relationships without money. When pockets are flat they are humming, bumming, begging and looking for a friendly Black face. When they get a little cash flow all of a sudden they want to get integrated and find some shining knight or fairy princess that wants to be with them because of that little bit of money.

**Black GrapeVine news-** If you think owning your own Masters is sufficient to success, be prepared to pay for marketing, advertising, videos and perhaps heavy rotation on some airways. Maybe even buy a radio station. Making masters is only one small step in this entertainment, business equation. You've got to make connections and network Yo!.

During slavery, the kidnapped Afrikans in America found out how Europeans were carving up Afrika for themselves and they did try to do something about it. There were many rebellions and revolts.

Which is better or worse...The Projects or A Reservation?

When Mexico was established as an independent constitutional monarchy, the privileged position of the Catholic Church was maintained, and Mexicans of Spanish descents were regarded as equals to pure Spaniards. Mexicans of mixed or pure Indian blood would have lesser rights.

It was tobacco farmers that began the major use of kidnapped Afrikans in the US. Remember that Boo every time you light up a Kool, Newport, White Owl or a Dutch Masters. Your Crack Head should already have heard the secret about Victoria Secret, the cotton and all your fancy drawers and bloomers.

The British separated Hong Kong from China.

If a slaver sold just one of his female slave children to a brothel of forced prostitution, he made \$2,500 or 20 years pay. This made the mass raping and selling of kidnapped Afrikan women fun and lucrative. Though few Southerners owned slaves, they approved of this behavior so they all could "get their Freak on" with Black women.

How long can Mr. R. Kelly last as a top entertainment figure, with no air play, no video play, canceled, limited shows and no continued TV controversy? What are the odds?

**Moor Black GrapeVine news-** Elmina Castle was the first European slave-trading post in sub-Saharan Africa. Africans never had a slave trading post in Europe or any place else on the planet.

Heard the story of Sacagawea? It is no contradiction. She was an indigenous slave girl, who did slave labor for a government supported, soldier expedition led by Lewis & Clark. She did her job well.. She died in her twenties, but did help

them navigate, map and chart Washitaw land. All the Washitaw haven't been exterminated and live to tell the tale, along with army records. This was no fantasy adventure. Slaves were involved.

**Moor Wigga news-** The only thing the white man ever invented was the patent office. lol

Anything that is presented as normal to a child becomes normal to that child. Children have no idea if their mind is being colonized.

Let it be known that most Black people serving on juries are scared shyless! The court threatens them, police frighten them, the prosecution scares them and the defendants scare them. Retaliation is a MF.

Go figure-You raise your child like they are a white child and then get an attitude when white people adopt Black & Asian children, raising them as if they were White.

Cows are made by hybridization and cloning. So are the pigs you have been eating. So are the chickens. What'd you think...they were natural? It may not be time to get rid of the "N" word just yet Shawty!

## 4

**A YAPPER-** A yapper is somebody that don't give a shyt about the living. Everything and everybody ain't shyt to them, except maybe themselves or somebody dead. Most yappers don't respect the dead either. Most of what they say is negative. Yappers are the ones always ready to help form a lunch party, but they don't want to lead the mob. Yappers don't teach or lead, they just act as private investigator Po-Po on computer training wheels.

The same Negroes that speak of Africans participating in the slave trade now come out of their mouths speaking of investing in "sweet shops" in South Africa.

If you are ignorant of self and act ignorant too, who do you expect to be your leader? Who is supposed to care about you when you don't care about yourself?

**On the Homo front-** There is an emotional and economic distance that is felt within LGBT communities of color and the White gay community at large. In other words, gay people in the Black community ain't that down with gay people in the White community!

When a Black person gets hooked up with a White person, they are then more susceptible to White on Negro violence.

When it comes to "Colorism"...companies are inventing laws that protect African-Americans from other African-Americans. Who would have thunk that?

Did you know that the U.S. Army is the biggest gang in the world? They are the largest body of people that will terrorize and brutalize other people and other nations when directed to do so. They will even terrorize their own people when called upon.

### Why U all up in my bizness?

Don't confuse sex-styles with life-styles.

Contrary to some people's opinions, people don't always like winners.

Africans must re-establish the Black Arts.

In order for America to get rich, Afrikans had to be exploited. In order for America to remain rich, Afrikans must be exploited.

Where do people get the idea that lesbians can't be violent?

Once moron was a medical term, and then along came President Trump.

Do white people age in dog years?

People are just now realizing that homosexual relations have more confusing problems than straight relations.

Kim Kardashian ain't got no shame in her game. I'm just trying to figure out who in hell she is a role model for. Could Kim Kardashian be a role model for the whores and prostitutes of America?

The Black population in America can be cut in half just by making Black children believe that homosexuality is normal.

The Black children of White slavers were not called sons and daughters. They were property to

be counted and measured for economic enhancement. The next time you have a family re-union; don't forget to invite some of your long lost White siblings. With the wealth they've been handed down, they just might give your children or grand children a job!

The Black child is not a White child who happens to be Black.

Some Black scientists say that the West is where you bury the dead.

Should Black people once again master nuclear technology? We were never as careless with technology as the Caucasians are.

Only violence will destroy the American Empire. The hate that hate produced. White on White violence.

Black scientists have discovered that the main concerns of Caucasian homosexuals is having sex and recruiting more into their fold.

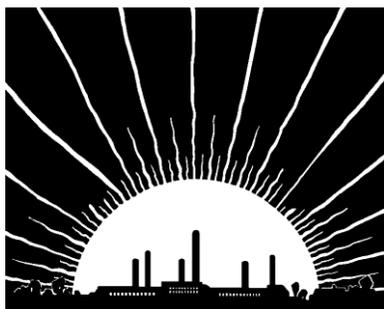

Is anybody else tired of all these apologies from White people? All they have to do is give up the reparations and get the fu\*k out of the way! No more White women or White men bull-shytting about how bad we need and deserve Reparations. These liberals are just a part of covert arms of White Supremacy. The more they bull shyt, the more we have to continue to act like runaway slaves or jired mercenaries.

President Obama made Hillary Clinton, a big-time loser, his Secretary of State. Suppose Hillary was to become President, would she make Obama her Secretary of State? LMAO!

We live in an Electronic Age. Doctors can now write prescriptions for drugs electronically. Now more peeps will be able to get high and ease their pain and fears electronically.

No holy book says to destroy the Earth, not even those with European English translations.

### AFRICA

Toto

I hear the drums echoing tonight  
But she hears only whispers of some quiet conversation  
She's coming in, 12:30 flight  
The moonlit wings reflect the stars that guide me towards salvation  
I stopped an old man along the way  
Hoping to find some old forgotten words or ancient melodies  
He turned to me as if to say, "Hurry boy, it's waiting there for you"

It's gonna take a lot to drag me away from you  
There's nothing that a hundred men or more could ever do  
I bless the rains down in Africa  
Gonna take some time to do the things we never had

Dave Chappelle

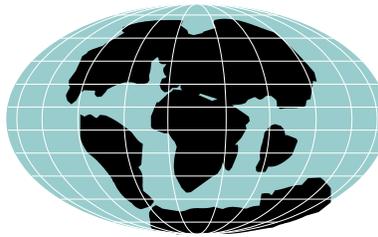

"Our culture has accepted two huge lies. The first is that if you disagree with someone's lifestyle, you must fear or hate them. The second is that to love someone means you agree with everything they believe, say or do. Both are nonsense. You don't have to compromise convictions to be compassionate."

## LIKE A GROWN UP

The Gospel According To  
Michelle Obama

"I just don't Tweet of the top of my head, which I don't encourage people to do...I use social media, but I use it like a grown-up!"

## BEG FOR A JOB

The Gospel According To  
Dr. Claud Anderson

"You need to build your own businesses and hire your own children. It's absolutely criminal to keep having babies and then sending them into somebody else's neighborhood to beg for jobs."

## UN NATURAL HEADS

The Gospel According To  
Dr. Na'im Akbar

"Any slave who began to emerge as a natural head, that is, one oriented toward survival of the whole body, was identified early and was either gotten rid of, isolated, killed or ridiculed.

# The Nubian Times

Unnatural heads were attached to the slave communities. They furthered the cause of the master and frustrated the cause of the slave. They are projected by the "master's" media & press"

## BLACKS IN COLUMBIA

The Gospel According To  
Carlos Rosero

"Everything that leaves Columbia, including products of the mines, has been largely produced by Black hands. Still we have nothing. Slavery has been over for 150 years, but they compensated the slave holders. We have yet to receive reparations!"

## RELIGIOUS IMPERIALISM

The Gospel According To  
Paul Nubianem

"The idea that an African in Sudan or Mauritania who would be given the "Abed" (Arab for 'slave') treatment in Syria, Arabia or any "white" Semitic country, would carry on a policy of genocide against fellow Black Africans who are of a different religion clearly shows the dilemma that the Black race faces in Africa and elsewhere. The very idea that the core of Black civilization, Sudan and Nubia-Kush, would be under the cultural, religious and political influence of invaders of Semitic origins is insulting to the very idea of Africanism."

## BLACK NATIONALISM

The Gospel According To  
Paul Nubianem

"The solution to Semitic religious imperialism in Africa, West Papua, Melanesia and the U.S. is Black Nationalism. Our mentality should be that our culture, our being and our survival comes before any religion of

# 11

culture that was forced on our people.

## STORY TELLING

The Gospel According To  
Sistah Puma La Gitana

“If we are going to come out from under this oppression, we have to take media back into our own hands. Indigenous people have to begin to make stories now. We are a story telling people. Whether we are native, whether we are Afrikan, whether we are Mexican, whether we are from the different islands, we have to start re-telling stories now. And not so much the old stories, but more up to date and conventional stories now that will depict us as a people that will survive. We have survived a global, indigenous holocaust that is still going on and we will continue to survive.”

(Now called North America)

### BLACKS

THE STAFF OF THE NUBIAN NETWORK

There were hundreds of Black settlements all over ancient North America. Three were exceptionally large: **Cahokia**, Illinois; the **Moundville Complex**, spread out on the Black Warrior River in Alabama, and **Etowah** in Georgia. These were simply the largest. There were many other important centers, as well as countless smaller towns and villages, but no history, except our own, is kind to Black people.

These settlements were basically built up as the developments of Black people along the Mississippi (River of Isis) River. These “Mound” people built giant

earthworks atop which they performed rituals and praised our ancestors. These “Mounds” were an Earthly version of the pyramids

that only Black people have built worldwide.

This Mississippian Culture spanned from Wisconsin and Minnesota in the north, through Georgia to the south, and westward into the Great Plains and is believed to have thrived from approximately 800 AD until the arrival of European explorers. Our people lived in peace, enjoyed an intricate system of trading, were accomplished craftsmen, and practiced sophisticated religious beliefs.

Cahokia was the largest settlement north of Mexico and the cities of the Olmecs. Cahokian artifacts and pottery found in many regions indicate that merchants traded with cultures extending from the Gulf Coast to the Great Lakes, and from the Atlantic coast to Oklahoma. Cahokia, located in Southern Illinois is just 8 miles east of St. Louis, Missouri.

For more up to date info on the Mound Building Civilizations, please check out the Empress Verdiece T. Goston of the Washitaw Nation. Many people believe there is a connection between the “Mound” builders of the River Of Isis and MU/ Atlantis mythology.

### BLACKS

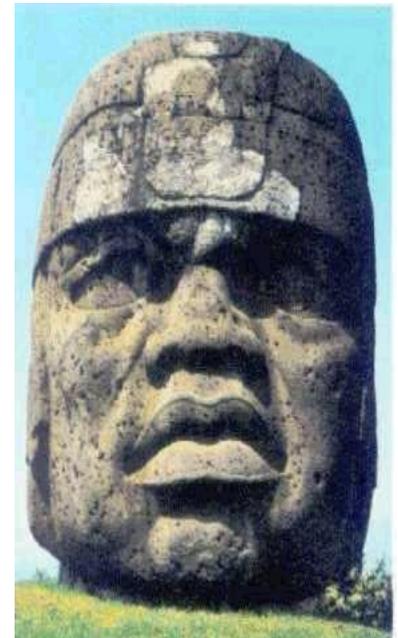

The Olmec civilization is considered the mother culture of all the Americas. It was

## The Nubian Times

established as early as 1700 BC in the Southern Gulf Coast of Mexico, extending as far north as what is now Canada and into South America. They had a complex society governed by kings and priests, with impressive ceremonial centers, artworks and they too were pyramid builders.

# OLMEC STONE MONUMENT

## The Olmec were clearly Afrikans.

The Olmecs were the first people in the Americas known to have a complex system of chronology, a method of calculating time and a hieroglyphic script.

These Nubians crossed the Atlantic Ocean in sophisticated sea craft and built large cities with pyramids and ball courts, 500 years before Rome was founded, 1,500 years before the Maya flourished in Central America and 25 centuries before the Aztec appeared in Mexico. Afrikans clearly had a presence in Turtle Island long before Columbus was born.

From skeletal remains of the time period, researchers found that these Afrikans had brought their women with them. On many of the statue monuments, styles of braiding were found that are only found among other Afrikans.

Another Olmec Monument done by master sculpture's

**Over 170 have been found. On average, the heads are 6 to 7 feet tall, 5 feet wide, weighing 25 tons and quarried from rocks 50 miles away.**

Manding writing (Saharan zone of North Africa) is engraved on many Olmec artifacts discovered during archaeological excavations.

The Olmec economy centered on agricultural production, shellfish and fishing. The jaguar and plum serpent are reoccurring symbols in much of their artwork. This art reflects humane as well as spiritual values that would be spread across two hemispheres.

Around 300 BC, Europeans say that the Olmec people disappeared, vanished. Most Black people should know better. We don't die, we multiply! All people of color, anywhere on this planet, are simply remnants of the oldest people on Earth, today mostly known as **AFRIKANS!**

There were several more under the **two drop rule**. Many of these men at one time would have been considered Mulattos, Quadroons, Octoroons or Negro. When doing your research always follow the bloodline of the Mother. That is usually the line that is the most likely hidden or the one most wanted to be forgotten for racism's sake. In early America there was a limited amount of what was considered **FREE** women, most of which were not White. Good Luck!
