BLACK FACTS

All knowledge is rooted in reality

African people are spiritual beings having a physical experience. There is only a need for religion for those African people that have forgotten just who and what they are.

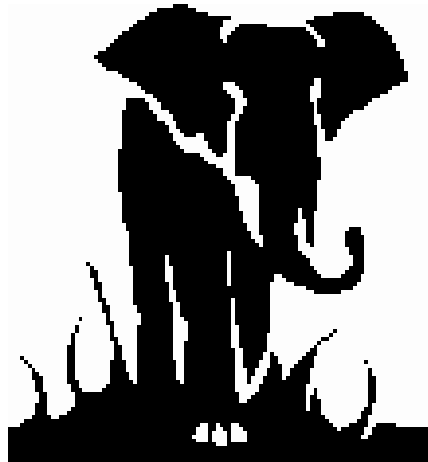

There is no argument or challenge that NUBIANS were all Black people. They are the world's oldest known monarchy, bringing forth twelve pharaohs. The Nubians are the link between the high-culture of Kemet (Egypt) and central East Afrika. The Nubians had little or no foreign influence, nothing from Caucasoid or Asiatic cultures.

Dr. Martin Luther King and Floyd McKissick of C.O.R.E. hired the Deacons for Defense and Justice to protect the marchers from Klan aggression in the 1966 "March Against Fear".

What slavery and depression could not do to Blacks in the United States, has happened to them in 25 years. Less than 50% of Black children live with both parents.

The continent of Africa has been a victim of crimes against humanity for over 500 years. These crimes have included chattel enslavement

– which the West, including the USA, used as finance for their own development and empire building.

All knowledge is rooted in reality!

Some African-Americans actually think that there are million dollar budgets being set aside somewhere so that Black people can see their oppression, trials, tribulations and revolutionary struggles on film. Somewhere they think there are Hollywood and television crews standing around with the grassroots people recording all their conversations and cries for freedom. These same people think that all their ancestors came across the Atlantic Ocean on a Carnival Cruise Ship.

Africa was subjected to direct colonial rule, which destroyed the continent's natural nation states and directed the development of the

continent in a way that was beneficial for the West.

The sun in heaven is Sirius (Sophis). Sirius is the morning star.

By 1542, the Caribs, the peaceful people who had openly welcomed Columbus and his men were totally extinct.

African men and women still continue to use skin bleaches despite the apparent dangers.

The Black people that built the pyramids needed strong knowledge of algebra, geometry and calculus to be successful.

No Afrikan has to apologize for colonization or slavery. Everything Indo-Europeans did to members of our race-family, they had already done to their own people.

Africa and Africans did not have a problem with cancer until they adopted a more western lifestyle, adding meat & refined sugar to their food intake.

The Arabic numbers used today came from the ancient Arab people who were Black.

There has never been a place in Afrika where one can go and not find God. In the ancient world, Afrikans had the largest place of worship on Earth, the temple of Karnak.

You don't age, you dry up! The ideal brain is 90% to 95% water. Most function at 70%.

2

Sixty-seven percent of all hate crimes in America are against Blacks.

The Pan African Movement's definition of a Pan Africanist is a Black person who, regardless of sex, age, politics, religion or profession, passionately loves the race, demonstrates such love in his or her every day behavior and actions and is actively involved on an on-going basis in efforts to promote our self-esteem, unity and ascendancy as a family.

The Afrikans that was made slaves and their descendants inherited "O" wealth from the "Trans Atlantic Slave Trade". ZERO!

Its really hard for your former enslavers, colonizers & rapists to respect a people who allow themselves to be sold out (pimped) time and time again.

Many of the conflicts in Africa today have their roots in the European drawn borders and the legacy of direct colonial rule.

The 1st Africans to be sent to the New World were not from Africa, they were from the Mediterranean. The Arabs had turned on the Africans that helped them and then the Arabs sold them into slavery.

To people of color, the terms faggot or lesbian don't always have anything to do with sex, but always have something to do with weak!

Individual advancement does not mean advancement for the race. One, two, a hundred or even a few thousand people getting a good job does not mean an advancement to the race.

The men and women of ancient Afrika, both wore dresses. It had nothing to do with sexuality. We were on a different vibration than we are now.

40% of the world's population is Afrikan.

One & a half billion Afrikans live on the Motherland.

200 to 300 million Afrikans live in Southern India, called Tamils or Dravidians.- They are the largest group of Afrikans living outside the continent.

The second largest group of Afrikans living outside the continent are in Brazil- approx. 125 million.

The 3rd largest group of Afrikans living outside the Motherland reside in the United States. Estimated at between 35 & 50 million.

500 million or 1/2 billion Afrikans live outside the Motherland.

In Hawaii, an aggrieved indigenous population is demanding a change after a century of U.S. rule. Virtually all Native Hawaiians want to repair or even reverse what they see as the unjust and illegal U.S. military-backed overthrow of the Hawaiian monarchy in 1893.

The number of Aboriginal people imprisoned in Canada's prison system continues to grow, while it drops for the general population of Canada.

There are no kidney dialysis machines in Afrika. They are not needed.

THEY'RE SINGING YOUR SONG

Anonymous submission
HEALING THE AFRIKAN
SPIRIT THROUGH SONG!

When a woman in a certain African community knows that she is pregnant, she goes out into the

The Nubian Times

wilderness with a few friends and together they pray and meditate until they hear the song of the child. They recognize that every soul has its own vibration that expresses its unique flavor and purpose. When the women attune to the song, they sing it out loud. Then they return to the village and teach it to everyone else. When the child is born, the community gathers and sings the child's song to him or her. Later, when the child enters education, the village gathers and chants the child's song. When the child passes through the initiation to adulthood, the people again come together and sing. At the time of marriage, the person hears his or her song. Finally, when the soul is about to pass from this world, the family and friends gather at the person's bed, just as they did at their birth, and they sing the person to the next life.

In the African community, there is one other occasion upon which the villagers sing to the child. If at any time during his or her life, the person commits a crime or aberrant social act, the individual is called to the center of the village and the people in the community form a circle around them. Then they sing their song to them.

The community recognizes that the correction for antisocial behavior is not punishment; it is love and the remembrance of identity. When you recognize your own song, you have no desire or need to do anything that would hurt another. A friend is someone who knows your song and sings it to you when you have forgotten it. Those who love you are not fooled by mistakes you have made or dark images you hold about yourself. They remember your beauty when you feel ugly; your wholeness when you are broken; your innocence when you feel guilty; and your purpose when you are confused. You may not have grown up in an African village that sings your song

to you at crucial life transitions, but life is always reminding you when you are in tune with yourself and when you are not. When you feel good, what you are doing matches your song, and when you feel awful, it doesn't. In the end, we shall all recognize our song and sing it well. You may feel a little wobbly at the moment, but so have all the great singers. Just keep singing and you'll find your way home.

THE GOSPEL ACCORDING TO AFRIKANS

(OUR STORY)

The global, mass media continues to find Negroes to portray Black people as a bunch of clowns and buffoons without a culture. Then some of these buck wild clowns and buffoons tell the Black masses how dumb, ignorant and savage our people are for not being "well off" like them. They tell us how we are our own worst enemy. Well, these quotes are from those that represent the culture of our ancestors. They carry divinity within them. If any quote seems to get in our case, that's because these people belong to the

collective and know that we must heal each other as Afrikans, not as somebody's buffoon, nurse maid or entertainer. Put these quotes in a special place if you live to avenge your ancestors. Let it Burn!

RELIGION AIN'T SPIRITUALITY

The Gospel According To

Bobby Hemmitt

"Ninety Nine percent of what we call religion has nothing to do with true spirituality what so ever. Now I am not saying that you can't look and find scientific elements. There are several scientific elements in the Bible, the Koran and in the Bhagavad Gita, but my point here is to look upon things on a higher level. Those particular passages were nothing but fragments of earlier scriptures and earlier systems. This foolishness based on religion is a Roman debauchery and concept to hold down people politically.

GOT NO SOUL

The Gospel According To

Bobby Hemmitt

"The animals and everything out here, they don't need no books. Nature is nature and the spirit is the spirit. Everything co-insides. The original man didn't need no books and he didn't need no manual on how to go. We had to give that to the white boy, because he didn't have a soul, which is melanin. The dark night of the soul is the soul, which is melanin. He who has no melanin, has no soul."

AFRIKAN ORIGIN OF THE UNIVERSITY

The Gospel According To

Dr. Kwaku Person-Lynn

The Nubian Times

"The science of education, the university and library are only a portion of the gifts the Nile Valley in Afrika has given to the world. Probably the greatest gift of all, besides the birth of humanity, was organized societies, what we today call, civilization."

CHICKENS

The Gospel According To

Malcolm X

"When chickens come home to roost, they don't go to their neighbor's backyard...they return to their own backyard."

WESTERN INTERFERENCE

The Gospel According To

Edward Mulinda

"Foreign interference in the way Africans must and should manage their own affairs still remains the biggest problems for Africa. Any African leader, who is truly pro-people and wants to seek equity with these hyenas from the West, is always undermined, so that the ordinary folks fail to realize the fruits of their Uhuru".

NO GUNS FOR NEGROES

The Gospel According To

Ralph W. Conner

"By definition a slave is a person that is disarmed."

"It's not unusual for America, in its long history, to disarm or seek to disarm undesirable populations."

"The very effect of armed resistance in the name of Civil Rights is what really cast a new enthusiasm into the Civil Rights Movement at a critical time"

BLACK LOVE

The Gospel According To

Charles E. Campbell

“**Black Love** is the ability to love that which you are, your parents are, your sibling and children are and that which you can never change. It's Black Power, Self Respect, Black Consciousness, and Black Empowerment in all the areas of life, family, community and society.”

“**Black Love** has a hand sign (Black Power Fist raised high in the air and then place over one's heart. It embodies Ma'at, Truth, Justice, and Righteousness and demonstrates value for all human life. It allows me to love all Black People, but don't agree with our inappropriate or negative behavior. Black Love compels me to use my God given talents and the knowledge that I have gained to make a positive difference within my family, our community, our society and our world.”

BLACK FOLKS & ILLUSION

The Gospel According To
Dr. Na'im Akbar

“**Illusions** have been created to keep us pacified, quiet and stupid about our condition. Four hundred years of systematic conditioning has created a mental condition that no longer makes plantations necessary. No longer makes chains necessary. No longer makes segregation necessary. No longer requires any of those external circumstances, because the conditioning and the illusion have created such a situation so that you now operate in your own enslaving interest. We are our own primary source of enslavement.

WE FEAR!

The Gospel According To
Dr. Na'im Akbar

“**We** fear standing up for what we believe to be true. We fear being identified with positive things for ourselves. We fear saying to our enemies, “You are an enemy. You always have been. You always will be and I don't trust you to be another damn thing”. That's the problem, We Fear!”

WHAT MATTERS TO YOU?

The Gospel According To
Dr. Martin Luther King Jr.

“**Our** lives begin to end the day we become silent about things that matter.”

NEVER LET UP!

The Gospel According To
Sam Anderson

“**Never** forget that we are still at War with Imperial America! They, white supremacist-capitalist, have been at war with us since 1442...before there was a United States of America. This war has taken on many different forms and were/are fought on many different fronts. We can never let up; our young men and women are being sent as cannon fodder into a war/massacre for oil and world dominance while millions of our young men and women are suffering imprisonment, educational genocide, malnutrition, joblessness and environmental racism not only inside of Babylon, but also throughout the Motherland and the African Diaspora.”

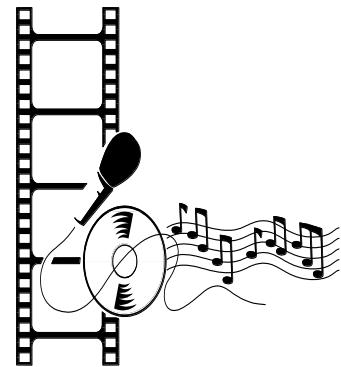

CRUMBS OFF THE TABLE

The Gospel According To
Attorney Alton Maddox

“**The** reason why so many Negroes get involved in the Civil Rights or the Human Rights Movement, it's all the same game, is that most of these Negroes are really crying out

The Nubian Times

to White people for their attention. These Negroes will go through all kinds of hoops, take all kinds of risks and once the White man acknowledges that they exist, you here nothing from these Negroes anymore. Their purpose from the beginning was not the liberation of Black people. We need to understand the motivation behind these Negroes when they get started. All they are concerned about is getting the White man's attention and the crumbs off of his table.”

FAITH IN YOU

P.M. Dawn

I don't kiss the future like the fortune tellers do
So I can't dream with you at night
Pessimisms hunger changes everything
I wish I walked with faith and not by sight but...

You know with anything you do
There's a hundred people bringing you down
No matter how you are

Don't let 'em make you cause they'll break you
Don't let 'em love you cause they'll hate you even more

So if no one else believes in you
I'm completely yours, and I've got so much faith in you
No matter what this life puts in front of you

5

You can save this world
I've got so much faith in you

LET ME BE THE MAN MY DADDY WAS

The Chi-Lites

He's worth more
Than every star in the sky
With that look of forgiveness
That's always in his eyes

He works so hard
But gentle as a lamb
He gave up so much
To make me just what I am and, oh

Oh, let me be
The man my daddy was
Oh, let me be
The man my daddy was

When I was young
Sometimes foolishly I played
But he reached out and, oh
Showed me the way

Now he's only human
And bound to make mistakes
But it was all right
By the moment I would awake and,
oh

Oh, let me be
The man my daddy was
Oh, let me be
The man my daddy was

MISTRUST & DISLIKE

The Gospel According To
Randall Robinson

"In the autumn of my life, I am left regarding white people, before knowing them individually, with irreducible mistrust and dull dislike."

RETURN OF THE GREAT MOTHER

The Gospel According To High
Priestess Chielo Shiloah Israel

"If you have a female who has not knowledge of herself, this is going to effect what she carries in her womb. She's been given the power to create in her own likeness, after her own kind. Then she has nine months to imprint various data upon the primordial being, child in her womb. So when you come out, you are going to actualize what your mother imprinted on you. Now if she knew herself and had the Goddess concept, she is going to bring forth a God. There is no God without Goddess. Goddess put God on the planet."

WOMB-MAN

The Gospel According To High
Priestess Chielo Shiloah Israel

"The war is against the Black woman and what comes out of her womb. The adversary recognizes this and knows that in order for them to destroy a race of people, they had to attack the head. The head is the Womb-Man. They knew that if they could reprogram her consciousness, concerning who she was and how she felt about her environment and that, which came out of her body, they knew that they could basically enslave an entire race of people."

THE ANCIENT GREEKS

The Gospel According To
Dr. Theophile Obenga

"The ancient Greeks traced all human inventions to the Egyptians, from Calculus, Geometry, Astronomy and Dice Games to Writing. Since the time of Homer, Egyptian antiquity functioned strictly as a highly memorialized component of Greek history. Herodotus said it, Plato confirmed it, and Aristotle never denied it."

The Nubian Times CRACK HEAD NEWS

PASS LAWS EDITION

Black people in America are bordering on living in States where they must show their papers to move about "freely".

According to White House security, President Barack Obama gets 30 serious death threats per day. Do you think his job is a joke? How many death threats do you get per day Yo? According to White house security, the number of threats have went up 400% from the last Presidency.

Broke-a-Sexuals give homosexuals a bad name. Broke-a-Sexuals can live the "gay" lifestyle, but they will sleep or turn tricks with anybody that pays them some attention, pays to sleep with them, pays to have them break them off, pays to help with their kids or feeds them a snack. Broke-a-Sexuals don't have any culture, they will dress any which way, talk any which way and hate everybody just because they have been Broke down!

Black GrapeVine news- Now is a good time to see how bamboozled White people are by their own corporations and politicians. Their politicians and corporate lobbyist

6

are excellent at playing on Hill Billie's fears. Be sure to learn from what you currently are seeing, because this thuggism and bullying is what you might have to put a halt to, to make any decent progress. If poor White people even think that they are losing White privilege, they go off the chain.

Much respect to Michael Jackson, the King of Pop. But to tell the truth... we do not need another Michael Jackson. The best thing we can do is learn from his trials and tribulations and leave that alone. Please don't raise any more children that imitate Peter Pan, carry a pet monkey around and need an amusement park to keep their mind occupied when they are 40 years old. Much respect to Jacko, but come on now!

Before you know it, little cars will be cool and that SUV gas guzzler you got will be a hunk of junk sitting in your driveway. How would you like a pretty little pink or yellow striped station wagon to carry your Baby Daddy's kids around in? It might get 200 miles to a gallon and be charged with a battery over night. If you want to move or haul some stuff, you probably will have to rent a truck from Bubba's LLC!

Can you imagine President Obama and the Secret Service coming down Interstate 95 and the Secret Service has a shootout with State Police Officers trying to get Barack Obama to show them his Birth Certificate and his Freedom papers. Don't put nothing pass these Hill Billie's in America!

Black people knowingly support Black gay singers & artist, Black gay entertainers, Black gay writers, Black gay businessmen, Black gay preachers and Black gay school teachers if at all possible.. Somebody being gay is just not an issue that Black people are going to get all bent out of shape about,

especially if they bring something to the table. Black people are tolerant of gay people. For anyone to say that Black people are homophobic as a race of people is a good display of paranoia and the insanity of xenophobia. Most Black people just don't consider gay a part of their culture and don't appreciate having gay issues constantly pushed into their faces. We have power and we make decisions to. Don't even try it Boo! Never start a fight that you can't finish and never get into a fight that you plan on losing Yo!

Job hunting news- 88% of human resource professionals now rely on the Internet to fill open positions in their organizations.

Madd props go out to Y.E. Yang for winning the PGA tournament. He whipped Tiger fair and square. Nobody can be sure if he can play on Tiger's level consistently, but only time will tell.

The bottom line with Michael Vick...if you can be of economic value to White folks with power, you probably can get a second chance, somehow, somewhere.

Black people profile White people, but we do not have the power to act on what we perceive. Sometimes Black people look at White people like they never saw an albino before. Isn't that amazing?

Now they have text messages that will send a worm to your cell phone. If you phone is infected, then it sends out more worm links to everybody on your contact list in your name. According to F-Secure, this is the first identified text message worm.

If you get profiled, pulled over, embarrassed, hand cuffed and lock-up all in one day...just tell the cop you want to have a beer party with him or her. This is what happens when you have no power.

The Nubian Times

Black people must continue to organize and unite, because sending out cover letters and resume to xenophobic White people is quite challenging for our children. Color-less people milk their own people with this racket and we must continue to find ways for our people and children to advance. Keep your head to the sky and remember to network among yourselves, because it is extremely difficult for an individual to go up against a Good Ole Boy or a Good Ole Gal network and have very much success.

Face Book and Twitter are too often for people with too much time on their hands. Some of the people that participate are being socially engineered by big business and employees of corporations they claim not to identify with.

Entertainment Confusion news-Terrell Owens, on his new reality show, went home to Alabama and keep stating & insisting that he never forgot where he came from. The program showed all Black folks, especially his grandmother, mother and lots of Black women in his family. Ten seconds later, for the next episode, this Negro is somewhere in White Town, hugged up with some Brittney Spears clone looking White girl and she is saying that he won't commit his life, money and resources to her. T.O.'s life and everything that comes out of his mouth is just one big contradiction!

Some Negroes don't realize that the colleges they are attending are nothing more than Western Hemisphere Institutes to Produce Greed & Mayhem in the streets of America and the rest of the world.

One type of racial profiling that Black people must be ever vigilant about is financial profiling. Get on the back of these credit and finance companies that don't extend you credit and won't increase your

credit lines. Never forget that banks, financial institutions and even car companies are discriminating and profiling in matters that pertain to race. STOP them from continuing those practices. Amen!\

THE SUPERVISOR YOU HAVE TO CALL IN SICK TO!

Back in the day news- During the slavery period in the United States, don't think that European gays and lesbians weren't running plantations and having their way with the slaves. Do you really think that slaves were going to tell a lot of people about the Master's and the Mistress' freak azz behavior that they forced them to participate in? If you don't think these crackers were freaks, you may be looking at too much television or reading too many dumb down books. When they set up private cabins or entered one of those extra rooms in the Big House, what in hell do you think they were doing, something normal? Maybe you need a snack or some potty time Boo? Whatever! This freak shy didn't just start.

When the troops come home... American society will have to prepare to deal with men and women off the KA-HEAZY! Men used to being fired on and firing back. Women use to being fired on

and firing back. We'll have children that don't know their mother or father and families that don't know their Lil' Pooky no more. There will be young men and women with anger issues. You'll have women coming home with culture shock, which forgot their cultural femininity. Men that don't want to accept lesser roles to what they feel are lesser men. You get the drift. Just be ready. By the way... find them a job.

Black people still have a bunch of conservative Negroes that want to control what issues Black people talk about. They don't realize that when you say negro and conservative you are talking about them. Somehow they think that their big head makes them radical or something. Take notice. When it comes to organizing, they can't get 2 people to agree on which way is up!

Always remember that a pair of "Jordans" or a pair of "Timberlands" may not impress everyone. These shoes may be status signs and symbols to you and your crew, but to a lot of people and other crews you might have to deal with, they may be a sign & symbol of your stupidity. Not everybody has a jail house, business executive, playa, pimp, preacher or even a Hip-Hop mentality. Be cool, believe in yourself and be versatile Boo.

Be careful who you share your bed with. Just because you see some nuts and tricks doing whatever, don't mean that you have to live the same way.

The Ancient Black humans were cosmic travelers. It's a Black Universe, dominated by dark matter. When mankind (white mutant albinos) used machines and explosions to get to the Moon, the first thing they said was "One small step for man, one giant leap for mankind." One day we may be

The Nubian Times

punished more severely than we have been, for letting mankind (white mutant albinos) leave the caves and the bottom less pit. Let's get busy!

What 's up wit the people that want to stop all the name calling but haven't got a name to describe the agony on the face of those killed under the banners of white supremacy?

Dangerous Times news- to Hill Billie's or stupid, poor, White trash, anybody that is non-White is not considered an American. Every day, these Wiggers are being pounded by Talk Radio with maggot talk show hosts, about how Obama is destroying America. They air on "Bash the President" networks. Whenever any White people lose their entitlements, welfare or subsidies, they want to get buck wild, shoot 'em up crazy, NRA style.

The Constitution does not impose a duty on the state and local governments to protect the citizens from criminal harm.

Here's a wish for Beyonce and her baby sister Solange to have much success. It's not often you see 2 pie face girls from our community on the beauty scene.

Some Afghans have fond memories of Taliban rule. They believe that the Taliban were the enemies of the international community, but they were good for the welfare of ordinary Afghans and poor people. In Taliban times, there was punishment for criminals. The Taliban didn't mind executing people, or cutting off their hands, so that from one lesson, a hundred others would learn."

Narcotics and drugs that are illegal in the United States are a booming business all across the U.S.

Wigger news- Trailer park citizens of the U.S. want President Barack

Obama to produce his birth certificate every time he speaks or every time he makes an appearance in public.

You can always find sellouts, puppets or cowardly opportunists that will betray the rest by selling out to the dominant group. Mexicans call it malinchismo, what you call it?

Skip Gates, if he didn't already know, has learned what it feels like first hand to be an ordinary African in America, profiled, hand cuffed and incarcerated just for breathing or opening his mouth. President Obama did support his position. Did Harvard support his position? Will the police chief and other authorities support his position or do we have to let the dogs out? What dogs? Skip Gated has squashed his humiliation. Home boys mug was flashed all over the Internet, his finger prints are public property and now, just like a normal Negro, his only option is to forget about it!

The Million Man March pulled more men together for their causes than the United States could pull together if somebody really stuck a foot up their azz and took it to them. The United States doesn't really want to fight a W-A-R, they just want to bully whomever they feel they can push around, that won't put up a till death do us part fight. The first thing the U.S. gay blades might say is, "Can we afford this?"

What's up wit the Negroes that make their living off Niggahs but hate Niggers because they look, talk and act like them, a Neegro? You tell me.

Better straighten yourself out Boo. All you have left to pass on to you children is a bunch of debt. We hear you can't pass on welfare and food stamps any more, thanks to Bill Clinton.

The overwhelming majority of people with color on the planet want justice and peace, while the overwhelming majority of colorless people on the planet want White entitlement and White Supremacy. Each group doesn't care who gets them what they want!

Once upon a time, Black people had the courage and the ability to defend themselves. That was a long, long time ago.

As much malware, short for malicious software, was produced in 2008 and 2007 as in the previous 20 years. Could it be possible that the release of malicious code and other unwanted programs are outgrowing that of legitimate computer software applications? You bet'cha by golly wow!

Queer folks always want to be just like the people they are suppose to hate.

ADOPT A WHITE MAN

Wigger news- People should have compassion for White men. Why? Because White men are not getting every single job that's out there! White men are not having their way. More and more White men are falling down. We all should adopt a White boy or a White girl to make them feel good about themselves. Just have plenty of raw ground beef and lots of bacon!

Somehow Wiggers or extremely poor white trash feel that they have to defend rich White people, like rich White people can't defend themselves. The more rich White people strip them of their rights or whatever, the more they want to defend them. Go figure!

The United States is now a totally Uni-Sex society, where any one of their automatons can still get beat down for their sexual preferences and behaviors, whether they are considered normal or abnormal. British and American forces used Depleted Uranium shells (DU) in Iraq. DU contaminates land, causes ill health and cancers among the soldiers using the weapons, the armies they target and civilians, leading to birth defects in children. It is also cited as the most likely cause of the 'increased number of birth deformities and cancer in Iraq' following the first Gulf war. Cancer appears to have increased between seven and 10 times and deformities between four and six times,' according to the UN sub commission. Ten of thousands of members of a racist legion operate openly in every corner of the United States—men, women, juveniles, extended families, cells, gangs, churches, clans, militias, border armies, all engaged in what they consider to be a war to the death against non-white America.

Poor White people never want to recognize themselves as slaves or indentured servants taking care of their Master.

In Iraq, so far 18 American soldiers have been electrocuted in their own barracks by American contractor negligence.

In European dominated areas, criminals carry and buy any type of guns that they want and are empowered by those guns. Europeans are the major supplier of weapons on the planet.

Europeans already have a Burger King, Subway and Baskin-Robbins set up in Kuwait.

Among countries hosting phishing sites, the U.S. has the lead with 29 percent of all phishing sites worldwide. China came in No. 2 with 9 percent. More and more of the phishers are using phony SSL padlock icons on their phony sites, giving unsuspecting users a false sense of security.

Whenever White supremacists call their productions non fiction as in scientific, historical or current news coverage they are still referring to largely fictionalized cultural productions.

Depleted Uranium shells (DU) have been blamed for the effects of Gulf war syndrome -- typified by chronic muscle and joint pain, fatigue and memory loss -- among 200,000 US soldiers after the 1991 conflict. Further study of Gulf war veterans showed that 67% had children with severe illnesses, missing eyes, blood infections, respiratory problems and fused fingers.

An example of White privilege is when a white person hasn't personally taken or stolen any land, but they continue to benefit from it.

Would of, Could of, Should of, but WHAT IF?

Submitted by Macgick1010

What would it be like Yo if some of the most prominent Negroes were not discovered and propped up by the entertainment industry? What would these people be doing and where would they be? How about some of our prominent leaders that have been propped up, brought, sold and paid for? Where would

they be? This is my attempt to put everything into some kind of would of, should of, what if perspective. This is only an educated guess, so don't sweat me too much and let your neck get all-tight. After all, most of what happens to and by these all to real characters is out of our control!

MICHAEL JACKSON

If it wasn't for Motown and the record industry, Jacko would probably be working in either King's Dominion or Disney World, collecting tickets as little children board the merry-go-rounds. His face would be dark, his nose would be bigger, but he still would be wearing those high-water pants and gloves in the summer time! Wouldn't nobody be sending his or her children to his house for any summer vacation! That's for sure!

P-DIDDY / MC HAMMER

The rap game made both of these moguls, because some A & R man decided to deal with their flair for excessive bull sh*t. Without it, where would they be? Both would be working for some Fortune 500 company on Wall Street in the mailroom. Puffy and Hammer would be having daily, dance contests once the supervisor left the office. You can't touch this, it's all about the Benjamins baby! The winner would have to run to the corner truck and buy the other one a hot dog and a Pepsi.

QUEEN LATIFAH

If it wasn't for hood winking of the 5% nation, the U-n-I-t-y, posing in some crowns and perpetrating a fraud, Dana Owens would be working full time in maintenance with her coveralls on, down at the hospital 'round the way. She'd be

The Nubian Times

saving up her money to ask one of the nursing assistants out on a date or whatever!.

SNOOP DOGG

If it weren't for the beats, Snoop really would be a pimp. He'd have himself twenty or thirty Ho's, all being as dumb as a rock. With all that drama, the only person Snoop would be playin' is himself. He'd still be sportin' that Jeri curl, with a stingy brim hat and a big old blue bandanna wrapped 'round his coconut. Him and Bow-Wow would be workin' out of his Aunt Janet's house! Cause the pimpin' game ain't workin' in the 'hood, they'd be sellin' barbecue and pimp hot sauce out Aunt Janet's basement window.

CHARLES BARKLEY

If it weren't for the fame from his round ball skillz, mouth and golf playing, Charles would be a part time bar tender at some hillbilly bar, doing the Achy Breaky with a bunch of drunk Hill Billies. He'd have on a big old White cowboy hat, some dirty cowboy boots, jeans and a white belt. In his full time gig, Charles would be giving oil changes at Jiffy Lube. A brother can make some good money changing the oil in all the trucks those Red necks got in the Durty South. Sir Charles would still have a quest to "party" with some of those hillbilly bi-sexual cowgirls.

KWESI MFUME

If the Shark hadn't of made good money working for the Jews with his cunning and slickness in the Negro political game, Kwesi would have changed his name to something more Jewish a long time ago. By now he probably would be attempting to be the first Negro Rabbi in the United States. Either that or he'd be in jail for non-support for all those children he made. His full time job would be a shoe salesman in a woman's shoe

store. That way he still could do a lot of talking, while really saying nothing!

HALLE BERRY

If it wasn't for Spike doing the due and giving her her first even break, Halle would be a Negro Hill Billy bum, doin' her thang in the Monster's Ball trailer park, somewhere in the Durty South. Wouldn't be no Oprah Winfrey or Zionist producers chasing her azz, just a bunch of Billy Bobs like now. She couldn't hold down a job, but she really might be married to some White dude somewhere. Of course you know this White dude would be kickin' her azz daily. If you thought she was a manic-depressive now, in this scenario you'd swear straight up she was a crack head junkie or a pill popper.

MARIAH CAREY

Without that White producer hittin' that, OBD flippin' and all that promotion from Jet, Ebony and other Negro publications, Mariah would still be a Negro Hill Billy trying to sneak into an Italian nightclub. Once she paid the doorman a little somethin', somethin', she'd be like tryin' to find some "made" dude to get laid, so she wouldn't have to be a secretary for some old, White farts or hair stylist for old White women. She'd be in the trailer park down the way from Halle Berry. Ain't no way you could have them both sleeping with the enemy in the same trailer, sportin' tank tops and bare feet. Then Mariah would have to work twenty years before she could get her plastic breast job. Most Negro hillbillies frontin' as Italians never stay at one job too long.

R. KELLY

Kelly done got fame and fortune hand dancing and singing in the Chocolate factory. If it wasn't for some of that fortune, you would see

a big picture of homeboy on the Internet as a sexual predator. Homeboy would be posing with his cornrows, but homey wouldn't be smiling one bit. More and more peeps starting to take that child molester shit serious. If homeboy ain't have no dough and White agent back-up, homeboy would not be p-ing in no teenagers face. Somebody's brothers, cousins and uncles would have tore him a new azz hole, you dig!

JLO

Without Livin' Color, the Wayans, frontin' as Selina and sleeping with whomever, Jennifer would probably be a maid at the Motel 6. By now she would have made enough beds and vacuumed enough floors to have herself a Hoop-die. She would have never of met Puffy, Wesley, Ben or any other celebrities unless she was tryin' to get in the dance contest at some Gender Blender club. Wouldn't be no issue if she was Black or not, because nobody would give a fu*k! JLo would just be Jenny living the loco life.

ICE CUBE

If Cube wasn't makin' records since the tenth grade and actin' like he was hard, this Negro would be a policeman. He would have gotten tired of shootin' the shit and copped a plea to a recruiter, so he could be a cop. Tay Diggs would have been in Boyz in the Hood and Cube wouldn't have played no bounty hunter, snake catcher or body guard for the President. Homeboy couldn't have a barbershop, because that would get stuck-up. You know what them thugs do to each other. If he weren't a piggy, homeboy could only be all that he could be as a lifer in Uncle Sam's Army. My home girl suggested that he would be a mailman when he retired from the military, but I ain't never seen no mailman actin' like he was all

The Nubian Times

hard, wit an attitude. This Negro is hard 'til a White man interview him, then you can see the cheese on his teeth, he be grinnin' so hard.

BILL COSBY

If Cos hadn't of made it being a clown playing to White folks, he'd have been one of them old hounds that worked somewhere for fifty years, with an new Brougham he drive all slow in. He'd spend most of his time talkin' about how young people ain't shit, while taking up two handicapped spaces. He still would have knocked up some ugly hillbilly somewhere, because Bill can't stop being a clown and scratching' where he don't itch when he's around White people. If any White boys had worked on the same job he retired from, they most certainly would have called him Pappy.

CONDOLEEZA RICE

If the Bush family hadn't of hired Condo, somebody else White would have hired her as a pit bull.. Corporate companies like ADT or Brink's are in the homeland security game and probably would check out her resume or portfolio. Women that will bite your head off are nothing new, but what is new is that Condo may be the first Negro female to qualify as a White man. She's been trained well. They say that she's got more miss-directed balls than Colin Powell has. Whatever! Condo would still be trying to be vengeful and hateful on all people of color, no matter where she worked or was stationed.

MIKE TYSON

If that White man hadn't of slowed Iron Mike's roll long enough to get him into boxing, so he could kick some azz and now get his azz kicked, Mike would be in jail for kickin' niggahs, crackers, hill Billies, red necks and whoevers azz. Homeboy would be in County lock up 'bout to do some hard time.

He would have worked at the same amusement park as Michael Jackson, making sure nobody got on a ride without a ticket. One day Mike wouldn't take his medicine, somebody would challenge him and Mike would go buck wild. Then Mike would still have 3 options: kick your azz, bite your ears off or eat your children. Whatever! Mike would be in County.

DAMON WAYANS / JAMIE FOX

If it wasn't for Living Color, Homey the Clown, Wanda and playing all those faggots, Damon & Jamie would still have found their way to TV to play faggots or Gender Blender cross dressers. Only now they wouldn't have quite the fame and fortune. If Black people had of known what was coming, nobody would of thought they were so funny, because they would have thought that both of them really were "queer", "funny", "freaky" and had done lost their fu"kin' minds! In this scenario, Damon and Jamie probably would be playin' cabarets with some real White he-she freaks. Either that or they'd be some real jail house sissies, always looking for some soap in the showers.

OPRAH WINFREY

Nothing much would have changed for Oprah, except the pay scale. She'd still be a Nanny in some way or form for some White people. It's almost like her life ambition is taking care of White women even if she had to breast feed their children! Now she ain't got no man worth mentioning and then she wouldn't have a man worth mentioning. She'd just be a Black man-less female, waiting to exhale or whatever!

TIGER WOODS

If the White man hadn't of invented a game hitting small

White balls into Mother Earth, Tiger still would have made a reasonable living at some of those same country clubs. Except this time, he'd either be waiting on tables with that big shit eatin' grin or carrying golf clubs. Don't have to worry about him dating or marrying a Swedish model. Then he'd be cryin' every night to his Ma Ma and tryin' to find a decent woman of his own Black race-family to get with.

VANESSA WILLIAMS

If it wasn't for the notoriety of being the 1st Black & White Miss America, her singing and her acting, Vanessa probably would be posing in nude magazines all hugged up, licking some White girls. OOPS! My homeboy says she already done that. Well, she'd still be doin it. She'd probably still be all hugged up with some White girls somewhere. Only now, we'd be seeing her in dem "Vanessa the Dirty Debutante" flicks, working out wit some plastic and some electric. Who knows, she might make the Playboy channel. Whatever!

BILL CLINTON

If it weren't for his political life and his appearance on the Arsenio Hall show, Bill Clinton would have still slicked his way out of the hillbilly part of Arkansas. Right now he would have replaced Kwesi Mfume as the Head Nigger In Charge of the NAACP. Bill still would have moved to New York to run his invisible empire. Then we really would have a bunch of Negroes trying to convince the Black masses that Bill really is Black, is intelligent and will do right by us. Negroes would be so high on him that they would want to make his wife President, and in turn, Bill could be the first male First Lady. If Negroes think they gonna get some scraps off the table, they all won't mind being gender

The Nubian Times

blenders, donkeys or jackasses. They think it's a party!

KOBE BRYANT

If it wasn't for his Daddy and the Shaq Daddy, Kobe wouldn't have so much fame and fortune. Homeboy would probably have himself a raggedy azz fishing boat somewhere off the coast of Italy, tryin' to play round ball in Europe. Venessa wouldn't have that big rock on her finger, but homeboy still would be hittin' & kissin' White girlz in the raw. Poor, ugly ones at that! The real question is...would he still have that Afro wit the lint in it? If you lay down with dogs, you wake up with fleas.

AL SHARPTON

If it wasn't for his preaching and eating pork chops & fried chicken career, Al Sharpton would have himself a Civil Rights All Stars Magic Show. It would probably be one of the most watched shows on Earth. Al would do his best to help the Black community and every year run for political office and then we'd all watch them big-headed Negroes disappear. Al would ride that Democratic donkey 'til he finds out all them Negroes and Crackers ain't doin' nothin' but tryin' to make him the jackass.

ICE TEA

According to Ice Tea, he seems to think he is successful because White people like him. He can't play ball, sing, dance or act, so he must be able to talk shit. If it wasn't for White people discovering his "talk shit" ability, Ice Tea would be a real life cop. After a couple years of traffic duty and putting parking tickets on cars, he would have graduated to become the dreaded Narc. He'd spend his days and nights hassling White kids because they love him. He could get his rocks off calling them punks. It wouldn't work in

the 'hood, homeboy done lost his pass many moons ago.

BEYONCE

If it wasn't for the original Destiny's Child paving the way, Beyonce, with her two-faced self, might not have made it. She most likely would be working in the strip club by night and selling Avon, hair weaves and wigs by day and in her church on Sunday. She'd be makin' decent money anyhow. Praise de Lawd! College would be out the question. The only way she would have gotten close to any Souljah is if she came in the back door as a groupie and popped that trunk, making like a skunk. Crackers still would be able to get Beyonce to do anything, so she still would be a nasty gal.

Now, before you start saying that was cold, remember this is would of, could of, should of and what if. This ain't mean spirited, it's a laugh to stop from crying reality check for all of us. Most people are not going to be ultra successful, but if you live your life without pulling together with your own, we all just gonna be entertaining White people and wondering how it might have been! **See ya!** Much luv to the Nubian World Alliance and the Nubian Network for publishing my shitz! **OUT- MAGICK!**

What Difference Do It Make? (IT DON'T MATTER!) (I AIN'T PRESSED!)

Re-Submitted by DoDoBrown

Quick Yo, what difference do it make? It don't matter. Ain't nothing but a word Jack! I'm just doin' my job. Whatever they tell

me to do. I got bills to pay. It don't make no difference.

What difference do it make if you got one drop of Negro blood or one drop of White blood? None! You still considered a Nigger whether it's politically correct or not. Whether it's in the mind or out the mind. Just step out your place and we'll see you on the evening news Homey! Even if you passin' Yo, it ain't no difference!

What the difference between a Black Ice Business and a White Ice Business? Everybody knows that the White Man's Ice is **COLDER**.

What's the difference between "I AIN'T PRESSED" and BEING OPPRESSED? None. It's just that in one state of mind you lying to your self and in the other state of mind everything is so "real". What difference do it make?

What's the difference between a sex symbol and a prostitute? None! Both of them selling their bodies first and foremost! Makes no difference if they a lap dancer, a rump shaker, a curb crawler, in a magazine or a television / movie star. You mentally challenged if you think one got more class than the other. **A HOE IS A HOE!** It don't matter.

What's the difference between a Thug and a Negro? A thug is a Negro with his mugg broke down, but a Negro is a Mugg with his mind wasting. Why you think they call it the United Negro college fund? The Negroes mind has been wasting. I ain't pressed. It don't matter!

What is the difference between a Sistah and a White girl? A Black woman got body, mind, brain, soul, spirit and put motion in the ocean. A White female got body, mind, religious mythology, big, sharp teeth, a deep throat and a devilish self-centered nature! It

The Nubian Times

don't matter. What difference do it make?

What's the difference between a White preacher and a Negro preacher? Both are usually pimps, but the white preacher has his own God that look just like him and puts his money in his own people's bank. The Negro preacher tries to follow behind the white preacher's behind. He or she has their flock worshipping the White preachers God and puts their people's money and future in the White people's bank for "safe" keeping! What difference do it make?

What's the difference between a straight Negro person and a gay Negro person? None! Both libel to do anything at anytime. The Negro comes right out of the mind of White people, so whatever White people say and do, they usually say and do. There are always exceptions to the rule, but don't bet on it! What difference do it make?

What the difference between a Negro and a Nigger? None! There may be controversy about both words, but they both are in all English dictionaries and used in every corner of the United States, whether low class, high class, no class, educated or politically correct people like it or not. Oftentimes they are used interchangeably. Hey Yo, look up the definition in the good book. What's your problem Jygga! It don't matter. I ain't pressed!

Hey Yo, what difference do it make? It don't make No Difference, No Difference. It don't matter. What a difference a day makes! If you dumb enough to say it don't make no difference, you dumb enough to help destroy your own people. Your own family. Help put an end to oppression.
