Tiger's CHICKEN HEAD Transgressions OR WHATEVER!

By Magick1010

Now let me get this straight.

Tiger rises in the morning, a smile on his face, with his proxy image being transmitted globally by Accenture, AT & T and Tag Heuer. Oh what a beautiful morning! Tiger then takes himself a shave with his Gillette razor, throws on his Nike baseball cap, shirts, pants, shoes and socks, takes a drink of Gatorade, checks out the time on his Swiss watch, jumps in his Cadillac Escalade, hits the Chevron station to get some petro and then goes on to his favorite country club golf hang out. There he meets up with a **cock** and **tail** waitress. Sounds interesting!

Finally, after doing the wild thang with a cock & tail waitress, Tiger heads on home to play one of his games on his X-Box, Wii, Nintendo or PlayStation. When he grows weary of clicking buttons and the Wi-Fi action, he then decides to get some rest in his private room on a Sleep Number Bed. Instead of getting some sleep, he pulls out his I-Phone and calls

another Bytch or bum or whatever, and decides to meet her in Vegas. It's got to be his treat, because she

TIGER AND THE “BUM” OF THE MONTH CLUB

ain't got a pot to piss in, but she does have a woman's body and enough sense to close her mouth unless working.

I hear that Tiger Woods made \$100 million bucks this year, about \$7 million on the golf course and \$92 million off the course from endorsements. Tiger is suppose to be a “billion” dollar man. Everybody, including every woman on the planet knows that Tiger Woods is married to a White girl and has children, but everybody, including every White female on the planet, knows that Tiger Woods is a multi-millionaire sweetie.

You get the picture. Tiger Woods could have done just about anything he wanted to do, as long as he had some CHICKEN HEAD BUMS who stalk him and are just fine TAKING THE BACK STEPS to play with him, his little head and his money. Sounds like a heterosexual man's fantasy. Except, this time, from out of the clear blue sky, after about 200 or so similar escapades, his wife, “model, nanny or whatever”, Elim Nordegren, comes at him with fingernails and a golf club and tries to beat the shy out of him. How convenient she had a golf club to run him out of the house. Timing is everything, but what the heck, she ain't on public trial.

Now that the CAT is out of the bag and the public knows that Tiger can't keep his little head in his pants, his wife now wants more of his money and every Chicken Head Bum that he has allegedly shagged with wants their cut too. His sponsors got ants in their pants and his fellow golfers don't know whether to shy bricks or shut the “F” up, because their pay checks will be cut a lot shorter now that he is in Limbo. Everybody in the golfing game has planned many a vacation on the money that they were going to get with Tiger Woods roaming their golf courses. Tiger is the golf games form of an economic stimulus package!

After all this adverse media coverage, Tiger wants to take a leave of absence. Now there are rumors surfacing that Oprah has

called and she wants him to do an interview so she can calm down White America, sell some books and keep her rating up to par. You know Oprah. She has a way of calming down White America and making them reach into their wallets and doing goofy stuff. Oprah makes quite a few Black folks reach in their wallets too. Maybe Oprah could have Tiger and his wife on her show to kiss and make up. But alas, it seems as if Elim Nordegren can't stand the heat and won't STAND BY HER MAN. Last thing I heard, she brought herself a castle somewhere over in Switzerland or wherever! Maybe Oprah can get a face to face with Tiger and one of those chicken head White girls gone wild.

Anyway, Tiger Woods is getting the education of his life as to how violent, vicious and contemptible White female chicken head bums can be. I want to remind everybody that Tiger ain't White, but he is a young colored guy, 34 going on 17. A young guy who's never had much of a life outside of a golf course. Although Tiger is the greatest golfer in the world, he has had to endure playing his game, with a bunch of White male strangers that never wanted him in the game in the first place. Hello! Sure he has a fascination with Hill Billy chicken heads, but he has no rap, no style, little to no charisma, no finesse and looks like some nerdy kid hooked on phonics. Most Black women haven't much of a fascination with Tiger. They haven't spent too much time trying to get their children onto golf courses. It's primarily mostly those vampirish White whores that eye his wallet everywhere he goes. In some people's eyes, Tiger may be young and quaintly dumb, but he did have himself some fun setting up the BUM OF THE MONTH CLUB.

Some people seem to think that Tiger's life was so grandeur and

that it was so nice and lovely. Evidently it really wasn't. What makes people really think that Tiger wanted to be married? What made anybody think that Tiger really wanted to spend the rest of his life with someone that wasn't anything like his Mother? To say the least, Tiger and that White girl were not evenly yoked. Maybe Tiger got tired of his wife or maybe his wife didn't satisfy him. WHO KNOWS! Tiger sooner or later will come forward. Even so, when he does come out the closet, the media will want him to take a lie detector test. Tiger lives in a society with loads of freaks, chicken heads, hoochies, porn, smut, girls-gone-wild, maggots, lesbianism, pedophilia and tri-Sexuals in abundance, not to mention loads of roving reporters and paparazzi scrambling to get paid for any story that satisfy's their bosses and company benefactors.

The sad thing about this whole charade is that Tiger is starting to find out that very few White people could give a rat's azz about him. All they want is any chunk of that golf and endorsement money that they can get their hands on. They believe they own him. Personally, I don't intend to watch any golf until Tiger Woods comes back. Then I'll be right there, wondering if this young Black man can win again. Wondering if this young Black man can rise again. Tiger and I ain't cut from the same mold, but I don't plan on trashing him for life. It's all about can Tiger learn to stop messing with trash!

MOVIE REVIEWS

By DIVINE1ON1

BLOOD AND BONE:

Featuring:

Michael Jai White

Nona Gaye

**& a Cameo appearance by
Kimbo Slice (UFC)**

I believe this movie to be the best by Michael Jai White. It wasn't big budget, but it flowed and the martial artistry worked as far as I'm concerned. Jai White is Isaiah Bone, an ex con who secretly returned back from prison

3

and gets into the Underground Street Prize fighting game. Brother White has got skillz and does a good job acting for the most part. It was good to see Nona Gaye (Marvin Gaye's daughter) in a movie again. I hadn't seen her since that Matrix joint. She is just as thick and fine as she wanna be. Her part was down to Earth. No, she did not come off as some kind of bum. It was respectable. This movie is not one you'll fall asleep on. It's got a decent story line and good action. I give none of the real plot away. You just have to go rent it.

AMERICAN VIOLET:

Featuring:

Nicole Beharie
Alfre Woodard

This movie mildly surprised me. I thought it was gonna be one of those "Negro" Dirty South movies, but it wasn't. It took place in small Texas town and this young, vibrant sister got accused of selling drugs. She was thrown into a situation where the Cracker District Attorney is conducting raids in our communities, jailing and framing as many Black people as possible. . Nicole Beharie, the star of this supposedly true story, is one of those captured and given a

choice of 10 to 16 years for a crime she didn't commit. The whole scenario hurt and hurt deep, but me and my Queen made it through the whole movie. It didn't exactly turn out happily ever after, but it flows and was educational. I never knew that the majority of cases in the U.S are a bunch of plea bargains. Peeps pleading out on charges and getting criminal records regardless of whether they have committed any crimes or not. Peeps frightened into taking plea bargains just to stay out of jail. This shows a people that feel as if they have their backs to the wall due to racism and injustice. It's a decent movie. Check it out!

BRIDGE TO NOWHERE:

Featuring:

Ving Rhames
Blair Underwood- director

This movie is not a predominate Black movie, but it has some fire in it. Ving Rhames plays a major part in the story. The story is about some poor as dirt White boys growing up in Pittsburg that decide to get into the pimping business. They start out with some crack head White girls as their hookers and things go great for awhile. Then they get into the drug business with Ving Rhames as their

The Nubian Times

supplier. Then things get really good, nice as spice. The cash is flowing and the snow is snowing. Everything is great until one of their girls is murdered. Then things fall apart. Enough said. Watch these honkies scramble. You gotta check this one out.

WHAT YOU GET ME FOR CHRISTMAS NIGGRA?

The Negroes Christmas List

Sistah Nubia

Christmas was celebrated during slavery on the plantation. It was a custom generally observed throughout all the Southern states. Coloured people were given a week of holiday at Christmas or the holiday was allowed to continue as long as the "Yule" log lasted. The male members of the race, and often the female members, were expected to get drunk. Coloured people would

stop work the day before Christmas and you couldn't get anyone to perform any service from the time they stopped work until after the New Year. People who at other times did not use strong drink thought it was all right to bust a gut during the Christmas week. There was widespread laughter and joy going on. When the Master said it was a holiday and he wasn't working, the slaves weren't working either. For one week, no work from sun-up to sun-down. The Coloured folk were happy and thanking Jesus for that week off!

The Coloured folks made their small Christmas lists and gave gifts on the plantation. There wasn't much to give as a gift but a few pieces of sugarcane, flour and what little ration of supplies that was received for the month. The Coloured people always took a small gift up to the "Big House" for the Master and his family showing their thanks for the week off.

It must have been pathetic to see Black people attempting to get joy out of the season, with the widespread poverty and oppressive conditions they suffered living on the plantation. After the fun was over, the pleading and begging for extra rations began. The Master's reply would always be "You Niggas used all your rations celebrating the White Man's holiday, now get your ass back to dem fields Niggas".

Christmas presently is still celebrated on the plantations of the United States, except Coloured people are now Negroes. Living in post-slavery, now it is the custom of the boss (master) to give Negroes off a ½ day Christmas Eve, a whole day Christmas day and sometimes the day after Christmas. Damn, Negroes have lost 4 ½ vacation days since slavery. During the week of Christmas, Negroes are expected to

get pissy drunk, come to work drunk and not perform any productive work until after New Year's Day. The Negro, as during the time of slavery, is still laughing and cutting the fool and thanking Jesus for his or her couple of days off.

As when in slavery, after getting a couple days off, Negroes prepare to celebrate the holiday by making their Christmas list. The Negro receives wages (rations) for their labor so lots of gifts can be purchased.

At the top of the list is the White baby Jesus and his White family; a White Santa Claus ho-ho-ho-ing and a head bobbing, tail wagging, light-up reindeer out on the front lawn. If that ain't enough, up goes the red, the white and the blue waving over the white snow.

To show their continued gratitude and loyalty to their Master, the Negro shops from sun-up to sun-down, beginning the day after Thanksgiving until December 24. Negroes are so programmed with spending their wages (rations) for the holiday, they will fight anybody that gets in their way of celebrating Christmas properly. The female member of the race will spend all her wages (rations) and come looking for every member in the household's wages (rations) too! Negroes believe this crazed spending will impress the Master and any other Negro that buys into the fantasy. Diamonds, gold necklaces, gold teeth, DVD players, computers, big screen TVs, expensive tennis shoes, designer clothes, leather jackets, Barbie dolls, new cars, liquor and whatever useless junk they can buy, is on the Negroes Christmas list. The Negro will always take a gift up to the big house for the Master and his family. The Master's Christmas gift is the billions of

The Nubian Times

dollars he makes in 30 days from the Negroes Christmas list.

It is a pathetic sight to see Negroes attempting to get joy out of the season, since the masses of Black people still live in poverty and under oppressive conditions. Through it all Negroes continue to find a way to give gifts and celebrate the birth of the Master's Savior

Just like during slavery, when the fun is over, its time for begging and pleading for more wages (rations). Begging and pleading for more overtime (rations). Begging, pleading and praying for a big fat tax refund (rations). The Master's reply "NEGROES GONNA BE MY NIGGERS FROM CRADLE TO GRAVE, JUST LIKE BACK IN THE DAY. WHAT YOU GET ME FOR CHRISTMAS NIGGRA?"

BLACK FACTS

All knowledge is rooted in reality.

Our ancient ancestors established behavioral ethics based on gender differences. This ethical behavior came about as a result of intelligent, harmonious inter-relationships with natural law.

In 1900, there were only 100,000 Hispanics and 11 million Black Americans in the United States.

Wherever the White man has gone, we have been there to greet him.

First person I am aware of, other than self is mother and that occurs before we ever enter this world.

In the United States and Canada alone, there were in 1492, approximately 10 to 20 million Native Americans. By 1900 there were less than 250,000 Native people left alive, a decline of well over 98%.

There are no kidney dialysis machines in Afrika. They are not needed.

Aesop, a Black man, was one of the planet's most renowned storytellers.

An Afrikan teacher is someone who by his or her very nature affects eternity. When you attend their classes, you have no choice but to come out transformed.

No Afrikan has to apologize for colonization or slavery. Everything Indo-Europeans did to members of our race-family, they had already done to their own people.

The sun in heaven is Sirius (SopHis). Sirius is the morning star.

President Dwight D. Eisenhower has a Black mother, Ida Elizabeth Stover from Virginia.

All original zygotes are female when born. All males are born female. They usually change after 6 to 8 weeks.

White people in Namibia, mostly Afrikaners & Germans, make up approximately 6% of the population but own half the land.

Blacks in India (Dalits) are the world's largest minority at 150 million people.

Brown Babies are an exclusive but little-known group - children born of the relationships between White English mothers and Black American soldiers stationed in Britain during World War II.

Of the 2 million hysterectomies performed each year, 80% or 1,600,000 are performed on Black women.

The number of Black Americans less than 18 years old who live in extreme poverty (disposable income of about \$7060) has risen sharply since 2000 and is now at its highest level since 1980. Overall poverty has declined among Black children, but most studies fail to show the record-breaking increase in extreme poverty among these children.

The Afrikan slave and their descendants inherited "O" wealth from the "Trans Atlantic Slave Trade". ZERO!

CRACKHEAD NEWS

THE THIRD EYE SEES YOU SHAWTY!

Don't be bedeviled by the English interpretations of the word Black and think you are dealing with people as crayons and playing with coloring books. Let's be adults for just one minute if possible. In the English language, some words you taken literally and some you take figuratively. The indigenous people on a carbon based planet are always Black. If you don't over stand that...it may not be time to get rid of the "N" word quite yet. When you finish playing with your crayons and coloring books,

The Nubian Times

somebody will find some cartoons for you to critique. You got too much "down" time on your hands Yo!

When times get tough, the YAPPERS can't find anything better to do than YAP about how other people are making it. It doesn't take a rocket scientist to figure out that that's what YAPPERS do. Let them YAP as long as they don't try to be the PO-PO! Yappers need love too.

Girl fights are on the rise. When there ain't no guys around, girls are convincing other girls to beat down other girls for their attention and for the pure pleasure of knowing they can get somebody gullible to start some shy!

Black GrapeVine news- The ownership, management, staff, interns and part time help of Black radio and Black TV stations have no balls. They want White advertising dollars, but they have cut off their balls to get its. They want Black people to tune in to see programming done by people with no balls. If these are Black stations with Black ownership, then you might have to question if you are Black or just some piece of toe cheese on remote control that somebody just wants to see their commercials and buy their goods and services. Maybe your balls might be cut off or you might be being played Shawty! What's up Yo?

Medical insurance companies can pay lobbyist and buy U.S. Senator cheaply, compared to how much money they can make in the next 5 years.

Did you hear the nasty rumor that Dana Owens (aka Queer Latifah) and Tyler Perry hooked up, while playing the scene. The lowdown is that Dana invited Madea over to one of her Stripper and Freaks all girl Party's and Tyler just couldn't resist putting on his stocking,

6

lipstick and coveralls to do her thang with the rest of the females or whatever's!

Greedy Wigger news- Can you image health insurance being mandatory just like car insurance? That could be in the works. We could have those greedy insurance companies getting their hands in the pockets of another 40 million people or so.

Now they have a movie coming out with **Blue Blacks** called **Avatar**. This is definitely some White boy's multi-million dollar fantasy gone berserk, with elaborate jungles scenes, strange flying animals and wild beasts to boot. This picture is his interpretation of Afrika and Afrikans in some kind of a "flip" side dream. There are still White people in the picture and they have machines to make themselves feel comfortable & equal of course. It is no coincidence that a Black female "plays" one of the lead Avatars and a White boy is her opposite. This Black girl is in some kind of Pocahontas ritual in the making, but it's supposed to be on another planet or dimension someplace else besides Earth. Yeah, right! Somebody must really think we are ignorant and stupid at the same time. It takes money to make money, look out for number one.

If not all the people in the United States are not going to get government provided health care, than government provided health care should be taken away from everybody, including the elderly. Let's see what happens then. Not very many of the elderly have paid enough for what these health care fanatics are charging people now, even with inflation taken into consideration. Grandma and Grandpa should want their children to be treated fairly and have health care as well as theirs..

Bring the troops home! Bring them home to what? They are going to

want jobs. They are going to want substance in their lives. After wearing body armor and carrying guns to protect your freedoms, they are going to want to feel comfortable at home. They are going to want to know what it was all about. Just like everybody else they want to enjoy the freedom. They might even want bonuses, just like everybody else? Will the veterans be moved to the front of the unemployment line?

The best of luck to Oprah when she retires! Nobody can say that she didn't do her job. She got White women and Black women so confused that now they don't know whether they want to be men, women, liberated, mothers, fathers, natural, artificial, whores, actresses, entertainers, prostitutes, meat eaters, voters, or whatever! If we didn't talk about Oprah, she wouldn't be welcome in the Hood. At least we all know that she never gave up her Race Card.

Black GrapeVine news- It's a sign of the times, when you see more Black women running around in Santa Claus hats than you see men in them. What we have here is more women trying to be the equivalent or equal to White men in the eyes of their children, families and coworkers. Whatever! Talk to the hand Shawty!

Will a Black woman's child ever become President of the United States? It's a fair question to ask. If it's not fair to at least ask, then it may not be time to get rid of the "N" word quite yet. Somebody has to relate to our communities and

The Nubian Times

our people first and foremost. If we show our love, we have got to have somebody show us some love back. Aaight All of us are sick and tired and weary of this "trickle-down" bullshyt!

Even women are shocked and appalled at the behaviors they are seeing young females are putting on display in the Americas. Girls gone wild is "real". The "B" word, the "W" word and the "MF" words are making a strong comeback.

What is it that these cowboys want in Afghanistan? Is it oil? Is it relics? Is it drugs? Is it some new some Nyggas? What, what is it? There is not enough Al-Qaeda in Afghanistan to field a good soccer team.

Rumor has it that Rihanna got all violent with Chris Brown because he got a text message from another girl. And only then did Chris Brown get all violent back at Rihanna. After Rihanna's album drops and her cash flow increases from the publicity, maybe both of them can leave this BS behind them and get back to doing something else stupid to get publicity.

Now they got movies out with Black girls in Katrina Land kissing frogs and then turning into a frog and somehow living happily ever after. That's about right for a people that need some type of fairy tale or fantasy to take their children to see in hard economic times. Children just wanna be happy and will go for the parent's sake. The movie was made for the parents, just like the whole concept of Santa Claus, Easter Bunny, Snow White, Peter Pan and Mickey Mouse was.

Moor Black GrapeVine news- More troops going to Afghanistan is good news for military contractors, but bad news for the rest of us. Soldiers gotta be paid extra in combat zones out of your

pockets Yo. The contactors get paid out of your pockets to Shorty.

Economic news- All over, dykes are realizing it's much easier to play the man and act like a man, than it really is to be a man!.

If you can trace you ancestry back to the plantation, you may find the barbarian Albinoid that raped one of your Mothers. Perhaps you'll find that "MF" that raped one of your Aunts or sodomized one of your male relatives. You may be carrying his name and his complexion with you. What could be a better case for Reparations? The "MF's" were never convicted of any crimes or even brought up on any charges of criminality. No need for DNA, just look at some of the Black faces and listen to some of those names that Black people carry around. So much can be traced right back to the plantations of America, North, South and below the border.

Wigger news- Europeans get jobs and can make mistake after mistake or loss after loss. Black people are not allowed that luxury, unless they have already come into an already impossible situation.

Now Tiger is all over the TV and Internet and ain't getting paid a dime for it, but the Corporations & Networks are selling plenty of hot dogs, soap, dish washers, and spaghetti sauce talking about his business. Go figure!

If you believe what you hear on the news, you'd believe that White people only use their weapons in defense. What a crock of shyt! White people use their weapons any way they want to, but mostly for offensive purposes. Capitalism and business must go on. They are always somewhere in somebody else's land, shooting and blowing up things for the sake of being in control.

Moor Black GrapeVine news- Barack Obama didn't go around begging anybody to vote for him. Evidently he had a plan and perhaps you may not have been down with it, but then again...you ain't down with nobody anyway. Your plan won't work because either you ain't got one or you don't have the charisma to get anyone to pay you any attention. You just may be a critic and a yapper! YAP ON!

Look for more Iraqi Uncle Toms to hit the Americas sooner than later. Only poor people with no power have to stay for any re-building going on in Iraq. After the Uncle Toms have betrayed their comrades, they will hide out in the US for as long as possible. If they don't get rich, they'll become disenchanted, disillusioned and right up in your face on the busses, streets and the subways. We all can Uncle Tom together.

Look out for Uncle Tom Afghans to make their way to Europe first and then the United States in the coming years. They haven't quite finished looting the Afghan people quite yet. Moor Wigger news- Has anybody seen the latest hard, plastic looking designer cowboy hats that some of the Country stars in the U.S. are wearing. You'll even see a few cow girls gone wild wearing them at strip clubs.

THE GOSPEL ACCORDING TO AFRIKANS

(OUR STORY)

These are real Black Quotes Black Consciousness style. These are not Negro quotes or slogans that your bosses want you to say for the office or the kind of quotes that some boot-licker is quoting on TV. These are the real things, real sayings global style. If you want to make something real, make them real compared to this. Right on, straight ahead!

Too often we accept what someone puts before us as what we are about. WE at the **Nubian Network, Black Consciousness dot Com** and NWA (Nubian World Alliance) do not want you to accept anything we display at face value. It's about to get deep up in here! We just want you to be about the business that your ancestors want you to be about. If your real is something stupid, then so be it, but this is **OUR STORY!**

THE RIVER WHERE BLOOD IS BORN

The Gospel According To
Sandra Jackson-Opoku

“What the mother has not learned, she can never teach the child.”

The Nubian Times

RACIAL HEALTH DISCRIMINATION

The Gospel According To
Vernellia Randall

“Time is very short! Senate Bill is seriously flawed when it comes to eliminating racial health discrimination.

We need an amendment to the senate bill that, at a minimum,
(1) Defines discrimination to include both purposeful (intentional) and effect (disparate impact) discrimination
(2) Defines an aggrieved person to include both individuals and organizations
(3) Defines an aggrieved person to have a private right of action (right to sue) for both the statute and any implementing regulations.”

AT WAR

The Gospel According To
Dr. James Smalls

“We are at war and there's nothing that is being done that we shouldn't expect, but you've got to inflict some harm on your enemy and let him know that you know that you are at war.”

OBAMA & THE EXPANDING EMPIRE

The Gospel According To
Margaret Kimberley

“Most Americans, regardless of political party affiliation, believe in the right of the state to control their lives and those of people around the globe. It is a sad commentary that such retrograde ways of thinking persist in the 21st century and it is especially sad when so-called Progressives care as little about the rights of their fellow human beings as do conservatives. Those beliefs have been on truly terrifying display ever since President Barack Obama

announced his plan to escalate war against the people of Afghanistan.”

YOU SEE THINGS FUNNY

The Gospel According To

Dr. Ray Hagen

“We Black people are seeing through lens that have been deliberately assigned to us by White mass media manipulation experts. It is a covert method of social engineering designed to ensure the continuance of White dominance and control.

“In order for those who have been misled to begin to see "correctly", they must have a clear, analytical understanding of the origin, strategies, mechanics, purpose and methods of the device that has blinded them in the first place”.

THE SPIRITUAL WARRIOR’S ROLE & QUEST

The Gospel According To

Dr. Joye Hardiman

“A spiritual warrior’s role is to protect the people, their tradition and their consciousness. A spiritual warrior’s role is to grow up, keep balance and keep trouble from coming into the community. A spiritual warrior’s role is to provide examples to the youth. A spiritual warrior’s role is to prepare for eldership and train successors to follow them. A spiritual warrior’s role is to control anger, to combine courage and humor and exhibit grace under pressure. A spiritual warrior’s quest is for spiritual knowledge and the ability to know what is true and required of them.

WHAT CONFRONTS YOU?

The Gospel According To

Malcolm X

“I for one believe that if you give people a thorough understanding of what confronts them and the basic causes that produce it, they’ll create their own program, and when the people create a program, you get action.”

THE NEGROES CREED

The Gospel According To

Dr. Chancellor Williams

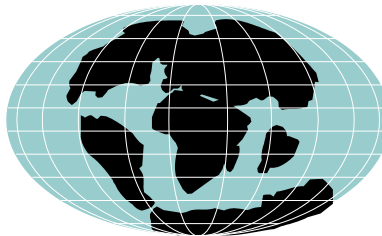

“Millions of Blacks have been made so wholly dependent on the white race for so many generations that they have become mentally lazy. For these, dependence has become comfortable; it frees them from the initiative, responsibility and planning required of independent free men and women. “Leave it to the white folks” has become their unspoken creed.”

WHITE SEPARATIST

The Gospel According to

Dr. Chancellor Williams

“To achieve the goal of survival and self-action progress the Blacks do not have to withdraw anywhere to form a separatist society, for the whites themselves have created an even more completely black separatist society in their mad flights to the suburbs.”

EASTERN EUROPEANS

The Gospel According To

Dr. Arthur Lewis

“Those white human beings called Russians, went over the Aural Mountains heading East and equally did to those Asians what the Western Europeans (English,

The Nubian Times

French, Spanish, Portuguese, Germans) did to what you call America, the Caribbean, Afrika and the Pacific. In the age of European conquest (1300 to present), white Russians went in and conquered what is now parts of Pakistan, India, China, Iran, Mongolia and other areas. They killed off and exterminated those people in Asia you call Eskimos, Inu’s and people of color. They came out of Asia and they went across and conquered Alaska and almost conquered Hawaii. That’s how Russia got it’s power and strength. So you had two parallels between Western and Eastern Europeans. So you had dual conquest on both ends. So anyone who tells you that the Soviet Union is your friend...as a European look at the history and you’ll see that’s non-sense!”

GERMANS

The Gospel According To

Dr. Arthur Lewis

“When you look at the history of Europe, approximately 400 AD, a group of Europeans coming from the Northern parts of Europe, which you call Scandinavia, Sweden, Denmark, Norway, Finland and Russia, came down in a series of invasions and smashed the Roman empire. These groups of people who began this invasion were called GERMANIC people. They exterminated the Europeans who were presently there, which primarily were Romans & Celts. Three sets of the Germanic people (Angles, Saxons & Jutes) would go into what is now England or Great Britain as invaders to exterminate the Celts, who are now survived by the Irish, the Scottish, the Wales. These Germans would change their names into Englishmen. And when these Englishmen come to America, the name of these people will change to Americans. Americans are Englishmen. Englishmen are Germans. They are

Jutes, Angles and Saxons...no different than Hitler!"

“Those Europeans who now you recognize as Englishmen, Germans, French, Spanish, Italian, Russians...they’re all Germans. Racially they are the same, there is no distinction. So don’t mix them up, about one of your colonizers is better than the other!”

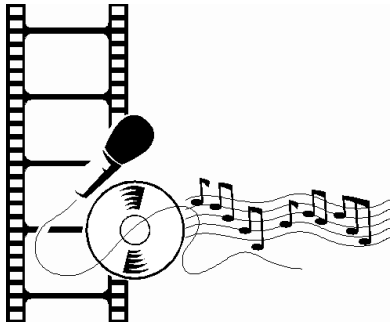

NOTHINGS CHANGED!

The Gospel According To

Dr. Claud Anderson

“In 1860, 98% of all Blacks in America worked for White people. In 2001...98% of all Blacks in America still work for white people.”

“In 1860, Blacks in America had a combined net worth of one half of 1% point. Guess what, . . .in 2001, after Civil Rights, Jesse Jackson, Oprah, Shaq, NAACP, and the Urban League, our combined net worth is half a percentage point!”

BLACK BUTTERFLY

Deniece Williams

Morning light, silken dreams take flight

As the darkness give way to the dawn

You’ve survived, now your moment has arrived

Now your dream has finally been born

Black butterfly sail across the waters

Tell your sons and daughters what the struggle brings

Black butterfly set the skies on fire

Rise up even higher so the ageless winds of time can catch your wings

While you slept, the promises were unkept

But you faith was as sure as the stars

Now you’re free and the world has come to see

Just how proud and beautiful you are

Let the current lift your heart and send it soaring

Write your timeless message clear across the sky

So that all of us can read it and remember when we need it

That a dream conceived in truth can never die

SWITCHING OVER!

The Gospel According To

Shemia Miller

“A Black man with a white woman is a Man that has lost his mind. It is un-natural for any man to want something other than himself, and something that doesn’t reproduce himself. It shows that the Black man hates himself when he sleeps with a White Woman.

Lions and Panthers are from the same Kingdom, however we do not see them mating and switching over. Robins and Eagles are from the Bird Family but we do not see them switching over...it is a terrible thing to see Black Men so foolish with White Women.”

FATHER’S LOVE

The Gospel According To

Dr. Charshee McIntyre

“We need input. In every Afrikan reality, the male principle must prevail with the same respect as the female principle. The highest love is Father Love. You find a mother everywhere. Brothers, you have to go out and father your nation. And I’m not talking about husbanding. And I’m not talking about banging. I’m talking about giving up **you.** Your heart, your mind, your soul! **GIVE IT UP!”**

GUERRILLA INTELLECTUAL

The Gospel According To

Walter Rodney

“Black people are here in these institutions as part of the development of Black struggle, but only as a part of a concession designed to incorporate us within the structure. I use the term ‘guerrilla intellectual’ to come to grips with the initial imbalance of

power in the context of academic learning. Going beyond the symbolism of the buildings, I'm thinking also of the books, the references, the theoretical assumptions, and the entire ideological underpinning of what we have to learn in every single discipline. Once you understand the power that all this represents, then you have to understand that your struggle must be based on an honest awareness of the initial disparity. And that's how the guerrilla operates.

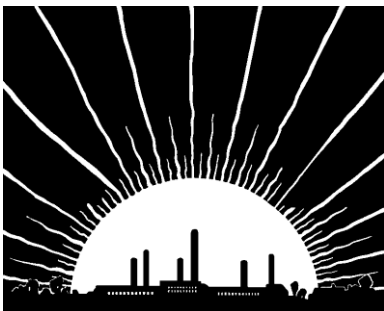

AFRIKA FOR AFRIKANS!

The Gospel According To

Robert Mugabe

“We want to be left in peace to carry out our just reforms and development plans as we peacefully interact and cooperate with other countries within the region, the African continent and the international community. We refuse to be an extension of Europe.”

Many Caucasians believe the second great race war was the military effort (Crusades) by Whites against the darker races of what they called the Middle East. White armies attacking the nations of Islam in a period running for almost 200 years: from 1095 to the middle of the thirteenth century.

Many Caucasians consider the Moorish invasion of Europe, 711 AD, the third great race war. The Muslim armies were collectively known as the Moors or Saracens (non-Whites), a mixture of Blacks and Semites. Spanish Jews actively collaborated with the Moors during their occupation of parts of Europe. All Moors were expelled from Europe by 1492. Many of the Jews were held accountable for their behavior and persecuted.

The US government, the IMF and the World Bank support sending large corporations like Bechtel around the world to monopolize & privatize water supplies.

Caucasians are the only group of people with a history of beating Black women, then turning around and having that same Black woman suckle their child.

Until the European had association with the Afrikan, they were lucky to live until age 35.

Current rates of Non-white immigration will mean not one majority White country left on earth by 2090.
