SISTAS BOWLING / THE SUN DON'T SHINE/ WHAT KIND OF FOOL AM I

Black Folks Taking Over the U.S.A?

Reprint from DIVINE1ON1

Black people are taking over the United States.

Everywhere you turn you see young, old, dark and light Black faces, vying to do whatever they must do to change or improve the situation for people of color on this continent.

When I speak of Black people, I am referring to people of color globally. Those who don't know the Americas are divided into black and white are in denial or just plain uninformed. I think denial is the better description. Later for all the phony geographic lines, the phony religious garbage, silly ethnic nonsense and multi-cultural bull shyt. We be one love. Brothers and Sisters done been gone global.

Despite the fact that there are a few Negroes assigned by Whites to lead us into temptation and deliver us to evil, most peeps be trying to keep it real. Even an Uncle Tom or Aunt Jemima has to stop kissing and hugging azz sometimes! Yeah, we in some deep shit, but that doesn't mean you stop struggling to release yourself. Those that cannot see the good in Black folks have been looking at too much TV and reading to many dam papers from the enemy. You had best get in touch with your peeps again

Now that we are in the latest millennium, it's plain to see the United States is spiraling towards

BLACK FOLKS TAKING OVER THE U.S.A.?

oblivion. White people are craving for nostalgia and making up heroes, while we the peeps are recovering from "me, myself and I alone" programming. The more people of color talk about family, crews, and just plain organizing, the more White people and their flunkies want to talk about gangs, criminals and war crimes. This is after they were all violent and buck wild on us. What goes around comes around. Pay back really is a bitch.

White people don't want pay back for what they do or what the people that represent them put into play. It seems that no White people want to admit to or be judged at any time for criminal behavior. They fail to

realize that the ancestors are now on their azz. The ancestors have turned their nasty dawgs loose on them. They ain't gonna haven't no more babies, ain't gonna be able to function properly sexually and their hair gonna keep falling out. What children White people do have will betray them trying to save their own azzes.

As the White way of life disappears, let us not forget we must remember to stand strong and show some respect and love to each other. I suggest we set this party off quickly by coming together in more ways than funerals, prayer meetings, voting booths, amusement parks and dumb ass TV shows. How bout some peaceful family gatherings, with the elders helping to keep it real?

Of course Black folks are taking over the USA. Did anyone think that people of color would work for White folks for free forever? Did you think people of color would accept 2nd class citizenship forever? You must be buggin' & trippin!

-Fini-

The SUN Don't Shine!

STAFF WRITER NO. UNO

The Nubian Times is being read by more Black people than some papers in major metropolitan areas. This has taken a lot of hard work, understanding and patience. Our paper, the Nubian

Times, may contain explicit lyrics, Ebonics and even slang, but we will use any method that we deem necessary to communicate to our people in the 43+ countries where our paper is currently being read and translated. Critics and/or any Negroes that have a problem with that, can take their European dictionaries and stick them where the sun don't shine. We are not in school, nor are we looking for your consumer-based opinions. We are communicating consciousness to the members of our race-family any way that we see fit. We are not looking for jobs, filling out resumes or trying to please what boot-lickers and buck-dancers feel is their master race and their master language. If you have any better ideas, take your tired azz and put together your own dam web site. Again, I repeat in good conscience, "Take your Webster's" and New Heritage and stick them where the sun don't shine. If you feel the need, you can pull your head out too, but please wipe your face-off!

WHO ARE YOU YO?

THE GOSPEL ACCORDING TO AFRIKANS

(OURSTORY)

If you are just thinking that Afrikan scholars and warriors are in need...where have you been? Anybody that tries to

do anything "Progressively Positive" is greeted with mistrust, venom and a constant amount of **emotional yapping**. As our part of any solution, we will continue with this gospel. You can take it for granted if you want...but have you checked out the number of things of substance you have anywhere, in any community, that Afrikan people as a collective feel a part of. To hell with the **yappers!**

THE MAJORITY

The Gospel According To
Dr. Martin Luther King

"Success, recognition, and conformity are the bywords of the modern world where everyone seems to crave the anesthetizing security of being identified with the majority"

ON LOSING HOPE

The Gospel According To
Dr. Martin Luther King

"If you lose hope, somehow you lose the vitality that keeps life moving, you lose that courage to be, that quality that helps you to go on in spite of all."

AFRICAM MARTIAL ARTS

The Gospel According to
Balogun

"It is a proven and indisputable fact that Africa is the birthplace of all civilization. It has also a fact that the Moors of Africa brought the martial arts to the Philippines and to Indonesia. Filipinos still refer to their martial arts as "Moro-moro", in honor of the Moorish contribution. In Korea, you have

The Nubian Times

"Muk Ho Ja", which means "the Black monk", who brought martial arts to the kingdom of Silla. Muk Ho Ja's real name was Ado, a Yoruba word which means "small gourd" and was a common nickname amongst the Yoruba of Southwest Nigeria. "Ado" is a derivative of "Adu", which means "black-skinned". The Japanese, the Greeks, the Romans, the Aztecs, the Maori, the Seminole, the Sioux and many others trace their martial arts back to Africa."

DIASPORA MARTIAL ARTS

The Gospel According to
Balogun

"Every African culture has its own martial arts and there are several martial arts from the Diaspora that have a strong African foundation, such as 52 Hand Blocks, Knockin' and Kickin', Mani, Agya, Bois, Sticklick, Kalenda and Slapboxing."

DO WHAT YOU GOTTA DO

The Gospel According To
Martin R. Delaney

"We must make an issue, create an event, and establish a national position for ourselves: and never may expect to be respected as men and women, until we have undertaken some fearless, bold, and adventurous deeds of daring . . ."

OUR ELEVATION

The Gospel According To
Martin R. Delaney

"Our elevation must be the result of self-efforts and work of our own hands. No other human power can accomplish it. If we but determine it shall be so, it will be so."

WOMANHOOD

The Gospel According To

3

Mary McLeod Bethune

“The true worth of a race must be measured by the character of its womanhood.”

OFTEN BETTER

The Gospel According To

Mary McLeod Bethune

“When they learn of Shakespeare and Goethe, we must teach them of Pushkin and Dumas . . . Whatever the white man has done, we have done, and often better.”

AFRICAN-AMERICANS AND AMERICAN AFRICANS

The Gospel According to

Prof. Ali Mazrui

“Among African-Americans many give race 60 per cent relevance to their lives while Africans give it only 35 per cent relevance. This difference in racial preoccupation can be a cause of stress.”

AFRICAN-AMERICAN

The Gospel According To

Dr. Frantz Fanon

“The life of the nation is shot through with a certain falseness and hypocrisy, which are all the more tragic because they are so often subconscious rather than deliberate . . . The soul of the people is putrescent, and until that becomes regenerate and clean, no good work can be done.”

EXODUS FROM AFRICA

The Gospel According To

Marsha Stewart

“Sheer evidence shows the Exodus was from Africa--NOT TO AFRICA. If you know anything about the color theory, you would know every color comes from Black--meaning that Africans produced all members of mankind.

When the Europeans finally GOT BACK TO AFRICA, Africans had already migrated to all parts of the world. Modern humans originated in Africa. Bands of hominids migrated first to the Middle East, then throughout Europe and into Asia.”

ON NEGRO POLITICS

The Gospel According to

Pa Fru Ndeh

“Never argue with an idiot. They bring you down to their level and beat you with experience.”

THE WAY A SLAVE THINKS

(The Big House Church)

The Gospel According To

Rev. Phil Valentine

“A slave needs a job. A slave must have a job. And of course all of us gotta play slave at one point or another, but if you’re not rising out of it, if you don’t want off the plantation . . . something is wrong with you. And most Christian mutha f*ckers are on the plantation and like it there. In fact, the Big House is now the Church House. Everybody wanna run to the Big Church House.”

MANAGE THE SHEEP

The Gospel According To

Rev. Phil Valentine

“When you lose your instincts, government comes and rules you. When you have no instinct for right and wrong, someone writes laws for you to follow. Homeland Security Act, Patriot Act, are laws to corral and control the sheep.”

ANOTHER MAN’S GOD

The Gospel According To

Dr. Ben

The Nubian Times

“African-Americans have not yet learn that no other people have continued worshipping another's God, especially their slave master's god or gods and freed themselves from cultural and physical genocide. Why should Africans and African-Americans be the only exception to this historic reality?”

TOTALLY FREE

The Gospel According To

Omali Yeshitela

“Unless Afrikan people are free- and I don’t mean integrated or tolerated, I mean absolutely totally free, having control of their own lives and being able to know that our children are going to have a future because it’s in our hands- everything else is just a joke.”

THE BURNING SPEAR

The Gospel According To

Omali Yeshitela

“We have to have an organization where people’s profession is revolution. I don’t care what your job or occupation is. You might be a taxi cab driver or a brick-layer or what have you, but your profession is revolution!”

UNARMED?

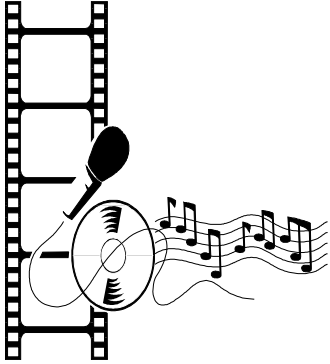

The Gospel According To

Attorney Alton Maddox

“You cannot fight anybody unarmed. Everybody at least got to have information. Even if you believe in non-violence, you got to have information. You certainly cannot be unarmed information wise before you involve yourself in any kind of a struggle.”

“Everything that crackers are involved in is about war and war only, whether you understand that or not. You can’t read a comic strip without being affected by warfare. Donald Duck is war. Mickey

Mouse is war. Everything that white folks got out there is war. If you missed that point you missed everything. They are a warring people or warring creatures.”

STRUGGLE

The Last Poets

“Blessed are those who struggle, oppression is worse than the grave; Better to live and die for a noble cause, than to live and die a slave.”

ON SUCCEEDING

Gordon Parks

“The guy who takes a chance, who walks the line between the known and the unknown, who is unafraid of failure, will succeed.”

LIKE YOU TREATED US

Paul Mooney

“White people are scared, because minorities are taking over. White people are worried because they can't out-f*** the Mexicans -- minorities in numbers alone are taking over, and white folks are scared because they are afraid that we are going to do to them exactly what they've done to us. And they are absolutely right. When the s*** turns around, we are going to treat you exactly like you've treated us: like s***.”

IN MY MUSIC

Paul Robeson

“In my music, my plays, my films, I want to carry always this central idea: to be African.”

OUR GREAT POWER

Paul Robeson

“We ask for nothing that is not right, and herein lies the great power of our demand.”

SAY THE RIGHT THING

Spike Lee

“When talking about the history of this great country, one can never forget that America was built upon the genocide of Native Americans and enslavement of African people. To say otherwise is criminal.”

NATIONAL PRIORITY

Spike Lee

“I'm convinced AIDS is a government-engineered disease. They got one thing wrong, they never realized it couldn't just be contained to the groups it was intended to wipe out. So, now it's a national priority. Exactly like drugs when they escaped the urban centers into white suburbia.”

TEN COMMANDMENTS?

Biggie Smalls

“Never get high on your own supply.”

“Credit, forget it. You think a crack head payin' you back, forget it.”

THE NEGROES CREED

The Gospel According To

Dr. Chancellor Williams

“Millions of Blacks have been made so wholly dependent on the white race for so many generations that they have become mentally lazy. For these, dependence has become comfortable; it frees them from the initiative, responsibility

The Nubian Times

and planning required of independent free men and women. “Leave it to the white folks” has become their unspoken creed.”

WHITE SEPARATIST

The Gospel According To

Dr. Chancellor Williams

“To achieve the goal of survival and self-action progress the Blacks do not have to withdraw anywhere to form a separatist society, for the whites themselves have created an even more completely black separatist society in their mad flights to the suburbs.”

NEVER LET UP!

The Gospel According To

Sam Anderson

“Never forget that we are still at War with Imperial America! They, white supremacist-capitalist, have been at war with us since 1442...before there was a United States of America. This war has taken on many different forms and were/are fought on many different fronts. We can never let up; our young men and women are being sent as cannon fodder into a war/massacre for oil and world dominance while millions of our young men and women are suffering imprisonment, educational genocide, malnutrition, joblessness and environmental racism not only inside of Babylon, but also throughout the Motherland and the African Diaspora.”

ON OBAMA

The Gospel According To

Attorney Malik Zulu Shabazz

“America is in no way post-racial. Race is still a major factor, but Obama's election means that Blacks can do what they will, regardless of systematic racism. Our youth, whose role models are over saturated with entertainers and

5

athletes, needed to see a Black man overcome all obstacles in an intellectual arena in order to understand that we as a people can overcome and master anything in our path in this world.”

THE MOVEMENT

The Gospel According To
Attorney Alton Maddox

“It is very difficult to lead without knowledge. When you don’t really know who you are, when you don’t know who your people are, its very hard to really get out and lead them. One of the things that I found out during the time that I was practicing law and during the times that we were marching so many places, engaged in so many protests, so many of us still did not know who we were. And, we were really engaged in mob action, rather than organized action, and that’s why we were unable to really continue to sustain the movement.”

FULFILL OR BETRAY

The Gospel According To
Dr. Frants Fanon

“Each generation must find it’s historical mission and either fulfill it or betray it.”

MIDDLE-CLASS

The Gospel According To
Dr. Frants Fanon

“What I call middle-class society is any society that becomes rigidified in predetermined forms, forbidding all evolution, all gains, all progress, all discovery. I call middle-class a closed society in which life has no taste, in which the air is tainted, in which ideas and men are corrupt. And I think that a man who takes a stand against this death is in a sense a revolutionary.”

DEFEND OURSELVES IF NECESSARY

The Gospel According to
Balogun

“As far as discrimination against Black people and stereotyping of Black people is concerned, it is not our responsibility to change others. It is our responsibility to change ourselves in order to better ourselves, improve our lives and the lives of our people and to defend ourselves if necessary.”

CHARACTER

The Gospel According To
Edward Wilmot Blyden

“If you are not yourself, if you surrender your personality, you have nothing left to give the world. You have no pleasure, no use, nothing which will attract and charm me, for by the suppression of your individuality, you lose your distinctive character.”

ALL MY POWERS

The Gospel According To
Dr. Edward Wilmot Blyden

“Let me forever be discarded by the Black race, and let me be condemned by the White, if I strive not with all my powers, if I put not forth all my energies to bring respect and dignity to the African race.”

Kim Terrell-Kearney

Kim Terrell, Dover, Del., topped the 186-player field to win the 2008

The Nubian Times

U.S. Women's Open at Brunswick Zone XL in Romeoville, Ill. It was her second U.S. Open title and third career major championship. She beat Trisha Reid of Ohio, 216 to 199 in the title match, but will they ever meet again? We hope so for many years!

Trisha Reid

Kim Terrell-Kearney and Trisha Reid are two of the top professional woman bowlers in the world. Don't forget to put them in your prayer circle.

BLACK FACTS

All knowledge is rooted in reality

The majority of the Africans in the Americas will never see the Motherland. They do not have the cash flow, the sponsorship or the

6

frequent flyer miles. Most of them still cherish the fact that they know where their heritage lies.

Nobody has ever taken the time to teach Afrikan people that they are chemically & neurologically different than anyone else. They can raise and honor differences about everything on this planet (plants, animals) except humans. Why is that?

Obama's Secretary of State Hillary Clinton was one of the sponsors of the Zimbabwe Democracy and Economic Recovery Act (ZIDERA), the law that enabled the United States to impose sanctions on Zimbabwe, President Mugabe and his top lieutenants as well as companies owned by people reported to be propping up his administration.

After slavery in the United States, there were laws on the books that prevented people of color from owning their own businesses until recently. Black folks were only allowed to have jobs.

Afrikans are interested in the truth, while Europeans are not.

Recently Kenyan leaders have called rape the nation's biggest human rights issue. The most severe penalty, known as the "chemical castration bill," would castrate repeatedly convicted rapists and send them to prison for life.

Most Afrikans in the Americas die either poor or in poverty. The majority of Black people in the Americas still never have any chance at fame or fortune, but our children carry our hopes and dreams into the future.

Abdullahi Yusuf, the president of Somalia's U.N.-backed government resigned Monday amid deepening international pressure. Yusuf, who like many of Somalia's leaders is a former warlord, was unable to

restore peace and order in Somalia. Yusuf was unpopular in Mogadishu because of his ties to Ethiopia — one of Somalia's traditional enemies.

Most Black murders in the United States Black communities occur within 500 feet of a liquor store.

President Dwight D. Eisenhower has a Black mother, Ida Elizabeth Stover from Virginia.

When the force of life moves between a man and a woman, the Afrikans call it a holy act. There are no illegitimate children to Afrikans.

Historically Black Colleges are fighting to stay alive. The adverse condition of the economy has them scrambling to adjust, modify and rectify. Schools such as Morris Brown College may not open its doors to students in the spring.

When Black scientist de-mystified death, dying became ascending into the 5th dimension.

Too often Black youth in America go at each other like meat in a market. Color, complexion, hips, thighs, bust, butts, clothes, lips, height, teeth, ears, hair, nose, and even lack of color are qualities we judge each other by. To often we do things that are reflections of our negative state of mind after the Trans Continental Slave Trade.

Melanin comes out of the richness of the carbon atom.

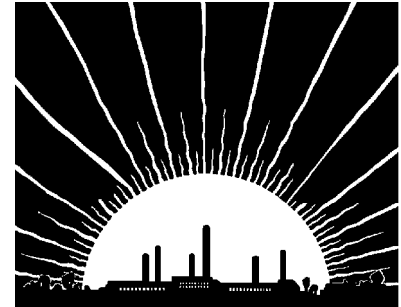

Afrikans are one of two despised groups listed in the U. S. Constitution. The other group is the Indians.

The trafficking of children for domestic labor in the U.S. is an extension of an illegal but common practice in Africa. Families in remote villages send their daughters to work in cities for extra money and the opportunity to escape a dead-end life. Some girls'

The Nubian Times

work for free on the understanding that they will at least be better fed in the home of their employer.

EUROPEAN FACTS

SUBURBAN LEGENDS (RUMOR CONTROL)

White slavery is on the rise and the primary buyers and sellers of White children and White people are White people. Human traffickers are on the look out for blue eyes to sell.

From 1750 to 1775 the Dutch dominated the Trans Atlantic Slave Trade. In this period the Netherlands became the number one supplier of slaves to Spanish colonies in the Americas. In the late 19th century, 1863, the Netherlands was the last European nation to abolish slavery.

The American people are making good Germans.

In areas dominated by Caucasians, White people believe that they are "entitled" to a high standard of living and that non-White people living in these same areas are not expected to have any security and no stability.

The United States is the only country to drop nuclear bombs on people. They dropped two nuclear bombs on Japan. The first nuclear weapon of mass destruction was dropped on Hiroshima, killing

140,00 human beings. The second nuclear weapon of mass destruction was dropped on Nagasaki, killing another 70,000 people.

Children now being born in the United States already own part of the countries' National Debt. The debt is so large that any children these children might have will still owe part of that National Debt. Economist can't predict how far the countries National Debt will carry into the future.

One day Caucasians will realize that their War on Terrorism was just another "game" to help them easily give up their freedoms without a fight. Then they will be more able to terrorize themselves and no one will have the guts to dare speak out.

White Nationalist groups like the Aryan Nation believe and warn other Whites that the original Hebrews/Jews were of African descent. The Aryan Nation proclaims: We believe that the Canaanite Jew is the natural enemy of our Aryan (White) Race.

America's biggest enemies are internal. Their people have more locks, alarms, cameras, tasers and guns than any other society on Earth.

White people are never going to get over their obsession with skin color and their genetic deficiencies. Non-White people will always have to defend themselves from them.

The only way that White people get rich working a job is if they are good at stealing.

The Pakistanis are selling nuclear technology to the North Koreans.

The act of oppressing Slavic people is where the meaning of the European word "slave" comes from. Africans never oppressed Slavic people, so this word has no root in Africa.

More than half of Americans believe they either have not moved ahead in the past five years or they have fallen behind.

Livestock breeders are already raising scores of clones on American farmsteads, mostly cows and pigs at a cost of \$20,000+ per.

White women love to wear spiked heels that remind the public of the daggers that they will place in anyone's heart that gets in the way of their successful climb from gutters, their backs and kitchens.

There are significant Saudi Arabia investments in AOL Time Warner, which owns CNN.

More Caucasian liberty is lost through the ballot box, than through tanks.

White females lift weights, pump iron and grow muscles so they can look like White men. Some of these same females go to the tanning salon too, so they can look like Black men.

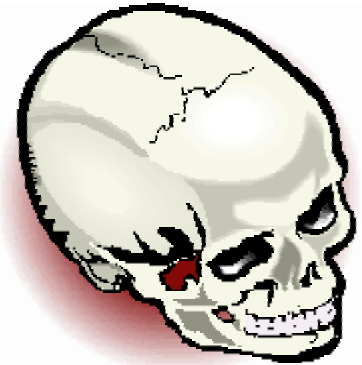

Milk from cloned cows and meat from the offspring of cloned cows and pigs are on grocery shelves now in European dominated areas. People in Caucasian dominated areas have little concern what they eat as long as it contains blood.

Russians scholars are predicting that mass immigration, economic decline, and moral degradation will trigger a civil war next fall and the collapse of the American dollar. Around the end of June 2010, the U.S. will break into six pieces -- with Alaska reverting to Russian control.

There are only about 10 million Hispanic Whites in the United States.

Caucasian people have a Caucasian god that tells them it is OK for them to kill Black, Brown & Yellow people for whatever reason they make up.

The Nubian Times CRACK HEAD NEWS

WHAT KIND OF FOOL AM I? EDITION

NASCAR has settled the \$25 million dollar lawsuit filed by Mauricia Grant, a Black woman that worked in the stock-car organization as a technical inspector. She sued for racial discrimination and sexual harassment during her two-plus years working for NASCAR.

Japan became the world's leading automaker in 1980.

Black GrapeVine News- Anytime that White youth want to drop their rap cd's, baggy pants, hoochie coochie chicks and imitation Blackness, they can. They can throw on a business suit, take off the skullcap and maybe even throw on some Skin Head tattoos. If they are feelin' real YT white they can even tell their lower class associates which Negroes need to be lynched and which Negroes need to be persecuted, homeless, broke and incarcerated. Not many Black adults or youth have taken that power away from them.

Aspartame is 180 times sweeter than sugar, and some animal research has linked consumption of high amounts of the sweetener to

8

brain tumors and lymphoma in rodents.

Black GrapeVine news- When Black folks were healthy and feeling indigenous, they didn't believe in private property. Information for freedom and unification had to be gotten to the people by any means necessary. There were storytellers and markets. But all that has changed. Now we believe in private property or the privatization of information and markets are only things that White people have. Any markets Black people might have are closing from in fighting and ignorance or being taken over by Asians or people from South of the border that can get along with each other, to better their lot. Storytellers are only dying because their stories are not being told. The "private" people would rather have it in their private groups, vaults and archives wasting away, until de White man discovers it. When de White man or White woman finds it, he won't be ego-tripping. They'll put the right forces in place to reopen markets and bazaars their way and put anything he or she doesn't like in the basements of theirs many museums. Same song yesterday! S-O-S!

In European, capitalistic societies, you must always have an enemy.

Black people are not America's powerful ruling elites- they are not the controllers of world banks and financiers of national elections that have maintained true constant power throughout many Presidencies of the United States. If you think that, you done slipped and bumped your head. Obama may have pulled off a little something, something, but ain't too many other people hitting a lick at a stick. Get off that cloud Yo! You trippin'!

A little over 2 years ago, the Intelligence Report, a publication

of the Southern Poverty Law Center, revealed that alarming numbers of neo-Nazi skinheads and other White supremacist extremists were taking advantage of lowered armed services recruiting standards and lax enforcement of anti-extremist military regulations by infiltrating the U.S. armed forces in order to receive combat training and gain access to weapons and explosives. What kind of foolishness is that? Skin Heads being trained by the U.S. Military. The more things seem to change, the more they remain the same.

Drugs are a way to create new problems within you. The word allopathic means that you are given a medication to suppress a particular problem, thereby creating a second problem. Then you have to have a drug for the second problem, which creates a third problem and infinitum.

Money doesn't help anybody whose head ain't right. If you see the world Negro backwards, money will only help you in the short run.

Now that the pill of gradualism has more non-White people doing bad, we could see more people of color going at each other's throats, hollering about private property, possessions, I'm gonna call my lawyer, threatening remarks, increased name calling, a want for more police, I gotta get paid, I can do bad by myself, what have you done for me lately, what you gonna do for me, more "whatever's" and I-ME-MINE! While at the same time positioning and jockeying ourselves for jobs and to be exploited. Ain't that a bytch!

The U.S. government is secretly preparing for an attack from **YOU** and anybody else that looks like, acts like, smells like and talks like you. If you get too uppity and think you got too much going on, they are prepared to put your azz in their Prison Industrial Complex and

The Nubian Times

flush what's left of your brain down the toilet.

Wigger news- nobody wants to debate about how Joe Biden will be putting his 2 cents into everything and how he might be running the country in case something tragic happens.

To have "gay" people tell it, Blacks' struggle for rights, equality and whatever has finished and their struggle is the only struggle for anybody to focus on. No Black people in the United States are struggling anymore and everything with Black people is just fine. What kind of fantasy world are some of these "gay" activist, come outers or whatever they want to be called, living in?

Toyota began making cars in the 1930s and is now the world's largest producer.

The current U.S. economy has White girls falling from Wall Street and into the Pornography & Prostitution games to pay their bills and get their hair did. Who else will resort to trying to turn dem tricks?

Black GrapeVine news- Any Black stores that are left are disappearing. Black businesses such as dentist, doctors, lawyers, beauty shops, barber shops and what have you are failing and you can't sit down many places that are Black owned to get a bite to eat. Blacks are boycotting anything Black. Whites are boycotting anything that is Black. Asians and everybody else is boycotting anything that is Black owned and operated. Blacks have a hard time when other Blacks are making any money, with all eyes on them, trying to figure out what they are doing, that they can imitate if they can or destroy if they can't! To often Black folks display jealousy and envy at each other, while eating up anything White people distribute to them for them to consume. Some call it progress. It may not be time to get rid of the

9

“N” word just yet. Can you feel that Boo?

You have to be asleep to believe in the American dream.

White people never thought that there would be a African=American President in their lifetime. Most White folks are not too sure as to whether he will inspire their Negro workers to ask for wages, better wages, mo’ money, better treatment, perhaps equality or will he make Black folks believe the unthinkable...that Black people have taken over the country!

Jigga & Wigga news- there are a lot of Jiggers and Wiggers out there that want Obama to do what they can’t do. If that is truly the case, there are going to be a lot of unhappy campers within the next 4 years.

Praise to Dr. Maulana Karenga. He could have thought that Kwanzaa was his personal property, copyrighted it, patented it and trade marked it. Then all the profits, if there were any, would have all been his. Nobody in the European dominated places would have been able to celebrate Kwanzaa without his permission. Oftentimes people that spread venom and hatred, overlook positive things. Sometimes they don’t. Whatever! We have to forge into the future and minimize fighting each other.

The only crime against humanity that may be worse than rape is abortion. The taking of an innocent life is insane madness.

A slave doesn’t think for himself or herself, somebody does the thinking for them.

Some of the people that talk nationalism, pan-Afrikanist, nationality, tenured schoolteachers, nation building and genuine wolf talkers or whatever, still do not have an economic plan that

anybody believes is worth consideration or application for their own Black brethren. Black leadership, Black wanna be scholars and Black azz holes may be Black peoples’ worse enemies. They want to put irreverent bullshyt before Black economics, and everybody is supposed to cry & complain because they are busted and disgusted. Where are the P-L-A-N people with tassels, fancy hats and people that are walking around in the robes of our ancestors?

Wherever White people call the shots, they say you can choose your sexuality. You can be a male, a female or a whatever! Just pay your taxes, pay the bosses, pay the shot callers and we might let you come out the closet or whatever caskets you’ve been hiding in. Let the sunshine in, the sun, shine in, if you pay me mine!

Black scientist are finding that many of the monuments left by our Black ancestors, such as the pyramids across the planet, the Sphinx and the Olmec heads were actually coded forms of marketing and advertisements. They didn’t believe in private property. They wanted the Children of the Sun to always remember their majesty!

Chinese people never hire Black people and they never buy goods or services from Black people, but Black people buy plenty of Chinese food from Chinese people in Black neighborhoods. What’s up Shawty? What kind of foolishness is that? You are providing Chinese people with jobs, businesses and financing the education of Chinese children. It may not be time to get rid of the “N” word just Yet!

There are still a lot of White children in the United States that have never gone to school with Black people.

South Korea is today among the most advanced automobile producing countries in the world.

The Nubian Times

The Hyundai KIA Automotive Group is today the second largest automaker in Asia only after Toyota and one of the top five automakers in the world.

White people just might be all right with Obama as long as Black people don’t start hollering Black Power. Don’t even try it Shawty! As long as Black people, Africans, Negroes, Colored, Latinos, Moors, Black Muslims, Kamites, Nubians, Gangster, African-Americans, Christians, Mulattoes, Eskimos, Puerto Ricans, Indians, Indigenious, Moorish Americans, Bi-Racials, Bi-Sexuals, Gays, Others, Minorities, or whatever we call ourselves, keep at each others throats, White people will be very happy Yo!

Arrogance in the Black community is often fueled by depression, sarcasm and doubt. Too often many of the know-it-alls are so far stuck up Crackers butt, they can’t communicate and won’t take a hint.

White people in the Americas are starting to feel the same vulnerabilities that Blacks living in the Americas have always felt since Europeans arrived on those shores.

Back in the day, entertainers not under contract to White people, had names like Puff Daddy, Queen Latifah, Jay-Z, Lil Wayne, 50 Cents, Foxy Brown, Snoop Dogg, Biggie Smalls, Shorty Long and what have you. When they obtained some fame, notoriety and a bit of status, they had to make sure their “real” names were known so they could get their pay checks sent to the right person and to let the “tax” man know who they really are, so they could pay federal and state taxes. What kind of a fool do you think they are?

Most of the drugs in America are not smuggled in; they are shipped in.

Black people can be targeted for hate crimes just because of the color of the skin that God saw fit for us to have. In comparison, it's a lot harder to tell who is gay and who is not, unless they open their mouth and say so or unless someone exposes them in public.

Koreans live off of 2 people's economies- their own and Black peoples.

If a country doesn't think about getting out of a war, the war usually accelerates and brings more people into the war.

When Black people have a sense of people and nation, they can define family any way that they want to.

In the Americas, institutionalized prostitution is accepted. They have brothels, warehouses and hotel/motels lobbies filled with call girls galore, just waiting on tricks. Not to mention peeps lying on their backs for school grades and job promotions.

Moor Black GrapeVine News-The Negro believes that all their opportunities come from other groups of people, foreign to their community. Anything done within his or her own community is suspect. Any work done to strengthen that community is seen as grotesque and obscure. There are exceptions to that rule, but you had best know what you are up against from the average Negro, degreed or un-degreed.

The United States is a bad credit risk.

If Barack Obama had not been elected President of the United States, there would have been no Great Debate in Harlem New York or any other place. Nobody was gonna debate what White people were gonna do, but there are some who would like for Barack to fight all these White people for them.

What you own and control makes you a competitive group in any society. If your group owns nothing, controls nothing...sorry Charlie...your group is just a bunch of squirrel's tryin' to get a nut in a rut.

Do N.Y. rappers do free advertising for the New York Yankees? Many a knucklehead, male & female, feel that wearing N.Y. sports gear is puttin' on for their city. What Up Yo? We have chumps frontin' for cities that couldn't make it in those cities' streets and cities where people like them are profiled and gunned down in what seems like a daily basis. What up Yo? Now we got chumps frontin' that can't make it in sports. Like the brother Gil Scott said, "This ain't really your life, ain't nothing but a B-Movie".

Black scholars, schoolteachers, photojournalist, preachers, the employed, the under-employed, street people and even reformed Uncle Toms are at each others throats about what is African, who owns that which is African and who has any rights about things that are African. A people that once didn't believe in private property have been infected with White disease. A people that have little worth mentioning, have lost their way and need White people to regulate personal property. I, Me, Mine! Can you dig it?

It's not called education, when you are trained for servitude and domination. That's called slave training Shawty!

Warren G. Harding, the 29th President of the United States was a Black man passing as White. Check out Marsha Stewart's book on the subject. Black people in the United States will always be made fools of if they don't research and spread the word.

The Nubian Times

The Prison Industrial Complex was started in 1973 in New York State.

To many leaders or peeps that think they leaders or people that think they got it going on **plus no followers** worth mentioning means...there are going to be a lot more sad faces soon. Sad faces pointing their fingers at anything Black that moves or trying to hop on any boat set afloat on this stormy sea of mood and emotion!

The top 2 selling vehicles in the United States are the Ford F-150 and the Chevrolet Silverado. Both are gas-guzzlers, but both serve a purpose. Ain't nobody but Negroes riding around in trucks trying to act like they cute, with no particular place to go or something strange to that effect. Smart peeps that get trucks use them for their utility. If all you got to haul is groceries, nobody in their right mind would get a truck or a SUV, unless they were full of themselves.

Black GrapeVine News- In the current U.S. economy, a lot of Black people are going to be doing a lot of things that are anti-African.

Has anybody else in the United States fought for Civil Rights besides Black people or did we do all the fighting back in the day so everybody else could get over like fat rats?

Drunk and unruly fans are becoming more of a problem at football stadiums in the United States. Drinking, whooping and hollering is a part of any game, but it seems that White people are taking it to the limit of being pissy drunk. Once they get pissy drunk, it seems like they always want to get verbally abusive with other fans and fight. Then, you either have to beat their ass or get security to put their drunken ass in a cool-out tank. If you beat their ass, the problem is that then you become a bad fellow too.

Ants are the only creatures on Earth that make war besides man. They run campaigns, take captives and brutally kill their opponents with no mercy, just like man does.

The Negro Code- Pay attention and don't speak to people while you are on the job, on assignment, working, husslin' or frontin' like you working at a desk with your mind tied to your behind.

Keep an eye open for X-mass junkies that forgot that their bills still had to be paid. When you see new toys, new clothes and new furniture on the street, be kind and respectful, because they may have over dosed on chestnuts roasting on an open fire a bit too much.

Wigger GrapeVine news- White people will not discontinue their greedy, exploitative and suppressive practices merely because of the election of President Barack Obama. Anybody that believes otherwise is practicing wishful thinking.

98% of the Black people living in the United States work for non-Blacks. What kind of foolishness and madness is that Shawty?

There are pockets of inspirational programs and independent schools scattered across this country, but the vast majority of our children remain in educational institutions that are not only mis-educating them but also seriously under-educating them.

Brazilians confuse racial coexistence with racial equality. Black and Brown people make up a large percentage of their population, but hold few positions of power in the government. Make no mistakes about it; Brazil is a color-coded country with few upwardly mobile opportunities for it's Black citizenship. Sounds kind of like the United States!

European politicians and religious leaders are good at playing on Black people's fears. The pay-off is to build prisons.

A few of the interesting names coming out of Asia as far as the automotive industry are: Toyota, Nissan, Hyundai, Honda, Suzuki, Mitsubishi, Kia, Mazda & Isuzu. They are offering American consumers deals and warranties just as good, if not better, than their German, Swedish, French, Italian & American competitors for American dollars.

Do the States in the United States that want same sex marriage agree to have polygamous marriages as well?

If you say you love Africa and can't get along with or communicate with African people, you may be the first in line for the hypocrite of the year award. It may not be time to get rid of the "N" word. All knowledge that you have isn't worth a dam, if African people can't use it, won't use it or refuse to use it.

The Black men that travel or run down to the Dominican Republic, Brazil and Mexico for sex, must have a pocketful of money. Whatever the case, we hope that they find themselves, because they certainly are lost emotionally, physically, and psychologically as well as spiritually. The travel agencies and the people these Negroes are going to see know they are sick and have too much "creep" time on their hands, but take their money nonetheless.

Manhole covers are the targets of enterprising thieves across the United States. They are getting good money for them as the price

The Nubian Times

for scrap metal and recycled metal rises.

Latin American and Caribbean leaders from 33 countries met in a summit in Brazil in December. The meeting showcased the region's growing independence from the United States and welcomed Communist-run Cuba for the first time. This was the first time that Cuban President Raul Castro has went abroad since taking over from his ailing brother Fidel earlier in the year.

Right now there is an outbreak of the measles in the U.S. The outbreak is mainly a result of travelers who became sick overseas, returned to the U.S. and infected others.

White supremacists that infiltrate the military, without tattoos, overt racist insignias or documented histories of Neo-Nazi activity, are called 'ghost skins'.

The American Dream may be losing some of its hype. The failing economy & weak dollar are changing a lot of people's minds about coming to America. The lure of immigration to the U.S. is still strong, but peeps had better think before they commit!

Only a Negro can have a Black biological Father and then be "reborn" claiming they now have a White spiritual Father. Give me a

break. The “N” word will be around for a long time!

I NEED TO GET PAID YO. I, ME, MINE!

No matter what Barack Obama does as President, not all White people are ever going to love him and not all Black people are ever going to love him. So what's the problem? If you have a problem, take a wolf ticket and stand in line. Somebody will be calling your number shortly!

White people live off of 2 peoples economies- their own and Black peoples. Perhaps the White man's ice is colder. Is that right Shawty?

White people rarely get convicted of any type of crime against Black people.

If you don't believe anybody would do it, you'll never accuse anybody of doing it.

What kind of Black person believes that a Black person in the White House means that Black people have arrived, gotten over or gotten to the mountaintop? Don't answer unless you think somebody owes you something

Wall Street has a lot of Super Stars busting the American Ass with their “Greedy Funds”. Any of the good old boys can steal \$50 billion just like that and their crew gets bailed out with \$359 billion just like that, because they are so important. Just like superstar

athletes on the Wall of Fame, scratching each other's backs to the tune of “You Ain't Nobody”. Rip off

Judges within the Prison Industrial Complex work on the quota system. Newly built prisons have to be filled and prison labor had to do some work for below minimum wage. Some of the countries major corporations are invested in prisons.

European controlled missionaries are now flooding the African continent with Bibles, just as the Arab controlled holy men & women have been flooding the African continent with Korans. These books are translated into the Indigenous people's languages, but the pictures in these books show very few Indigenous people as characters in the many man-made stories.

You cannot call yourself integrating and at the same time call yourself getting economic and political power. What kind of fool is that? It may not be time to get rid of the “N” word just yet. What you think Yo

The Pacific Research Institute (PRI), a free-market think-tank based in California, released the U.S. Economic Freedom Index: 2008 Report, a ranking of economic freedom in the 50 states. New York consistently remains the most economically oppressed state, while South Dakota ranks as the United States most economically free state. You got your choice, the sticks or an urban wanna be nightmare.

How does a person ask, no beg for a job one minute, the next minute they talk about how they are being exploited. Why not just quit? They don't quit because they know that they would be replaced in 5 hot seconds. Speak not of exploitation unless you are willing to give up on the money with the big White

The Nubian Times

faces. A hypocrite is supposed to be exploited. I demand that somebody give me a job and steady income so I can buy my children some toys for Christmas. I don't want to organize. Give me some food and clothes while you at it. I don't want to think critically. Give me a roof over my head. I don't want anybody to use me, I want to do the using. Give me, give me, and give me! I don't wanna do nothin' but look good! I need to get paid Yo!
