MARS-HELL

(MARSHALL)

LAW IN EFFECT FOR ALL FEMALES!

Re-submitted by **MAGICK1010**

As of **2010**, it is mandatory that all females abide by State sanctioned curfew laws and independence rules. No females are allowed out of the house after dusk, unless accompanied by a male. Those females attending bars, clubs, churches or going to the mall, are only allowed to attend where there is proper male security. Female security, even with a gun is unacceptable.

All females riding in government cars, trucks, buses or personal vehicles, must keep all windows closed and doors locked.

Females are only allowed to work in an environment that has armed security, cameras, metal detectors and bullet proof glass. Proper identification must be worn and displayed at all times.

The only fashions and make-up females are allowed to wear is that designed by homosexual males and lesbian or bi-sexual females.

With Mars-hell law, females are never to be confident or comfortable. Females must always

MARS-HELL LAW TIME!

WHO'S GONNA STOP ME!

question how their face looks, their hair, their shape, their breast size, their butt size and who is suppose to rescue, save or protect them.

Females are never ever supposed to be confident or respected.

Females can have as many masturbation partners as they want of any sex or phenotype. No references or inferences to culture or heritage are allowed.

Partnerships lasting more than 1 hour can only be allowed by government license, permission and random computer selection.

Birth control is the responsibility of the female alone. The government shall provide females with the

necessary shots and/ or implants. Females should take precautionary backup measures, such as chemical birth control pills by mouth daily. If necessary, all abortions are a free service provided by the government. No insurance required.

Government rule No. 13 proclaims that all females having babies will be ostracized as enemies of the State. The State and career come first. Any children shall be deemed as the property of the State and placed in Public schools or State day-care centers for use in the military. Only impregnation with embryo clones is not frowned upon and acceptable. All females must pledge their loyalty to the Empire.

Only State sanctioned religion is acceptable for females, but no forms of spirituality are allowed within the borders and possessions of the United States.

Females are to be deemed responsible for the original sin and all sin. All females are to admit publicly, that they are created from the rib of a man. Females can only support State controlled and sanctioned religions.

All females, although outnumbering males by 8 to 1, shall be deemed as minorities and the weaker sex. There is to be no talk of woman's rights or strict disciplinary actions will be taken.

All females that follow rules will be given a monthly stipend or stamps. Sex for money or a job shall not be deemed as illegal

2

prostitution, but legal work. Those that follow instructions correctly shall be deemed as Head of Household, with a possibility of Rapid Refund.

Betting on female athletes is highly acceptable. Jock females are conditioned like men and highly trained. Women with mustaches, side-burns, deep voices and wearing coveralls or man suits should be of no major concern. Hormone testing has been administered to the satisfaction of the Empire. Female sports are inadequate and disallowed. Females must compete with male athletes. Anything else would be discrimination against males. Sexual discrimination is not allowed in any buildings or dormitories' controlled or governed by the State or Empire.

Fibroid tumors and hysterectomies are now a permanent fact of female life. State doctors, psychiatrist and therapy centers will help its female citizens with unfortunate circumstances.

Military service for females is mandatory, but limited to 10 years in combat zones. All females must be fitted with body armor, steel-toed boots, camouflage gear, bullet proof vests and metal helmets.

Females shall be given State sponsored propaganda, degrees, training and instructions for maintaining survival in the Empire. Rote memorizing of information is required. Anyone resisting shall be imprisoned and the free will and spirit whipped out of them.

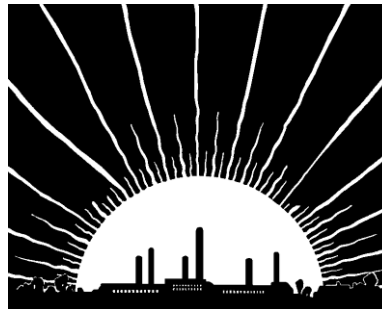

White females will hold dominant positions to any other females on the planet, regardless of age, race, creed, religion, nationality or ethnic persuasion. White will symbolize barren = sterile = unfruitful.

No females are allowed to think for themselves. They must have motivational speakers. Females that

try to think too much will be deemed as enemies of the State and punished accordingly. Retiring from your slave cubical will not be an option, unless a suitable replacement is appointed by the State.

During conditions of Mars-Hell, some females shall become so lonely, miserable, desperate and whack, they will pretend that other females are men. The AMA has deemed this behavior as normal, acceptable behavior and a fact of life in all areas controlled by the Empire. When given the proper license and income deemed suitable, females will be allowed to cohabit with other females. Females that do not conform to the Empires rules and regulations will be ostracized, condemned and symbolically stoned to death.

EUROPEAN FACTS

SUBURBAN LEGENDS

(RUMOR CONTROL)

White people are ashamed to admit that they are fearful and afraid of White genetic annihilation.

The United States represents the largest destination in the world for people dealing in human trafficking and people being dealt with as commodities. Human traffickers thrive in areas where they can operate without fear of prosecution.

The Nubian Times

It was the Europeans that invaded China and sought to colonize its people, but these same Asian people now glorify the Whites of the Western world. More and more Chinese are starting to bleach their skins.

Iraq has Universal Health Care with the help of American taxpayers. Israel has Universal Health care with the help of American taxpayers. The United States does not have Universal Health care and it taxpayers (Americans) have to compete against each other to see who can be seen by a nurse or a doctor.

American soldiers are treated like run-away slaves or throw away toys. Once a soldier has been used, they are labeled violent and their usage dwindled. Offers of token "benefits" don't always quiet the "demons" that have been turned loose in their heads by Government deployment.

One of every three Black women living in Euro-centric belief systems has fibroid tumors. Over 700,000 African-American women are sterilized each year. Of the 750,000 hysterectomies performed each year in America, well over 90% of the patients are Black.

Whites continue to constitute a majority of abortion clientele in private clinics and doctors' offices. Numbers of abortions by Whites are not always reported accurately, because private physicians are not required to report their numbers. Caucasians continue to kill their young in record numbers.

Between World War I and World War II, Caucasians killed over 100 million of themselves. This is a fine example of White on White violence.

In Caucasian religion, many clergymen actually became Cardinals in return for their sexual services.

Many social networkers are handing over their personal information and life story on a silver platter. Any identity thief and con artist can go onto Facebook or Twitter and with very little prodding and friend requests, get all the info they want about most users, their friends and family. Networks, because of idiotic behavior of many of their clientele, are being monitored and may not be as private as some people think they are. Hackers are watching as well as law enforcement.

Switzerland, Spain, France & Germany all “experiment” in giving out free needles to drug addicts in return for their dirty, used needles.

If you don't act the way that White people want you to act, White people have the impression that you don't love them.

Caucasians invented slavery, deriving from their bondage of Slavic peoples. Caucasians were the 1st people to build prisons and/or dungeons in Europe, the Americas and Afrika.

The United States of America is not a country of laws, but a corporation with creative interpretation of laws.

In the United States, anyone can be homosexual, bisexual or gay. There is no true history of discipline or morality.

The Constitution of the United States is designed to protect the rights of minorities, protecting the 1% (minority) that control 70% of the wealth.

Going into the new millennium, Switzerland had the highest number of drug addicts in the world.

In nations ruled by Caucasians, there are more people making a living off cancer, than there are people with cancer. These numbers

dictate that a cure will not be found any time soon.

Caucasians are not only having problems having sex, they also have problems having orgasms.

In Caucasian dominated lands, a lawyer's first duty is to the court. Their second duty is to their incomes. Duty to their client comes at some point after that.

When Americans turn on their water spickets, they are getting water that exceeds the legal limits for dangerous contaminants by their own government's specifications. For years, many of their major cities have been manipulating their finding and results used to detect lead and other toxic chemical in their water. Cancer risk among U.S. citizens drinking chlorinated water is as much as 93% higher than among those whose water does not contain chlorine

There are roughly 700,000 African-American converts to Islam living in the United States.

Ten of thousands of members of a racist legion operate openly in every corner of the United States—men, women, juveniles, extended families, cells, gangs, churches, clans, militias, border armies, all engaged in what they consider to be a war to the death against non-white America.

The United States is a republic that was never established to recognize any rights of people that were imported there from Afrika.

In Caucasian dominated societies, the upper class commits far more crime than the lower class. For example, in the United States, street criminals stole \$15.3 billion in 1993, but white collar-criminals embezzled \$200 billion.

On all social occasions, when White people are together and there are no Black people around, White

The Nubian Times

people talk negatively about Black people and it is assumed that everyone who is present understands.

CRACKHEAD NEWS

WTF EDITION

Nothing comes out of a healthy Black mind and body that has a White savior. WTF! Images like these only come out of a nasty, filthy, racist mind. Crank heads always claim they are not racist, but their actions, symbols and behaviors always prove different. Anybody with a healthy mind, coming correctly at the world, knows that all Messiahs are Black! Black people have never had a problem saving themselves or other people.

Your face could be the new face of White Supremacy, if all you got on your mind is helping or placating White people. This would make you a WANNA-BE Shawty!

If the White dude that made Avatar is an example of a White person that is not a racist, then these Negroes that work at television networks, newspapers, radio stations and White Houses have a lot of explaining to do. Even Uncle Toms have to get some balls some time. Even Aunt Jemima had to do something besides make pancakes. WTF!

White women pump or inject collagen into their faces to get rid of wrinkles or to plump up their lips. There are 2 kinds of collagen; Bovine collagen is derived from the tissues of a cow and human collagen is a bioengineered product that comes from a human donor or is brought from a dealer of body parts. The only other way to plump up your lips is with fat from your own body. WTF!

There's no such thing as a 'natural' disaster. 200,000 Haitians have been slaughtered by slum housing and IMF "austerity" plans.

Attorney General Eric Holder and Mr. President have come out with some strong comments about Black men and responsibility, but both are weak when it comes to Reparations for Black people and the Black Family. We all know that racism constantly rears its ugly face in America. That is nothing new to Black people. But to have 2 Black men fighting terrorists so that White people can live comfortable and are not terrorized, while Black people continue to fight 500 years of terror, profiling, under employment, under housed, bad education and from this White privileged society is a contradictory bunch of bull shyt.

The more Black people the United States "authorities" put on "NO FLY", the easier it will be for a disgruntled Wigger to blow some plane, jet or aircraft up! Just you wait and see. Don't think all Wigger s think everything is great! Too many of them put action behind their mouths. Cave men don't play dat shyt!

Each Black man is responsible to do everything within their power to prevent their daughters and sons from being trashed.

Each Black woman is responsible to do everything within their power

to prevent their sons and daughters from being trashed.

The White woman's movement was a false war that turned African women into soldiers. The women who participated became deadly soldiers against their own interest, against their own men, against their own families, against their culture and even against their own future. By the way, gay movement is in full effect Shawty!

Human trafficking is the fastest growing illegal industry in the world and, by 2010; it is predicted to surpass the illicit drug trade, which will make it the world's largest criminal activity. White people (Europeans) have never been charged and have never paid their dues for human trafficking. What goes around comes around Yo!

The only thing worse than being young and sick and tired of the bull shyt is being old and sick and tired of the bull shyt!

The gender differences celebrated and worshipped by our ancestors since the dawn of time, are the specific targets of attack by feminist. For over 35 years they have mounted a specific attack against proper gender conduct. It once was...do you know where you children are? Now it's...do your children know what they are?

Shaquille O'Neal should be shot up his big azz with a Krispy Kreme donut. After bitching about his biological father not doing right by him not so long ago, this scrub does

The Nubian Times

the same thing to his family. Now the big azz is running around the country with some White girl acting like he is in love, while his wife & kids see and hear about his handy work on TV and radio. Shaq must think his money makes him better than his biological father. Lord help us if the Father that raised him and his Mother are down with his current actions. Peeps always did say that boy was kinda off!

Blame the shortage of jobs and peoples lack of morality on Hip-Hop. Well, that's what Yappers tried to do for so long. It just might be Hip-Hop artist that turn your consciousness around. Only time will tell. One thing for sure...it won't be silence!

Good Ole Boys network just like everybody else, only Good Ole boys don't need Twitter. Linked or Facebook. They got the money to pay you to sit on your behind and do nothing cheaply all day. Good Ole Boys still meet in smoke filled back rooms and make decisions about what your children are or are not going to get for Christmas. Good Ole Boys are government funded Yo!

Some azz hole Yo boys think that you are talkin' that "Sixties shyt", if you call them Brother and you down with your people, wanting things to change for the better.

R & B isn't primarily made for school teachers. Not many people make recording wondering if their English, Science, Math, Home Room or for this matter, their Music teacher would like it. The rhythms and beats are made for another section of the public. The same can be said for Hip-Hop! It may not fit and nobody is trying to force it except for the advertisers. One thing for sure...bad words are a sign of bad times, whatever bad words are. When things are tight, a lot more people will be drinking,

5

fussin', cussin', huffin' and a puffin'. Puff, Puff! WTF!

Some azz hole Yo girls think that you are talkin' that "Sixties shyt" if you call them Sister, treat them respectfully, are down with your people and want things to change for the better.

Pandora's Box is where you at Yo. With a retarded, crippled Avatar azz White boy coming to lead & save you from his murderous people and a sick & decrypted Avatar azz White girl coming to teach you and your ignorant azz children how to speak their language, so your children can communicate and please the rest of her murderous people. By the way, they want to dig your planet up, steal and copyright everything you create, every sound that comes from your mouth and control all your behaviors so that one day, 4 or 5 hundred years in the future, y'all might have a Black President. Can you say...Great White Hope!

If you think that the Democrats are going to take care of you, something must be wrong with your azz. You been messin' with that Xstasy too much or got it mixed up with some date rape drug or something, but whatever it is you took, you ain't right! WTF!

From 1825 to 1947, France forced Haiti to pay an annual fee to reimburse the profits lost by French slaveholders caused by their slaves' successful uprising. Rather than enslave individual Haitians, France thought it more efficient to simply enslave the entire nation.

Black GrapeVine news- Black people in the Americas are starting to have a proliferation of institutionalized "educated sissies", brought into existence and trained by Albinoids. These double agents have convinced their people that training is the same thing as education. The masses of Black people had best put together some serious "ghetto scholarship" or what is left of their revolutionaries for change will continue to stay in a stagnant state of confusion. Yelp!

Adobe products, especially its Acrobat Reader and Flash, are likely to replace Microsoft Office as the No. 1 software target, according to McAfee Labs security research.

Tom Joyner is Bill Cosby in reverse. Joyner gets in front of Black people and clowns, but when he gets in front of White people he plays like he is dead serious. Bill Cosby gets in front of White people and clowns, but when he gets in front of Black people he tries to play dead serious. You should have a hard time figuring out when either one of them is clowning.

Back in the day news- It was nothing to see Irish, Italian, Jewish, Russian and other European gangsters and gangs glamorized on television. Times have changed somewhat. Now when you see groups of Arabs, Nicaraguans, Mexicans, Jamaicans, Afghans, Nigerians, Iraqis' or any other groups of men with some color, they are called terrorist. Go figure. WTF!

Wigger news- There is crying in baseball. A whole lot of crying, lying, cheating and acting like little b*tches. It seems that a few cave type boys, playing this cave people game, thought that steroids and human growth hormones were the "great equalizer" to make them manlier or whatever. When pulled up by cub reporters, the only thing

The Nubian Times

they can do is cry crocodile tears after they'd made "millions" bilking other cave people that pay to see them play. Now all they have to do is apologize like politicians and bank CEO's. WTF!

Back in the day, not so very long ago, Saddam was the Boogie man. Then Osama was the Boogie man, living in a cave someplace. Now, Al-Qaeda is the Boogie man, with a bunch of disciples flying planes, living in mountains, deserts and all over the planet. White people have got to get more soldiers and more guns to save us. Next week...you might be the Boogie man. Americans are profiling everyone with their machines & computers now!

Iraqi insurgents have reportedly intercepted live video feeds from the U.S. military's Predator drones using a \$25.95 Windows application that allows them to track the pilotless aircraft undetected. Rumor has it that the terrorist brought the app from Wal-Mart, K-Mart or Radio Shack. This investigation is pending, but it was probably downloaded online free for 20 days as a trial edition.

People that call themselves Native Americans will not know or remember that they originated from Black people if they attended the Andrew Jackson elementary school of thought or the General Custer middle school of behavior. WTF!

Back in the day, 1991, the number of female Black prisoners passed their White counterparts for the first time.

Back in the day, 1993, the number of Black male prisoners surpassed the number of White prisoners for the first time.

Rumor has it that White people might replace Oprah with Tyra Banks or Snoop Dog. WTF! Tyra probably would make the best Mammy for them. Snoop says he

6

could deal with men's issues and his wife could handle the women's issues. Whatever! Somebody just have to put some crocodile tears out there and make White people feel like they are loved and their needs, wants and desires are being taken care of. Gail, Oprah's girlfriend, might as well retire and keep on rubbing and riding Oprah's back.

Bloggers can now advertise on their blogs. That's not new news, but somebody thought you might want to know that blogs are selling out too. Sooner or later you favorite blog should have skin cream or naked White girls popping up daily.

Wigger news- White boyz would like it much if all CHICKEN HEADS were Naughty Girlz & freaks in public 24/7. Their philosophy is that they must have sex with a (Chick) CHICKEN HEAD to become a man, as long as she stays in that under class stage, LIVIN' GETO FAB. They want a White girl on the **THRONE**, but they want a freak up in the bed! By the way, where you comin' from Yo? Who and what is a Chicken Head? White girlz are the original Chicken heads! WTF!

The more Black people keep treading on White people's rainbows, the more White people, especially White women, will have treatment resistant depression. You better believe them cherries Boo.

Mercenaries can easily help impose Marshall Law because they have no allegiance to the people.

Moor Wigger news- Wigger kids, those who have lost White privilege, now are becoming the equivalent to rats begging on the streets of many American cities. Their elders have convinced them that Obama and Immigrants have taken their future away. They confused big time Yo. Someone like George Bush, Bill Clinton, Daddy Bush, Corporate Takeovers,

Trade Agreements, Country Takeovers and Bank Bailouts don't enter their consciousness. WTF!

If you don't drink enough water, exercise and keep on eating junk food, you could end up with irritable bowel syndrome or disease Yo. You gotta get your mind, your gut and your azz on the same page or risk some doctor treating you with drugs and machines Homey!

Negro talk show hosts make you think White people are just starting to act up. Its like "wake-up", our White folks is startin' to act up! Niggah Please! You the one that is brain dead, but think you educated!

Women can work the system by having children by different men. If a woman has two children by the same man, the mother would receive about 25% of the father's income, but if a woman has two children by two different men, she can receive 20% of each father's income Yo. Then peeps wonder why they call them out their name.

By now, White people have got more drugs, weapons, cars, trucks, planes, dogs, cats & diamonds and are financing another war with the money they made off Black people spending Benjamin's with them at Christmas. WTF!

The Holy Christian contest- How many times during the course of a day can you say Jesus Christ? Not how many times can you do his good works, but how many times can you use his name in vain!

The Spanish kicked the Moors out of their territories in 1492. Anybody left after that was integrated and assimilated or they would be exterminated. Anybody that didn't act like they know... was burned at the stake. A lot of Black women were put to death by fire Boo, because they wouldn't kiss Cracker ass. You better act like you know or be labeled a terrorist.

The Nubian Times

Pucker those lips up or else it will be a cold winter Cholas!

Europeans have created a huge market for human body parts, human fetishes and human placentas. It's obvious what they want with body parts, but the fetishes and placentas are used for make-up, lip sticks and anti-aging creams. In other words, hoochies are putting fetishes and placentas all over their faces. WTF!

It is very hard to figure out your nationality when you have a vampire on your back sucking blood from your neck and you don't know how to fight. This is especially true when several dimwits around you are trying to negotiate and make treaties with the vampire. A few more are trying to show that vampire their resume or portfolio and the rest of your family is asking that vampire for a check to get their teeth fixed, so they can be a vampire too!

Moor Wigger news- If Albinoids, sometimes referred to as White people, lie when they speak...only a fool would think that they tell the truth when they write. Take that paper and stick it where the sun don't shine. WTF!

We heard that you pay more for your car, gas and insurance than you pay for your crib. Yeah son, we know you live in a crib and your girl is a crib dweller.

Now we have Black intellectuals crying about the rape of ancient Africa culture while they assimilate and get paid for the most bizarre,

destructive anti-African and anti-human cultural changes the world has ever known.

Christianity is the drug of choice for most Crank Heads in the United States. Islam is a close second. Cheap wine is distant third and top shelf liquor is a close fourth. Somewhere down the line crack, heroin and cocaine come into play. WTF! Any religion that has a proliferation of women haters must be filled up with Crack Heads! What kinds of males are afraid of women? You only be afraid of women if they are blood sucking vampires! WTF!

Many of the Mexican criminal networks notable for narcotic trafficking are also involved in human trafficking. Africans came to the U.S. on boats, while many a Mexican came on the back of a truck, with neither group ever really knowing what the future holds.

In a state where men and women are constantly battling each other for survival and domination, not unity, the outcry will always be one of liberation from each other.

At the rate that Mexicans are pouring into the United States and beefing up their minority status, the U.S. should consider Making Mexico one of its States. Then all Mexicans would be U.S. citizens and we wouldn't have to play the "population" games and perhaps much of the hostilities of the Border Patrols would cease. Most of the Southwest was originally their land before Spanish colonization and the slavery (Big House) thing anyway.

African-American women have some other men, besides their own, practicing domination and ruler ship over their households. As long as this situation exists, everywhere the Black woman tries to build will be considered the ghetto.

Only Black people will let other Black people go into politics or sit on their azz down town all day long and sell them out, kiss azz, buck dance, boot lick and snitch, then let them come back home, put on their shorts and barbecue some steaks, while you just sit there and look at them.

Moor Wigger news- Freedom is just another word for nothing else to lose. Caucasians never had any land they could really call their own. No natural resources and not much of a legacy except for destruction of themselves and any persons, places or things they have come in contact with.

WHAT THE F#@K!

Everybody's got an opinion, but not everybody has the sense they were born with.

When there is a Black Secretary of Housing, Black people go

Not one White man has ever been convicted or executed for slavery. WTF! Millions of Black people are buried under the sea and have been beaten, broken and raped, but not one White person has ever paid a price. WTF!

The aircraft carrier USS Carl Vinson finally showed up after three days in Haiti without *any* emergency relief supplies. It has sidewinder missiles and 19 helicopters.

Poor is the man that doesn't have a woman who is a Godlike Goddess! Sometimes it seems like bums are taking over this spot.

How did I know that when they say a day late and a dollar short...they were talking about you Yo?

White people now want to be able to pick their neighbors and decide who lives where and why. The more things change, the more they remain the same.

Gangsters don't wear Nike, Reebok, Addidas or Timberlands. They wear suits and work downtown. WTF! You stupid!

When times are hard, White people and Black people get a chance to stand in the un-employment line and crowded welfare office together, one big happy family. Sooner or later they have to leave this "LOVE IN" and go wherever! It's when times ain't so hard that I worry about. As a matter of fact, I can't remember when times weren't hard. Back to the Future!

Black GrapeVine news- Rumor has it that Baltimore had a Hoochie girl that went from Head of their City Council to Mayor, their top elected official. Now, after having a kangaroo court trial, she's being run out of town before sundown, because of misconduct and improprieties. WTF! Hoochie girls supposed to drop it like it hot.

Human trafficking plays upon the image of a woman as a commodity, and commercializes the female body.

Artificial breast are not natural; neither is an artificial penis. Extensions and fake nails are not natural. Neither is having a doctor cut the fat off of your body with a switch blade. Now do you have a better idea of what "gong natural means? WTF!

Most of your rappers now are field Nyggas that want to be house Nyggas. Yelp!

Colors of Black oppression globally: **RED, WHITE & BLUE**

When White people call Black people monkeys, in whatever language they use, somehow a few Negroes don't think that these White people are talking about them. For whatever reason, they feel they are some kind of an exception to the rule to the people from Whiteville.

We have moved from a people of struggle and sacrifice to a people of pleasure & luxury. The only way to have pleasure and luxury is when you have someone to dump on. The only people Black people seem to have permission to dump on is each other.

Anti-Africans favor the Black woman in bed, but don't favor her outside of it.

How are people that have been raped, sodomized, tortured, scalped, beaten, marched, scattered, slaughtered and murdered for 500 years suppose to act?

On the one hand you think you perfect and got it going on Shawty. But on the other hand, you buy into "the Original Sin", then get "ghosted" and that makes people laugh at your clownish behaviors. Where my dawgs at?

President Olafur Grimsson of Iceland had rescue teams in the air almost immediately to Haiti. The International Search and Rescue Team, fully equipped and self-sufficient for up to seven days in

the field, deployed immediately with ten metric tons of tools and equipment, three tons of water, tents, advanced communication equipment and water purifying capability. They're from Iceland. China deployed rescuers with sniffer dogs within 48 hours from 8,000 mile away. Give thanks! In 3 days, President Obama and Defense Secretary **Robert Gates** sent 2,000 Marines. WTF, 3 days! Miami is only 700 miles away and the U.S. has military bases on Puerto Rico, only minutes away. WTF!

Hatshepsut, the only woman to be pharaoh of ancient Egypt (Kemet) had 2 children.

The Otomies of Mexico, the Caracols of Haiti, the Matayas of Brazil and the Albinos of Panama are the remains of the early Afrikan presence in the Americas, which now are known as Native Americans.

There are significant African communities in London, Paris, Madrid, Rome & Berlin. All located in Europe as part of the Afrikan Diaspora.

The NAACP in the United States was started by the Jews to co-op the NIAGRA movement.

Black elected official and not a Black political representative. There is a difference. A Black elected official is only beholden to his or her white, political endorsers and handlers. They write the political menu and Black voters select the dishes.

To people of color, the terms faggot or lesbian don't always have anything to do with sex, but always have something to do with weak!

Afrikans invented paper and papermaking. Paper was made from papyrus, hence the name.

There is no place where the Black man and the Black woman can live in honor and dignity without each other.

Black people, being the original genetic template, are the only fully normal people on the planet.

1675 BCE was the first foreign invasion of Alkebu-Lan (Afrika). Egypt was overrun by Hyksos, invaders from the Banks of the Oxus River, around the so-called "Fertile Crescent." These were the first of the so-called "Semitic Peoples" in Africa.

Much of the food grown in Afrika is consumed by Europeans, not Afrikans. Cash crops!

The Mother Bethel African Methodist Episcopal Church in Philadelphia, founded in 1787 by Rev. Richard Allen, is the oldest parcel of land continuously owned by Africans in the United States.

A "City of Yahweh" has been discovered under the Great Pyramid complex in Giza, Egypt. There are subterranean rivers and kilometer-wide lakes being explored in this 15,000 year old metropolis.

Native Americans found that Africans had 'Great Medicine' in their bodies. They were virtually

immune to European diseases that decimated most native populations.

Africa and Africans did not have a problem with cancer until they adopted a more western lifestyle, adding meat & refined sugar to their food intake.

The deeper you goes into your collective mind, the Blacker it gets.

More Africans were imported to the Western hemisphere than European immigrants until after the US Civil War.

Thomas Edison offered George Washington Carver \$100,000 a year to come and work for him, but Brother Carver thought he could do more good teaching at Tuskegee Institute in Alabama.

The heritage or tradition that Black people in North and South America inherited from Afrika was a culture of high morality and high discipline.

During the Trans-Atlantic Slave Trade no Christians came from Afrika. None of the kidnapped Afrikans were Christians. Africans were forced to be Christians when they were enslaved in the Americas.

Slavery was abolished throughout the British Empire in 1833.

Nothing can make Black people further apart than supporting the criminal that has enslaved and colonized our people for almost 5 centuries.

The first treaties with the Indians were written at Jamestown. The first treaties with the Indians were broken at Jamestown. The pattern of broken and dishonored treaties, which began at Jamestown, continued westward to the Pacific Ocean.

When the force of life moves between a man and a woman, the Afrikans call it a holy act. There

The Nubian Times

are no illegitimate children to Afrikans.

There are Blacks that live in America, that are Americans culturally. They hate other Black people literally.

Most Black people in England, the United States and other places that are Caucasian dominated, still eat like they live on a plantation.

Egypt has for thousands of years been ruled by foreign and lighter-skinned invaders -Persians, Greeks, Romans, Arabs, Turks, the French and British. Large sections of the modern Egyptian elite still trace their ancestry to Balkan, Caucasian and Turkish roots. Blacks have not really ruled in that area since Kemet & Nubia.

Afrikans in America should stop calling our ancestors 'slaves' because they were kidnapped free people who were made slaves. Our children think we were brought to this country as slaves, that we were already slaves when we got here. But we weren't slaves in Africa and then just transferred to America. We were captured and then enslaved here. There is a real difference.

There was Black ruler ship of the Roman Empire in 193 AD with Afrikan born, Roman Emperor, Septimus Severus, a full-blooded Afrikan.

The world oldest mine, dating back 43,000 years, was discovered in Swaziland. There the Afrikans mined hematite, a source of iron.

More Black men went to jail under NAACP Image Award winner Clinton than under Ronald Reagan.

Whenever Afrikans speak of any natural advantages that we Afrikans have on this planet, such as melanin, Europeans get hostile.

We must not only know our culture, but we must reproduce it.

The Nubians, who are still under the spell of the Amorite, still believe that the Pale man excels him in most things, including physical beauty.

In every country where Black men and women do the hardest and most dangerous work for the lowest wages, under the most terrible conditions imposed upon them by the imperialists, we see the vast majority of the Negro middle-class leaders, lawyers, preachers, doctors, and politicians, deserting the workers and unemployed toiling masses and going over in the most brazen fashion into the camp of the White capitalists and landlords.

THE GOSPEL ACCORDING TO AFRIKANS

(OUR STORY)

These quotes, like the Nubian Times, go around the world to Asia, Afrika, South America, Australia, North America and Europe. We do not cater to any particular area or any particular region. The main writing language we use is English, but there are Black people that take the time to break things down for their people and translate the Nubian Times into over 50 languages. Don't you dare for one moment think that you are

alone and other Black people don't have a clue of what's going on! We are using technology to bring you just a bit closer to your brothers and sisters across the planet. The closer we come together, the less likely we are to hurt each other. The less likely we are to hurt each other, the more we can deal with the few enemies we have within and spend some time ending our oppression and laying this Beast to rest!

ARABS ANTI-FEMALE

The Gospel According To
Ginger Daniels

“Islam is not an Anti-Female religion. This anti-female way of life is a tradition of the Arab men. There are millions of Muslims throughout Africa that are not anti-female, as well as the world over. This is propoganda and not wise to judge an entire religion based on Arab behavior. Arabs were Anti-female long before Prophet Muhammad came on the scene. These traditions carried over into their religion, although there is no record of Muhammad ever teaching his people to be "anti-female".

THE AMERICAN NIGGER FACTORY

The Gospel According To
Del Jones

“A slave mentality only sets our children up for military service. It only sets them up to be used and abused. They can't measure this culture. It's up to the parents to measure the culture. It's up to the parents to clean out that culture and sponge the foolishness and keep movin' and groovin' to the future. But if we are not organized we cannot punish our enemies and bring forth a new day.”

The Nubian Times

SYSTEMATIC OPPRESSION

The Gospel According To
Dr. Frances Cress Welsing

“A system is not going to train the people that it needs to oppress. It is not going to give them the information that would allow them to checkmate from the Black side of the chess board.

READING

The Gospel According To
Dr. Frances Cress Welsing

“Reading is more important than watching TV.”

MELANIN

The Gospel According to
Dr. Richard King

“Melanin, by its ability to capture light and hold it in a memory mode, reveals that blackness converts light into knowledge”.

WHITE POWER IN BLACK FACE

The Gospel According To
Omali Yeshitela

“We recognize that Barack Hussein Obama is white power in black face. He is a tool of our imperialist enemies and we demand our freedom. And we demand that Obama withdraw all the troops from Afghanistan right now.”

A WORD TO THE SISTERS

The Gospel According To
Assata Shakur

“Black people will never be free unless Black women participate in every aspect of our struggle on every level of our struggle. I think that Black women, more than anybody on the face of the earth,

11

recognize the urgency of our situation. Because it is We who come face to face daily with the institutions of our oppression. And because it is We who have borne the major responsibility of raising our children. And it is We who have to deal with the welfare systems that do not care about the welfare of our children. And it is We who have to deal with the school systems that do not educate our children. It is We who have to deal with the racist teachers who teach our children to hate themselves. It is We who have seen the terrible effects of racism on our children."

NATION WITHIN A NATION

The Gospel According To
Dr. John H. Clarke

"With all of our faults and all the things that are crippling our development, we are a nation within a nation, looking for a nationality. Once we find that nationality, our relationship to Afrika, we will join others in marshaling our true strength, our peopleness, and our nationness once again. We'll stop answering to the term "minority." We will stop acting like a minority. We will stop feeling like a minority. We will know then, that we are world people."

RECONSIDER

The Gospel According To
Dr. John H. Clarke

"We need to reconsider the 19th Century Black man and woman, who were tall in comparison to what we are right now. They made less excuses. They had more hardships, and they faced them better. They had something we don't have, they had less detractions: no television, no radio. They had their work, and the

church was the main outlet. Spiritually, they held themselves together. Culturally, they held themselves together."

NO MAN AT HOME

The Gospel According To
Dr. Jawanza Kunjufu

"If a girl is reared in a household where she has never seen a man, than she is led to believe her Ma Ma can do it all. She does not know what men do. Than the first time that he doesn't do what she wants him to do, then it's time to go."

"To marry a sister that has not seen a man in the home can be suicidal."

SEXISM vs. SLAVERY

The Gospel According To
Dr. Claud Anderson

"Blacks could produce, but never enjoy anything. White women may have been denied the opportunity to produce, but they can enjoy anything, anybody can come up with. They sat on the porch and drank Mint Juleps while Black folks picked cotton."

"The issue in this country in slavery had nothing to do with sexism. It had to do with male-ism. Approximately 67% of all the slaves brought into this country were Black men. That's who they were trying to dominate. And they are trying now to exterminate them. That's who they are after, because they know that if they deal effectively with the Black man, the White women and her children are vulnerable to do anything with."

NOTHING'S CHANGED!

The Gospel According To
Dr. Claud Anderson

"In 1860, 98% of all Blacks in America worked for White people. In 2001...98% of all Blacks in

The Nubian Times

America still work for white people."

"In 1860, Blacks in America had a combined net worth of one half of 1% point. Guess what, . . .in 2001, after Civil Rights, Jesse Jackson, Oprah, Shaq, NAACP, and the Urban League, our combined net worth is half a percentage point!"

CONTEMPORARY LIBERAL

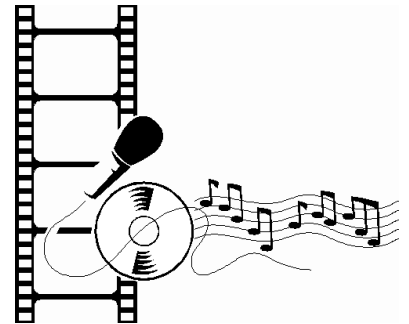

The Gospel According To
Carl Patton

"As the contemporary Civil Rights Movement grew and developed, there was evidence of God-fearing men. However, as Martin Luther King made his transition, most if not all of the Civil Rights Leaders have become Charlatans of the Highest Order. Thus, they have paved the way for the contemporary Liberal as a man who does not Know God."

RISE OF ISLAM

The Gospel According to
Carl Patton

"The rise of Islam has not been solely due to White Racism in Christianity or Racism in America but due to the ungodly Preachers that distort and defile the Bible."

BULLET PROOF

Load It, Cock It, Aim and Shoot
We bang, bang, bang, bang, bang,

Some will die over oil kill over land
Charge you for taxes and Blame Uncle Sam
Read you your rights and charge you for nothing
Now who's really gangsta
And tell me who's frontin'
Murder your sons, ravage your daughters
Here overseas and across the waters
Tanks and missiles, bombs and grenades
Inject the land with guns and aids

THE MATRIX

Morpheus

"Unfortunately no one can show you the matrix. You have to see it for yourself."

RHYTHM & VIBES OF LIFE

The Gospel According To

Booty Adams

"Feel lucky if you are young and vibrant and down with RnB, Blues, Jazz and Afrikan beats. If all you have is exclusively Hip-Hop or Gospel you are one dimensional. And that's for sure! Nothing is wrong with either of these genres that we created, but you have got to get your rhythms and the vibes of life right. You've got to know the language of the people."

STRANGE BEHAVIORS

The Gospel According to

Booty Adams

"When Black people participate in "strange" sexual behaviors, they cannot be fruitful and multiple. You can mess around with fads, habits, trends and illusions from other cultures if you want to, but one day you'll wake up to find yourself disappearing, at zero population growth. Nubians do not come forth from the spiritual realm

to the physical realm just to play some games and then disappear.

THE CHESS BOARD

The Gospel According To

Sistah Souljah

"A Black Queen has no business on the enemy's side of the board unless she is there to wipe the enemy's pieces off and put them out of the game."

EVEN UP THE SCORE

The Gospel According to

Ida B. Wells

"I felt that one had better die fighting against injustice than to die like a dog or rat in a trap. I had already determined to sell my life as dearly as possible if attacked. I felt if I could take one lyncher with me, this would even up the score a little bit."

DOUBLE AGENTS- BLACK LEADERS

The Gospel According To

Attorney Alton Maddox

"The people that Black people put into office, the people that they call leaders are actually double agents. They appear to be working on your behalf, but they are in fact working on white folk's behalf. That's a double agent."

BLACKS IN TROUBLE

The Gospel According To

Attorney Alton Maddox

"If I had turned my back on my ancestors, I would have found many friends in New York and would have been living high off the hog. Black people will support you with their lives and their finances if you betray your divine ancestors. But see Exodus 20:12. Also, list the churches that display a Black Jesus.

The Nubian Times

This is the dilemma for Blacks surviving in a racist society."

BLACK LABOR, WHITE WEALTH

Dr. Claud Anderson

"Now after a Civil War, Emancipation, World War I, Reconstruction, World War II, Great Depression, Korean War, Viet Nam War, and Civil Rights movement, the wealth in this country has not shifted one iota, because Whites got such a lock on it."

"From now on, for Blacks in this country, the issue has nothing to do with all these superficial issues. It has nothing to do with equality. It has nothing to do with sexism. Has nothing to do with poverty. It has to do with who controls the resources and power and wealth in this society!"
