This DVD hit the streets in 2009, without much play or fanfare, but it's a winner. Not because it's a great movie, but because it's got that flow. It started out like one of those "B" movies that could have been made in Grandma Gracie's basement, but the Sistahs in the movie slowly drew me into their world of intrigue. It's all about how these three fine as hell Sistahs that want money, need money and eventually lose their way in that hunt for the money. Sound familiar? They call themselves the "Jack Squad" and they set it off by ripping off whomever they can. The movie is full of twists and turns and won't put you to sleep. Make sure you pop that buttery popcorn and get you a tall glass of Pink Lemonade Kool Aid before it starts. Pay close attention. You don't want to miss a thing. See if these honeys know their business. Now this movie won't win any awards, but it will make you tell a friend or two to check it out. Like I said, it's got that flow! Most of the cast was unknown to me before I

checked it out, but I hope to see them again in the future. By the way...watch your pockets and

DAIRY OF A TIRED BLACK MAN

Featuring:

Jimmy Jean-Lewis

Director:

Tim Alexander

I had this movie for 2 weeks and wouldn't watch it, because I thought it was some kind of

comedy, in the vein of Tyler Perry or something like that. My life is not dull, so I don't especially look at too much slapstick. Anyway, the start was slow, then after 2 minutes it caught me completely off guard. I sat there trippin' for the next hour, as this movie dived into the complex relations between Black men and Black women. This probably was one of the first docu-movies that I liked and felt and it made me feel entertained at the same time. Some of the Black folks commenting were funny, but for the most part, a lot of what was said was dead serious. This was another one of those movies that makes you want to hear every word. It lets a brother know that somebody else is feelin' what he is feelin' and let's me know that there are some Sistahs out there that are strong enough to hold down the fort, while others are just funning, gaming and having pity party chats.

Now if you really want a movie, this is not for you. But if you want to see what future Black productions are to be like, you had best check this one out. This movie didn't contain a lot of woman bashing or dogging of men, but tried to display many of the relations we find ourselves in.

This is a movie you might not want to spend too much money to see and a movie you won't refer to anyone with a smile on your face. This movie is about a college student that gets drawn into gang life, with a New York gang called the Decepticons, but the members of the gang all know that he really doesn't belong. The movie is filled with deception, murder, mayhem and gang banging. The problem with this movie is that it just doesn't flow well. There are a lot of rough edges and too much confusion. Half the time I got the characters mixed up and lost track of the storyline. This picture had potential, but that was lost because the characters were too hard to relate to from my point of view. I can't remember any family life, only a barbershop. Most of the relationships were hazy. I can't even remember if there was any soundtrack to the movie. I hate to be negative, but this movie did nothing for me but make sure I went to sleep.

MADEA GOES TO JAIL

Featuring:

Tyler Perry

Keisha Knight Pulliam

This movie is definitely a Hollywood film. It has a man playing a woman, a woman acting like a man, the youngest Cosby girl (Rudy) playing a prostitute junkie, the young man that played Antwone Fisher, playing a lawyer who was about to marry a crooked lawyer. I saw judge Maybelline, Judge Mathis and a whole host of Black radio and TV personalities. Even had a White TV personality/

comedian to boot. This picture had me trippin! It was maddening, not one of those pictures that flows. It was just silly. Even when it was suppose to be serious, to me it still was silly. I am prejudice about Tyler Perry films with Broke Back Madea, because they are nothing more than slapstick. Yeah, I know that he provides work for a lot of struggling Black actors, but after being in his movies, most of them are still struggling. If you go to see this movie, make sure your mind is right, because you'll see the effect of Madea on Black life and Black children, sooner or later. Before you know it, Tyler will want to do Madea goes to the White House. Hollywood has a quota for stupid azz Ni#@er bull-shyt. Whatever!

A GOOD DAY TO BE BLACK & SEXY

Featuring:

Varying Cast

This movie is rated "R" and supposedly a between the sheets look at Black love and sexuality. It hit the streets in 2008 and I had never heard of it before. I just took a chance on Red Box. To me it just lacked flow and punch. Each situation was interesting, but I felt like I was watching a kind of documentary situation comedy without any details. The picture might have been too real and what was happening was just plain boring. It will keep you awake, but by the next day, you won't remember too much of what you saw. In a week, somebody might have to remind you that you did see it. This movie is a good credit for the actors, actresses, director and producer, but maybe next time they all will be in something that has a little bit more juice to it.

FIVE FINGERS

Featuring:

Laurence Fishburne

Gina Torres Fishburne

This movie is a suspenseful, dramatic thriller. There's just enough action and plenty of mystery. It's a damn good movie. This is one that you definitely can't go to sleep on. I can't begin to tell you what its about except, Some terrorist are responsible for kidnapping some White dude in Morocco. You just have to trust me on this one. Make sure the popcorn is buttered; you got that glass of Kool Aid just to chill, while your mate is hurrying home with that bucket of chicken. This movie will surprise you and have you on the edge of your seat squirming. Don't spill none of that Kool Aid!

BLACK FACTS

**All knowledge is rooted in
reality**

Black people see, hear and feel things that White people can't see, hear or feel.

Afrikan people that allow anyone to take away their culture, the container that holds people together, become Negroes.

Tony Hansberry II, a 14-year-old high school freshman in Florida, has developed a stitching technique that can be used to reduce surgical complications, as well as the chance of error among less experienced surgeons. Hansberry attends Darnell-Cookman, a special medical magnet school that

allows him to take advanced classes in medicine.

If you are born Black, you die Black.

The purpose of an Afrikan Centered education is to reproduce the best of ourselves.

Neuro-Melanin goes to the internal organs.

More and more Africans are acquiring Western tastes, but lack the skills or the treachery to make them work.

In Africa, albinism is a disease. The albino does not survive in Africa long. In Europe albinism is not considered a disease, but an advantage.

To Afrikans prevention is always better than a cure. Who wants to be sick!

In Africa, homosexuality is still considered a disease and too many it's people a perversion. The American Medical Association does not have the power to legitimize homosexuality in Africa, as it did in the United States in the 1980's.

According to the census bureau, in the United States the Black family is making a come back. Married couples head more families and more are living in homes they own. Families headed by single women continue to decline. Black people mostly have themselves to thank. To maintain a family, they 1st have to resist the temptation of buck wild behavior and be on a mission to do better & unite.

The Statue of Liberty was originally a Black woman. The original Statue of Liberty can still be seen in France, for which a Black woman posed.

Michael Joseph Jackson, a Black man, had the largest selling record in human history.

The Nubian Times

It is now known that in each atom of carbon¹², there are a set number of subatomic particles: six electrons, six protons, and six neutrons or 666.

The biggest beneficiaries of affirmative action are white women, who receive 80 percent of all benefits. Blacks get about 3% of all benefits.

Pale skin Arabs were the first to enslave Afrikans. They then took some of the captured Afrikan women as wives. The Black off spring from these relationships were forced by the sword to assimilate to survive.

Army Pfc. Lori Piestewa, one of the few American Indian women in the military, was found dead during the rescue of an American POW in Iraq. Lori Piestewa, daughter of a Hopi man and a Hispanic woman, was the first woman to die in the line of duty in Operation Iraqi Freedom. Lori was the first Native American woman killed by enemy action in United States military escapades.

Nobody has ever taken the time to teach Afrikan people that they are chemically & neurologically different than anyone else. They can raise and honor differences about everything on this planet (plants, animals) except humans. Why is that?

First person I am aware of, other than self is mother and that occurs before we ever enter this world.

The SUPER EXPLOITATION OF Black women has become a permanent feature in White societies social, political and economic life, because Sistahs are assaulted simultaneously as workers, as Blacks and as women.

You can take Afrikans out of Afrika but, you can't take Afrika out of Afrikans!

Every Black person (man, woman or child) that was ever lynched in the United States had their private parts removed. This cruelty cannot be explained away.

WHAT IF.... REPARATIONS?

Reprint Magick1010

If Africans living in America get paid reparations.... where will the money be picked-up? Las Vegas or Atlantic City?

If Black people get paid reparations... will the Koreans run any discounts on hair weaves, hair chemicals, hair gel, extensions, fake contacts, drugs, liquor and chicken boxes?

If the government ever pays reparations to Black people for the damages that were done for their degradation in slavery.... Will the KKK, SKIN-HEADS and Militia groups start the Civil War over again?

If Black folks ever get reparations, will Mercedes, Volvo, KIA, Hyundai, Volkswagen, Toyota, Ford or General Motors come out with Reparation limited-edition vehicles?

If Black folks ever get reparations for slavery, will McDonald's, Wendy's & Burger King come out with a limited edition Reparations burger to commemorate the moment? Maybe Popeye's could come up with some neck bone and crawdad reparations specials?

If Black people ever get reparations, will all the "mixed" people, Mulattos, Quadroons, Creoles, Neo-Soul & whatever want a half share, a whole share or will they want to pass for white?

If African-Americans get paid reparations, will we have to become Negroes all over again?

If Black people ever get a lump sum of money for being placed in chains and treated like cattle... Will all the brothers and sisters in jail be released so they can get their share?

If Black people get reparations... will Timberland, Microsoft, Hollywood, AOL Time Warner and Nike get their fair share?

If Black people get paid reparations..... Will the NAACP and the United Negro College fund stop getting charity from White and or Jewish corporations?

If Black people get reparations... will the White girls on the job, still be friends with the Black girls they feel superior to?

After reparations and we all equal and treated like human beings... will Black women still have to straighten their hair and use no lye Relaxer to look like white girls.

If Black people get paid for the damages and suffering they received for the lynching, castrations, rapes, sodomy, molestation and deaths of Black men, women and children in the slave trade and thereafter..... Do you think America has enough money or will they play that minimum wage game?

If reparations becomes a reality for Black people..... will it be rapid refund with an earned income credit or will the money be placed in independence accounts? Will the people formerly in chains have to pay taxes on the money?

The Nubian Times

If Black people ever get reparations... will Mumia Abu Jamal be released from prison to become president of the United States?

If we who are darker than Blue get reparations... will we buy guns and ammunition or build more million dollar churches and hope more cut-rate liquor stores are built nearby?

If Black folks get money due them for past injustices... will we all then be qualified to get platinum credit cards?

After reparations, will that be the end of welfare and homelessness, as we know it?

If the Confederate flag is removed... the Negro might forget he is/was White people's slave, but white people won't! Reparations or no reparations!

If Afrikans in America get reparations, will they help Indians get off the reservation?

Will reparations make Black people support Black businesses and put an end to self-hatred?

When reparations has come and gone... will Black and White still have a Master and Servant relationship?

If Brothers get reparations checks will child support payments be deducted?

If Brothers get reparations checks, will they all of a sudden get Jungle Fever?

If Sisters get reparations checks, will they all of a sudden get Jungle Fever?

If the sons and daughters of Africa get reparations for wrongs done to them... would we have fared better with forty acres, a double barrel shot gun and a mule?

When we are made as one with reparations, will the Blacks in the suburbs want to get together with

5

inner city Blacks to build a safe community for all our people or what?

Whenever African-Americans get reparations for the centuries of being in bondage to many a white corporation that still exists, will they drop the African and just become Americans?

If Black people get paid reparations will the New World Order and all the secret organizations that Whites folks belong to become a thing of the past or will capitalism and exploitation still be catch words of the elite and their trained puppets, no matter what color?

If the “n” word people get reparations, will Sprint, Ericson, Cellular One, AT & T give out free cell phones and free minutes to commemorate the moment, so we can all reach out and touch each other with this important, historical & finality information.

If we the people who are darker than blue are given money as the big pay back for our holocaust (Maafa), will Hollywood hand pick some role models to make a major motion picture portraying how we went from Afrikan kings and queens to slaves to Negroes to Colored people, to Blacks to African American success stories or do you think they might have something else in mind?

Could Reparations Day be made a federal holiday? The minute the “n” word people have to go back to work, they may need another paid holiday to REST-UP and celebrate what could have been! Maybe another shopping day if we have any money left. We’d all leave the job with “Have a happy “N” DAY!”

THE GOSPEL ACCORDING TO AFRIKANS

(OUR STORY)

HUMAN BEINGS MADE TO THINK THEY ARE UNEQUAL

The Gospel According To

Dr. Ivan Van Sertima

“What makes human beings think they are unequal, is for example, they could be forced to believe that they are unequal. And then they start acting unequal. Or they could be forced into certain economic disadvantages, so that they don’t make the fullest use of their capacity. Or they could be made to think that they are inferior, therefore they behave inferior and they begin to think inferior. But those are passing things. As they become aware of their capacity that they are equal to all other human beings, changes occur dramatically.

Michael Jackson:

THE DEATH OF A BLACK MAN

The Gospel According To

PTZeLeza

“Michael Jackson, the black man, died a long time ago. His music which brilliantly combined soul and pop and his hypnotizing dance

The Nubian Times

moves which launched the video music industry attracted hysterical devotion and admiration from both black and white fans in the U.S. and many others around the world and shattered some racial barriers. But he failed to transcend his own racial barrier: find comfort in his blackness. That, ultimately, is the tragic lesson of his tumultuous and tormented life. One hopes the racial demons that haunted Michael Jackson will be buried soon for the social health of us all.”

TRANSFORM THE QUALITY OF YOUR LIFE

The Gospel According To

Dr. Anthony Browder

“If you did well today, you are going to do better tomorrow. Set reasonable goals and objectives for yourself. Be kind. Understand that it took 500 years to create a Negro, so its going to take us some time to work through that. Be kind to yourself in the process, but be deliberate. Plan for tomorrow one day at a time.”

POWER

The Gospel According to

Dr. Wade Nobles

“The definition of power is a psychological question. It is not a military question. It is not a economic question. It’s not a social question. It is a psychological question. Power is the ability to define reality and to have other people respond to your definition as if it were their own. Our dilemma, our problem is that we allow other people to define the meaning of who we are. And once we accepted their definition we gave them power.

THE FACE OF IMPERIALISM

The Gospel According To

Sara Suten Seti

“The Cracker only brought a Niggah to America to be a slave, only a slave, forever a slave. You better wake your ass up. Don’t side with that Beast. Make your stand. Have your agenda. Do not leave your agenda. Liberation or death! We don’t give a f@ck about no man going to the head of this White Supremacist system.

ARM YOURSELF WITH KNOWLEDGE

The Gospel According To

Sara Suten Seti

“Arm yourself with knowledge. Bang on that wicked ass Beast daily. Liberation through education.”

NATION OF COWARDS ON RACE

The Gospel According To

Eric Holder

“Though this nation has proudly thought of itself as an ethnic melting pot, in things racial, we have always been, and we, I believe, continue to be, in too many ways, a nation of cowards”

LIBERTY & DEATH

The Gospel According To

Eric Holder

“I am not a proponent of the death penalty, but I will enforce the law as this Congress gives it to us.”

RACE & RACISM

The Gospel According to

Dr. Asa G. Hilliard III

“The ideology of “race” drives much of what happens in the world and in education. It is like a computer software program that “runs in the background,” invisible and inaudible. However, our silent and invisible “racial” software is

not benign. It is linked to issues of power and hegemony, the domination of a given group by another. “Race” thinking has no reason for being except for the establishment of hegemony”.

“A society's racism is not defined by its degree of racial segregation or how racially prejudiced the population may be. These are manifestations of racism. The racism itself is the tendency of a society to degrade and do violence to people on the basis of race, and by whatever mediations may exist for this purpose”.

ONE LOVE!

The Gospel According To

Geronimo (Goyathlay)

“The soldiers never explained to the government when an Indian was wronged, but reported the misdeeds of the Indians. We took an oath not to do any wrong to each other or to scheme against each other.”

DIVINELY BLACK ENOUGH

The Gospel According To

Chief Elder Osiris

“I have no problem identifying with the Shade of Infinity, that which is without Light, which we identify as being Dark space and from that space, come forth light of many colors.”

ARE YOU BLACK ENOUGH?

The Gospel According To

Chief Elder Osiris

“You will know when you are Black enough, when you are willing to fight to become the next established State in Afrika, because of the way that you were taken away from Afrika and you will not be satisfied until the Black Afrikan

The Nubian Times

Nation is United again, in Afrika proper.”

ABORTION & KILLING

The Gospel According To

Robert E. Smith

“Abortion is killing the Black race far more than drugs and gangs in America.”

IRAN & KOREA

The Gospel According To

F. David West

“Both Iran and North Korea are for the most part, moved forward by internal dynamics, not international factors, including the likely reaction of the United States. North Korea sees its basic relevance as an international political factor, as being inextricably tied to its efforts at developing nuclear technology and long-range ballistic missiles. It has no other materials or consumer goods to export, which means that without these kinds of moves, North Korea will actually be understood for what it really is: a Third World country in the same category as a Zimbabwe, whose future is absolutely bleak, unless it changes in ways that makes it a credible player in the international political economy.”

IRAN IN A NUT SHELL

The Gospel According To

F. David West

“Iran has been propped up by its oil wealth and a factitious homogeneity of cultural and political purpose, since the 1970s. What the tumult over the recent election results shows is that the Islamic Republic sits on top of a volcanic political reality, which is fundamentally contradictory to the myth of homogeneity. That should not be surprising, because the religious leaders who run Iran are at best a medieval presence, in a

country with a young population, which is media savvy, highly educated, and plugged in to the rest of the world. That is why the religious leaders could not understand the dimensions of the ongoing protests in Iranian cities; why they think that they could use outdated authoritarian tactics to stamp out the protests”.

WHAT IS WAR GOOD FOR

The Gospel According to
Barack Obama

“The United States 'is not at war with Islam”

REPRESENT YOU

The Gospel According to
Barack Obama

“My job is not to represent Washington to you, but to represent you to Washington.”

THE WHITE WOMAN IS A BITCH

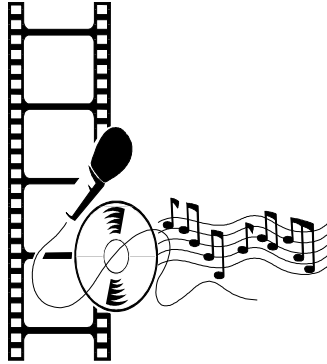

The Gospel According To
Dr. Khallid Muhammad

“I cannot live my life according to the standards of white people. I cannot live my life according to the so-called moral codes of white people. I cannot live my life according to the so-called codes of ethics of white people, which is nothing but crap. She’s a bitch. A two legged dog and an animal and a beast. And their babies are bastards. Because the White race is a bastardized nation. The illegitimate children of the Father Almighty God. The white man, her sons, are sons of bitches.”

THE BLACKER THE BERRY

The Gospel According To
Dr. Josef Ben Jachannan

“The truth cannot set us free if we continue using the same distorted, perverted, plagiarized and co-opted sources that even denied the existence of the indigenous African origin of the ancient Ta-Merrians”.

BELIEVE

Michael Jackson

“In a world filled with hate, we must still dare to hope. In a world filled with anger, we must still dare to comfort. In a world filled with despair, we must still dare to dream. And in a world filled with distrust, we must still dare to believe.”

MEANING OF LIFE

Michael Jackson

“The meaning of life is contained in every single expression of life. It is present in the infinity of forms and phenomena that exist in all of creation.”

PRIVATE DANCER

Tina Turner

Well the men come in these places and the men are all the same
You don’t look at their faces
and you don’t ask their names
You don’t think of them as human
you don’t think of them at all

WISDOM!

Wise Intelligent

“It’s NO LONGER smart to be Dumb!”

MISQUOTED

Michael Jackson

“My biggest fear is being misquoted. One word can be cut into a statement and change the complete meaning and coloring of what was meant.

TWISTING EVERYTHING

Michael Jackson

”Lately, people have been twisting everything I’ve been saying and that’s why I shy away from interviews . . . so if I can’t be quoted properly, I’d rather not be quoted at all.”

DO IT NOW

The Gospel According To
James Baldwin

“There is never a time in our future in which we will work out our salvation. The challenge is in the moment, the time is always now.”

THE SLAVE CASTLE

The Gospel according to
George Ayittey

“President Obama should stay away from the Osu Castle in honor

of the memories of those slaves who perished there.”

A BETTER PLACE

The Gospel According To

Booty Adams

“No matter what anyone thought of Michael Jackson, he lived his life in pain. It got to the point that the only way he could deal with the human race, was to entertain them. It was time to go. You are not alone! Now you are in a better place. Just tell Tupac, Aaliyah, Biggie, Marvin, Billie, James, Bernie, Isaac & Steve we say Hi!

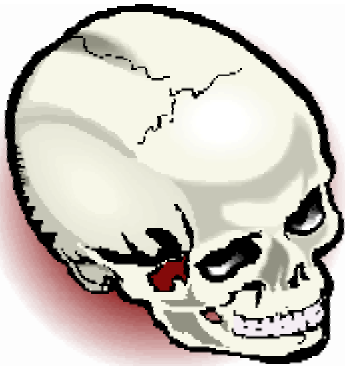

HERITAGE TEACHING

The Gospel According To

Dr. John H. Clarke

“Heritage, in essence, is the means by which people have used their talents to create a history that gives them memories they can respect and that they can use to command the respect of other people. The ultimate purpose of heritage and heritage teaching is to use people's talents to develop awareness and pride in them selves so that they themselves can achieve good relationships with other people.”

CRACK HEAD NEWS

ARE YOU A THRILLER?

When Black people see a reflection of God in each other, we tend to calm down and act like we got some sense towards each other.

Always remember that in certain situations, Black people are the judge and the jury. You may get some decisions and consequences that you don't like. We don't live in a perfect world, but it would be much better if we didn't have a big, humongous, White ape riding on our backs.

It took a Black man and a Black woman to start human life on this planet. But, everything you see walking around on this planet ain't human life Boo.

Black scientists have found that people with problems knowing their sexuality also have problems with their humanity. Europeans are the best examples any doctor could give you Boo. The closer you get to them, the more you lose your humanity. Be a scientist; check out those Blacks that have moved the closest to them. Watch for symptoms of xenophobia. Watch especially for Jungle Fever.

At this writing Christians and nobody else has found Jesus yet. A lot of people have found theater, but they haven't found Jesus. A lot of people have found mysticism, but they ain't found Jesus. So what else is new? When people are in despair, the numbers of hypocrites grows.

A top U.N. official has called for a global band on plastic bags. Which would be harder to do without...plastic bags or your cell phone?

Officials in California report that Hate Crimes in Los Angeles County rose to their highest level in five years last year, led by attacks between Latinos and Black. The largest number of racial hate crimes involved Latino suspects against Black victims, followed by Black

The Nubian Times

suspects against Latino victims. Latinos also made up the largest number of suspects in hate crimes based on sexual orientation. Whites were the leading suspects in religion-based incidents. Overall, Blacks made up nearly half the hate crime victims, totaling 310. It seems that nobody can get along with Black people wherever we are. The deck is stacked and all we can do is play the race card whenever it is appropriate.

If you got a problem with what is going on in Iran, than pack your shyt and get gone. You ever heard of anybody in Iran having a problem with what is or has happened to Black people. Remember any Iranians or Persians coming to our aid or relating to our problems? If you know of more than 20, in a country of millions, you would fool a lot of people. If you can't name many, your problems on your own turf might be worse than theirs and you too stupid to know it.

Black people are still allowing White people to be the only ones that document their existence. White folks let Black folks know where they have been and where they are going Boo, or so it seems.

Which Michael Jackson trial will be the trial of the century? Will it be the homicide case or the child custody case?

Black GrapeVine news- everybody knows that Beyonce will do anything. She claims to come from a middle-class upbringing, but she is still just an entertainer. Most peeps don't look to her for advice. Now we see Beyonce as a spokesperson for Hamburger Helper? This supposedly made-up cover girl is a spokesperson for a Mad Cow & macaroni company? How much research and how much brain power did it take to be a sponsor for a company that has a Michael Jackson glove with a face & a big red nose as it's logo?

Sounds like something Tyra Banks might have wanted to do.

Medicaid and Medicare are socialized medicine, controlled by the government of the United States.

Michelle Obama, the First Lady, requires at least 20 attendants, with salaries ranging from \$172,000 to about \$36,000 or so for her personal staff.

You can learn a lot about the situation of Black America when you watch Black folks run out to the movies to see a full grown Black male dress up like a woman over and over again. What once may have been comical, has now become a trend and a habit in daily life. A kind of new-age THRILLER! Our enemies have us programmed to think that being successful is making money parading around dressed bizarrely. This goes for Black females as well. Ain't nothing to see some female perpetrating a fraud while masquerading as a man. That's Black people psychically murdering each other. It may not be time to get rid of the "N" word just yet. The boys wanna be girls and the girls wanna be boys! Black people...what y'all gonna do?

Black people still feel like they are getting the shaft when it comes to jobs and whatnot. Can you imagine how it would be without Affirmative Action or quotas?

Rumor has it that Keri Hilson is calling out Beyonce & Ciara. Don't think it's a fistfight, but more of a rump shaking contest, 'cause ain't none of them a big time vocalist or actresses, just entertainers. Anyway, let's get it on. Stop the boredom.

Very rarely can a Black person marry a White person and remain Black. Jungle fever is a bytch! You lose your identity and you have no

idea who you really are and what you are capable of doing.

Americans are now getting text Spam. The frequency of this SMS Spam right now might be twice a year or so, but that will rise unless you do something about it. Europeans might receive one text-Spam a week, in India, 2 a day is common and in China, 5 to 10 a day is the norm. Americans are the greediest people on Earth, so if the marketers are left unchecked, Text-Spam might drive you up the wall!

Wigger news- The U.S. government and most American corporations are disorganized in the event of any cyber attack. Some organizations aren't going to be able to defend themselves because strings of botnets may be involved.

Wigger news- White people are always apologizing for something. Apologizing for killing people, apologizing for all the treaties they broke, apologizing for all the money and resources they stole, apologizing for slavery, just to name a few things. Only an ignorant Negro would believe them. It may not be time to get rid of the "N" word just yet, for those that believe all the apologies.

There's a halfway house coming to a neighborhood near you. Enjoy! Be prepared for a lot of walking traffic. Learn to identify recovering crack heads, alcoholics and general victims of your society. You might even see a hardened criminal or someone unjustly imprisoned.

Changing your complexion won't make White people like you any better. Buying face and skin creams are nothing more than throwing your hard earned money away. The only person you might fool is a dumb azz Negro. It may not be time to get rid of the "N" word just yet. Too many of our own people still have some kind of color "struck" complex of our own, within our own group. Yeah, they

The Nubian Times

still pinching noses, looking at fingernail cuticles, good hair and talking that "cute" and "fine" stuff.

Black women are taking it to the streets to settle their disputes and take out their frustrations with each other or anybody else. You want some, come get some. In the club, at school, on the club parking lot, at the gas station or in front of your house, you can see the grills get smashed on U-Tube. These are the days of some serious female beak downs, with floatin', bobbin and weavin'. Sooner or later, somebody is going to jail. As for the brothers, you heard 3 to the chest and 2 to the head. Now you know you are in Crack head news!

Half Wigger news- Halle Berry is a trailer park trash rat. She will do anything. She is the type of female that you have to hide your children and your pets from, because she might molest them. She will do anything that is nasty and low-down. You cannot respect a female that doesn't warrant your respect. D-E-M-O-N, with a pocketful of money Boo! It's all in her actions, on screen, off screen and out in the streets. She is a trailer park trash RAT that even a pit bull with good sense wouldn't want any part of. The only thing for her is a White boy. There are no lessons anybody can learn from Berry. Nothing, unless you a straight-up Ho!

More Wigger news- The United States is making it harder, harder and more expensive for it's own citizens to get higher education. Most Black people feel that they aren't even in the educational race. Foreign countries are just trumping the U.S. with their brightest nationalistic students. Money does enter in to the equation, but foreign workers always have a language of their own and a homeland they can return to in case of emergency. Black people are just caught in the middle, with more than usual pretending to be lower middle-class

or whatever! It's a real challenge when somebody wants you to be a productive citizen. Productive at what Boo? Being stepped on and neglected? Somebody had best say it again...they don't really care about us. Somebody had best do something. Could this be a good time for Reparations?

Black people want socialized car insurance. The government needs to set regulations on that industry. That would be the joint. Then car insurance companies would have to think before they continue to rip Black people off and Black folks inside the "beltway" would have alternative options.

It's good to see the Williams sisters kick White girls azzes in tennis, but not as appealing when they play each other. When they play White girls, you can see how those White girls can twist or break their ankles. You had best get your thrills from Venus and Serena now, because their reign in woman's tennis won't last forever. Much love to Ma Ma and Daddy Williams for breaking the arms of White Supremacy for a little while. Maybe someday some other Black women will excel in tennis, but for now, White people dominate the business end of that sport and Black youth have a hard time getting financing and noticed. Support Black youth, whatever they participate in!

The Illuminati had and has faggoty initiation rituals. Freemasonry is not free.

Who's going to play Michael Jackson in the movie, a big timer or a second stringer?. Jamie Fox had best lose some weight and get a whole lot of pancake makeup! Now you know some White company someplace wants to capitalize off of his celebrity. The better and the more realistic the actor, the more money there is to be made. Jamie did a good job with Ray, who will be the next?

Avant-garde is where the melanin kicks in.

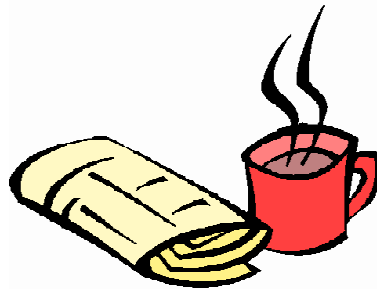

Wigger news- After Sarah Palin ran for Vice President, Black people were reminded that there are trailer parks in Alaska.

Corporate America still only hires incompetent personnel that struggles to maintain their corporate status quo. When these mental midgets are attacked by creative and progressive thinkers, the good ole boy networks crash and burn, but try to take as much with them as possible.

There's a penitentiary coming to a neighborhood new you. Get you GPS trackers ready. Get your children ready to travel. You will be able to get a first hand look at what plantation workers use to look like back in the 19th, 18th & 17th century. You might be able to view workers from the "BIG HOUSE".

Choice, choice, choice news- If the public health insurance option passes, Americans will be able to choose between their current insurance and a high-quality, government-run plan similar to Medicare. If you like your current care, you can keep it. If you don't—or don't have any—you can get the public insurance plan. What up playa haters?

Moor Black GrapeVine news- Beware modeling agencies that make young ladies dress up like boys or hookers. If you must go that route, try to keep some semblance of stability in your child's life.

The Nubian Times

White people make television series about how chaotic, destructive and simple White people are on beaches and waterways around the world. But you let a couple Negroes get out of hand at any beach that Black people attend...and they want to close the whole beach down forever and a day. No matter how much money any community makes off of them. No matter how well the rest of the people attending might behave. White people and their authority want to judge every one of us by a few knuckleheads. Our humanity as a group, usually does not let us return the favor. Go figure.

Bum Alert news- People might say we comment too much about Halle Berry, but White people manage to keep that bum working and always have her in front of the public's eye. The problem is that youth may take her behavior as normal or human and may try to duplicate what they see. Protect your mind at all times. BUM ALERT! The Bum Alert is for real y'all!

REPARATIONS should mean that all Black people should have unlimited credit and that all Black people's bills are paid FOREVER. Forever ever! Now that's what we talkin' bout for Reparations. You want my vote? Then make that happen Yo!

Black GrapeVine news- Rumor around town and all over the Internet is that Gabrielle Union is a "tramp". According to a post by an NBA player's wife, she is pulling all up on a number of NBA players, not only D. Wade, but a bunch of young bucks with Big Brown Balls. After taking some of those nude photos, Home Girl must think she is too hot to trot and wanna live on the dangerous alleyways of life. Ain't nothing new under the sun! Gabrielle just wanna get paid and don't give a dam how she does it. In a time, when freaks, bums,

whores, tramps, hoochies and trailer park trash are competing to make entertainment news, anybody decent had best watch their back. We heard that a lot more skunks got loose from the trailer park than last expected.

"Taking in" was a custom and substitute for adoption among Blacks in the South. "Taking in" a young person was part of our humanity that we then took for granted and has now passed from us unnoticed. This was part of our extended family practices. But now extended families can no longer afford to do this for economic reasons.

Women and men alike are raped in conflict situations in order to dominate them physically and psychologically. Male survivors are humiliated in terms of socially-accepted sexual and gender roles. This is happening in Africa right now, but it sure sounds like the American plantation system. Now we have crazed Negroes doing the same thing as their European colonizers and enslavers.

The NBA is moving lots of players around. The economy doesn't seem to have any effect on salaries at this

point. Perhaps the youth in the League are getting their fair share of raises, but veterans are taking pay cuts and playing in weird azz cities with little thrills, just for a chance to get that ever-elusive NBA championship ring.

Europeans view sex as a life style, Afrikans don't. That is why European dominated societies are so perverted. Reversed, looking backwards or butt wards Yo!

Hurricane Chris must be scummy dummy with his release about Halle Berry, she's bummie! Home boy need to get a life and stay out those wacko strip clubs in the Dirty South. He got too much time on his hands. Halle Berry is not somebody any man, except a pedophile, would be likely to want to have children by. The axiom "Daddy's maybe" would definitely come into play. Halle Berry might kiss, sleep with or break-off a dog if she thought she'd get some kind of attention. She really is scummy bummie. She is a trailer park monster, constantly keeping her hands and whatever on some balls, and doin' it in the public eye. Just ain't no excuse for the ho! Yelp!

When White people apologize for slavery, nothing in their resolutions, proclamations or statements authorizes or supports any claim against the United States. Don't even try it Yo! What you

If Jacko had of known that those drugs were going to put him to sleep forever, ever, he would have left them alone. Jacko might have had some problems, but Jacko wasn't so crazy he would have purposely left this place forever, ever!
