BLACK FACTS / EUROPEAN FACTS / CRACK HEAD NEWS / THE GOSPEL

## BLACK FACTS

In 1777 Morocco becomes the first country to acknowledge America's independence as a new country.

Black people don't own one another, but we belong to each other.

There were no Black prostitutes, male or female, anywhere on the face of the Earth until Black people came in contact with the Caucasian.

It was in Africa that the Mother was first declared a deity.

Divine Law has nothing to do with religion.

Somalis are still attacking ships and vessels with automatic weapons that venture into what they perceive as their coastal waters. The Somalis are after cargo and perhaps ransom money for the crew members from corporations or countries. Many of the ships being attacked now have heavily armed "vessel protection detachments" onboard to protect them.

Black Indians were also captured and sold into slavery along with their African cousins. The lands of the Black Indians were taken. Louisiana, Georgia, Alabama,

Texas, Oklahoma, Mississippi, Illinois, Florida, Delaware, Tennessee, Kansas, Iowa, Indiana

**All

reality!**

all belonged to the Washitaw Moors. The land was invaded by the French and British. The women were sold as sex slaves and the men were sold into slavery as "Negros." The U.S. Government even persuaded the red Indian tribes to own slaves. The Cherokee, Choctaw, Creek, and Chickasaw tribes all agreed to slave holding of black Indians and Africans. The only tribe to resist the idea of slavery was the Seminole tribe. The Seminoles rejected the idea because they were the descendants of African explorers who settled in Florida and mixed with Muskogee refugees who had mixed in with the Spanish. They called themselves

"Runaways." These black Seminoles who settled in the swampy terrain of Florida established cultivation methods that were identical to that of the methods of Sierre Leone in Africa. Georgia slave holders were soon invading Florida looking for runaway slaves and were soon met with opposition

Most of the wealth producing resources in Africa are still being managed by foreigners.

Black people are known to love their mother and their women more than other races do.

Cecil Rhodes killed more Afrikans than Hitler killed Jews.

Most of the spiritual women killed during European witch-hunts were Afrikan.

European first came to Afrika for gold. They later found out that kidnapping and selling people was a much more lucrative business.

It is not about any individual it is about the survival of the Afrikan collective. Anything other than that will continue to keep Afrikans worldwide in a cocoon of White Supremacy and its modality 'Racism'.

Black people are going to produce solutions to the problems that we have now.

According to the U.S. Census Bureau there are now close to one million African immigrants in the United States. The Census Bureau says more than 50 percent of them

entered and settled in the country between 1990 and 2000.

**Black people** built a Crystal city and a Crystal pyramid on the Moon.

**In** Australia, there were 517,200 Aboriginal and Torres Strait Islander people in 2006.

**In** Africa, a woman could always go as far as her mind could take her.

**African=Americans** still in the Negro stage think that everything in the Bible is true.

**Today**, Blacks in the United States, own approximately 1.1 million farmland acres whereas, according to the 1910 U.S. Agriculture Census, Blacks owned more than 15 million farmland acres.

**Black people's** Creator decided that men and women should not be the same.

**Recently** a 20 year old woman was stoned to death in Somalia for committing adultery. Several men were stoned to death for either adultery or spying earlier this year.

**God** knew what he was doing, placing Black people in Afrika with the plants and fruits to maintain an excellent level of life.

**In** 1786 Morocco became the sixth and the first Muslim country to sign a Peace Treaty with the United States in 1786. Algeria in 1795, Tripoli in 1796, Tunis in 1797, and Muscat (Oman) in 1833 followed.

**West** Africa is comprised largely of former French colonies.

**According** to a report from the American Cancer Society, largely an upper-class white organization, Black men in the United States have a 40 percent higher death rate from all cancers compared with White men, and they are twice as likely to die of prostate cancer as White men. Black women die at a

20 percent higher rate than White women do.

**When** you are not bonded to your mother, you are not bonded to your culture.

**Black** men and women still bear the scars internally and externally from brutal & vicious rapes during the Trans Atlantic Slave trade. The internal scars may never go away, but the external scars are sometime perceived as "beauty complexions" or "beauty marks" by those with a morbid sense of humor. There was nothing "beautiful" with the trauma that Black women suffered at the hands of kidnappers and barbaric slave holders. Some of these behaviors were carried into the African continent, with the advent of colonization.

**Afrikan** men who now lead Afrikan nations are of little vision because they are not Pan-Afrikanist. These heads-of-state, acting as separate agents, continue to make economic deals that are not in the interests of Afrikan people in their entirety. Their actions are making Afrika the easiest continent to exploit by the industrialized West, including Japan and China.

**After** slavery was supposed to have ended in the United States, there were laws on the books that prevented people of color from owning businesses.

**Black** people that cannot manage their own basic wealth, cannot have sovereignty.

**Nigeria's** institutions of higher learning have become citadels of sex, as under graduate female students are prostituting in major city hotels for a living and training others in their newly acquired craft. It's a craft that many find they cannot leave upon graduation from college. Many have families to take care of and the money is ridiculous.

## The Nubian Times

**Most** Black women in the Americas are afraid to be African, a remnant of the brutal slave system they still endure.

**Blacks** in the US have no elected officials in their own communities. They only participate in general elections. They do not govern themselves. They do not educate themselves.

**In** the slave dungeons of Ghana, White captors would observe the captive Black / African women who were in chains and decide which ones they wanted to rape. The women would remain in the slave dungeons from one to three months.

**Charles** Sims was the founder of the Deacons for Defense and Justice in Louisiana in late 1964. In 1965 the FBI began investigating the Deacons for Defense and Justice until early 1972 when the organization became inactive. The FBI characterized the organization as a black militant vigilante group, formed for purposes of retaliation for Ku Klux Klan activities. The DDJ expanded to 62 chapters throughout the South with a chapter in Chicago. Black people characterized the organization as self-defense.

**Afrikan** people are walking musical instruments.

**The** Socio-cultural heritage breakdown in Black African societies and nations, today, is linked to the overflow of Western filth being exported to Africa. This filth is unchecked and readily available at most Internet cafes where even primary school children frequent, and it is packaged in the following form: Pornographic videos showing beastly sexual acts being performed with male homosexuals; anal and oral sex; women lesbians at play; elderly men having anal and oral sex with small boys as young as five years

### 3

old; wives and husbands switching partners in sexual orgies, women having sex with dogs, etc. All of this filth is coming from Western nations and is targeted to break up the African family. This filth is volatile and highly influential on the African mind, body, spirit and soul.

As a people, Afrikans have always been hospitable to strangers, but mostly to the wrong strangers and to their own detriment.

The Moors are the most neglected part of Black history. Moors were in the Americas long before any slave ships crossed the Atlantic Ocean. Their story is one of the most powerful stories on Earth.

The overwhelming majority of Black people in America are nowhere close to success or making it in post-Civil Rights America.

In Brazil, the state has 125 categories of Black that tends to cause tension amongst the people.

Black women in America supply most of the placentas and fetuses used by the cosmetic industry for make-up.

A person can be considered White in Latin America, but the same person coming to the United States would be considered Black.

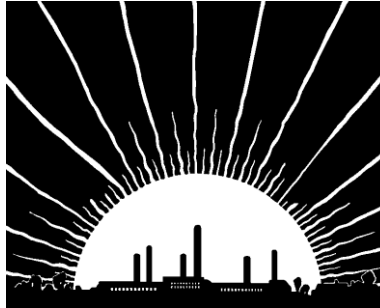

Afrikian dress is a language. To people that don't know language, it's only a design or fashion.

Glaucoma is the leading cause of blindness among Blacks, who are six-to-eight times more likely to develop the disease than Whites, according to the Glaucoma Research Foundation in San Francisco.

Caucasians have no concern about what happened to Black people 500 years ago, 100 years ago, 25 years ago, 10 years ago, 16 minutes ago or 5 seconds ago. Caucasians have only token concern about the

present or the future of Black people. Until Black people get this through their heads, they will always be called the sometimes dreaded "N" word!

## EUROPEAN FACTS

### SUBURBAN LEGENDS (RUMOR CONTROL)

Afrikans need to learn to protect their markets.

Caucasians were the first to invent a one thousand-dollar pill or expensive drugs.

In Caucasian dominated societies, as quiet as it's kept, women are perpetrators of half the sexual abuse on children.

After the Great Depression, America used affirmative action and welfare to create the White Middle Class we see today.

White people use rats to tell them how to eat.

The cost of deploying one U.S. soldier for one year in Iraq is \$390,000.

The American Empire was built on the extermination of one people and the enslavement of another.

Every thought that comes from the Albinoid mind is meant to dominate and control.

Animal sex is not illegal in Sweden and every year between

## The Nubian Times

200 & 300 pets are injured because of sexual assaults.

Caucasians impose what they use to restrict and retard their own people on other groups of people too!

In the Black community, drugs, be they street or prescription, are the equivalent to rat poison.

In the United States, it's tough to find a wife or a husband in a bi-sexual, pornographic culture.

The word "Jew" is of European origin.

Settler colonialists are a group of emigrants or their descendants who settle in a distant land, but remain subject to, or intimately connected with the parent country, which is always a capitalist country. Examples of settler colonies are: the American continent (Canada, the U.S., and South America), Israel, South Africa, and Australia. One of the characteristics of settler colonialism is the genocide (murder) of the indigenous people of the land, because as long as the people exist, they will always struggle to get their land back.

According to an investigation carried out by the US Government Accountability Office (GOA), the US cannot account for 190,000 weapons issued to Iraqi security forces in 2004 and 2005.

Arabs and Jews started the White slave trade, dealing mostly in women.

In Caucasoid dominated countries, pornography is more watched than sporting events, but the attendance & ratings of sport events is increased when you add "mild" pornography or women bouncing and throwing their legs and bare body parts in the air.

## 4

Far more common than hate crimes on college campuses in the United States are “bias incidents”. These are events that do not rise to the level of prosecutable offenses, but that may nevertheless poison the atmosphere at a college and lead to more serious trouble. The Review of Higher Education estimated recently that a total of 1 million bias incidents occur every year on American campuses, with the vast majority of them unreported to campus authorities or police.

Israel is the only country that has the intelligence community and the technological capability to successfully attack the United States with nuclear weapons. How? Nuclear bombs in suitcases!

Europeans use Christianity to legitimize slavery and imperialism.

The most commonly used birth control by Caucasian females was infanticide, then abortion, but now it's mostly done with pills.

All pornography is legal in the United States, except child pornography, but there are more pedophiles in the United States than the rest of the world put together.

White people call it civilization when their citizens can choose their sexual orientation.

In the Caucasoid global prison industrial complex, they do not frown on emotional relationships. This is their way of promoting and condoning homosexual relationships.

Any animal having close contact with Color-less people runs the risk of living in captivity or becoming homosexual and vanishing into extinction due to extreme stress. The same applies to humans coming into close association with them.

The greatest threat to the global White collective is the global Black

collective. The worse fear of the White collective is genetic annihilation.

Men calling themselves Christians have inflicted more devastation and destruction on people around the world than any other designation of animal man.

In European societies, the killing of unborn or unwanted children is called an abortion. Often times the fetus or child is ripped, many times in pieces, from the mother's womb.

Every ruling class in Caucasoid history has to make the exploited classes believe that their rule is “great, glorious and everlasting.” Every ruling class, with its iron grip and control of the means of creating public opinion (schools, churches, media, art, literature, music, religion, etc.), works overtime to make the exploited classes believe that their exploitation is “natural.” This brainwashing goes on hourly, daily, and for every moment of the lives of the exploited, lower class.

Caucasoids globally no longer claim their prisons are for rehabilitation, but claim they are to punish and lock the worst away.

Europeans have a long history of stealing people and building empires with their labor & technology, then thinking they have gotten away clean with this ultimate in criminal behavior.

For Europeans to effectively have capitalism, they must have someone in captivity.

Of the 31,483 U.S. troops wounded in Iraq, 20% of them have serious brain or spinal injuries. This total excludes psychological injuries and some 30% of US troops develop serious mental health problems within 3 to 4 months of returning home.

## The Nubian Times

The British were the last gangsters to enter into the Trans Atlantic slave trade.

In Caucasoid dominated societies, there are as many women battering men as there are men battering women. Male victims of female scorn and domestic violence are no longer a well kept secret.

Mutant Albinos lead the world in the creation of man-made, designer diseases.

Europeans have become comfortable saying they don't care what happened to Black people in the past, what happens to Black people now or if Black people will exist tomorrow!

Caucasians have no concern about what happened to Black people 500 years ago, 100 years ago, 25 years ago, 10 years ago, 16 minutes ago or 5 seconds ago. Caucasians have no concern about the future of Black people.

Since 1945, the United States has bombed China, Korea, Guatemala, Indonesia, Cuba, Congo, Peru, Laos, Vietnam, Cambodia, Grenada, Libya, El Salvador, Nicaragua, Panama, Iraq, Sudan, Afghanistan, and Yugoslavia.

Theft is defined in English law as: “... the act of appropriating a property belonging to another with the intention of permanently depriving them of it”.

Europeans think they can make the natural world a servant of man, rather than a partner.

The crowding of prisons with mentally ill people, as many as one in five, according to a Human Rights Watch study, is a national phenomenon in the United States.

Adolph Hitler and Napoleon both hated sex. They could not express those kinds of feelings and emotions. Well, at least not to

## 5

women. J. Edgar Hoover fits somewhere in this equation as well.

The only reason that Caucasians have decreased hunting chimps to take as pets in recent years is because international laws has made it hard to move live animals across borders.

When Europeans can exert their power onto Black people, then these Africans either have to catch a slave for them or become one.

A Caucasian abortionist can make more money by doing abortions than a regular physician can through caring for a woman through a 9-month pregnancy.

Most people that live in Caucasoid dominated countries have about five pounds of mucus in their head.

There are only about 10 million Hispanic Whites in the United States.

Hunting chimps as food for the lucrative bush meat trade is on the increase. Many Europeans consider eating Chimpanzees as a delicacy and a few have caught Ebola from eating them. Caucasians have been found eating gorillas in Belgium and monkey meat has been turning up in Heathrow, London.

There is no safe water left in the United States. Their government does not have enough money to meet the needs to change the water system. Chlorine and mercury are added to their water supplies and they don't have to tell their citizens.

Europeans colonized history and they colonized information about history.

White people call it civilization when they develop societies where women and children are raped or forced to survive off of prostitution.

The Europeans migrated to America and proclaimed

themselves as "Americans" and did not go through the legal government process of naturalization. They simply "took" their citizenship by force. Europeans are considered the first illegal aliens in the Americas.

The first place you look when you need a friend is in the mirror.

Black people in the United States live in a country that has the most powerful military and police force in the world. Black people in America live in a turbulent and racist country, which was built on criminality, murder and exploitation. The society is dominated by Caucasians, armed to the teeth with weapons, for purposes of murder, mass destruction and "protection". In this place, Black people are profiled, segregated, discriminated against and oppressed. Now here's the big catch... if any Black person dares to stand up for themselves or

## The Nubian Times

their people, they are called militant. Go figure!

White folks love to adopt Black children. Could you think of a better way to keep our children unconscious?

In societies founded on criminality, the "underground economy" never dies, it just stays out of site for the most part. Every once in awhile, the media does find a big fish to fry, to rake in big advertising dollars, but criminal business still goes on as usual. Without criminals, there might not be any jobs!

Black GrapeVine news- This is a real good time for Black people to start profiling White people. If you want to remain violent, do so, but you must see how many will pucker up and kiss your azz. Pay back is a bytch Shorty.

Only a fool would deny that sexism and racism still exist in the workplace.

If either your mother or either your father ain't nobody, than you ain't nobody either.

Hampton University, a traditionally, historically Black University, recently crowned its first non-Black Miss Hampton University. The crowning of Nikole Churchill, 22, whose mother is of Italian ancestry and whose father is from Guam, seemed to piss a lot of people off. In what Black folks thought was there house, now has Black women playing second string. Rumor has it that her picture will now be hung on a few walls beside a White Jesus to show tolerance and inclusion. Everybody just have to get use to it. Hampton is considered by many to now be a multicultural campus. That which was once Black is no more!

You can love nobody, if you can't love yourself.

## 6

It is not uncommon for White politicians, male or female, to receive payola and funding from corporations, “outside “government organizations, lobbyist, “friends” and other benefactors, but Black politicians, male or female, had better not take one penny beyond their salary from any outside sources or it is considered a crime against humanity.

**60%** of doctors die of the same diseases that they treat.

**Wigger news-** Now White people want to call Barack Obama a gangster, while they want to treat and come at him like he is a punk. Go Figure! When he does get gangster, and he will, then we will hear even more crying crocodile tears. Whatever will be, will be Wigger.

**One** of the greatest pastimes for young people today is playing “tricks” on each other. Nobody wants to commit and take on another person’s problems, but they sure will game you for whatever they think they can get.

**Only** now is that young, dumb and full of cum boy Chris Brown coming to the realization that Rihanna is a freak-a-leek extraordinaire. She’d do anything with anybody, with no thought, rhyme or reason, just because she can or because she’s getting’ paid. Home boy got his wires crossed and thought she was wifey material or something like that. There is no excuse for him sticking a foot up her azz, but the kid got a lot to learn. Same thing could be said about Kanye West. Now that his Mom is gone, the kid is by his lonesome and has no way of identifying the skeezers, bums and freaks that are moving on in for the kill and to take his soul. You don’t find too many people that will commit their time, resources and life to someone that is into group sex or breaking off the world,

unless it’s some kind of devilish entity or corporation that don’t give a fawk!

**The** totals for American soldiers killed by friendly fire in Afghanistan are rising.

**A** spokeswoman for first lady Michelle Obama said that 11-year-old Malia and 8-year-old Sasha received their H1N1 shots from a White House doctor after the vaccine became available to schoolchildren in the Washington, D.C., area. That’s what you’ve been told. Nobody has to prove anything to you. Believe what you must Shorty. A lie is only a lie if you believe it!

**Negroes** take great pride in their competitive spirit. They take great pride in planning and developing the demise of other Negroes. Negroes are the only people they are truly allowed to compete against in a White supremacy system. Because it is under handed, it not considered Black on Black violence, but this behavior does more damage than any physical violence we do to each other. If the competition were limited or turned to competitive spirit, there would less of a need for the battle of the sexes in our communities and less of a need to tear each other’s heads off.

**Black GrapeVine news-** When Negroes feel the pinch of a tight economy, oftentimes they scream on each other. Try not to be too harsh on your own people Negro. It’s only their collective work that got you this far. Somebody that looks like you spilled some blood somewhere, someplace, so you could live to fight another day.

**Moor Wigga news-** Black scientist have found that a group of individuals are being developed in the United States by the corporate structure, that are neither male nor female. Some say they are “gay”, some say they are not so gay but

depressed. Americans politicians, clergy and scientist have no idea how to classify these people as a group, but their nationality is strictly American by nature. This group seeks political power as a group and seeks to stomp out anyone that doesn’t acknowledge their right to be together, to be married to one another or to be married as a group. Whatever! The “JUST DO IT” generation has arrived!

**Keep** the home fires burnin’ Boo!

**White** women’s mission doesn’t have anything to do with Black people’s plight.

**Everybody** has an opinion and a mouth to spread that opinion, but few people have the nerve or the balls to stand behind anything coming out their mouths. Fear creeps up most people’s spine every time they think about what their bosses would think or do.

**May** Barack & Michelle and Shawn and Beyonce stay together and be forever young.

**Black** women may not realize that Tyler Perry imitates them with his character Madea. In some way, shape or form, he/she takes the characteristics of the Black females he has seen in his life and places them on the silver screen for the world to see. Want proof? Just ask a White person who they think she/he is imitating. White people may not even know that Madea is a male. It’s Wanda Sykes that has the history of imitating the Black male, but most people know that she / he is a female. Or do they? Whatever!

**Gay** marriage has lost in all 31 U.S. states in which it was put to a popular vote.

**Black** scientist have concrete evidence that Black people originated in Afrika and were the first humans on planet Earth, dating back millions of years, but they

have yet to find out when and where White people came into existence. So far there is nothing but theory, conjecture and a whole lot of bullshyt guessing on everybody's part.

Not many people know what they were created for.

As long as they speak Spanish, everybody south of the United States border is being heaped into a big pile and called Latinos. No more nations and absolutely no sovereignty of any kind. Now all the Europeans have to do is separate the men and women and have them at each other's throats about some "who is the head of household" and "phony woman's liberation" bullshyt. We know the drill. Haven't you heard this story before Shorty?

Albinoids can be false positives and positive falsies! They speak with forked tongue. Is there something here that you don't understand?

**WHERE MY DAWGS AT  
SHORTY?**

**THIS IS CRACK HEAD

Why is it that butch women imitate and wear the same kind of drawers as the men they are suppose to hate? Would they do that?

Some Negroes have a fascination sleeping with their conquerors.

Did Sara Palin kiss Oprah's azz or did Oprah kiss her azz? Was it a tie? Whatever! Everybody got paid except for you Yo! Palin can make more money selling bullshyt books and blasting the President, than The President and his wife are allowed to make. Go figure!

Now that the administration of historically Black Morehouse College (an all male school) says that their students can't wear any clothing usually worn by women (dresses, tops, tunics, purses, pumps, etc.) on the Morehouse campus or at college-sponsored events, will Tyler Perry a.k.a. Madea speak at their graduation ceremonies? Are young males wearing purses and pumps at other historically Black colleges? Are young females wearing baggy pants, baseball caps, do-rags, hoodies to class, jeans, sagging pants, lewd clothing or jock straps at any of the historically Black colleges? What's good for the goose is good for the gander and what happens to one set, will eventually affect the other set!

Until you've done research on gay people, you may not understand the true definition of depression.

Dominican hair salons are giving African-American hair salons a run for their money. Back in the day Koreans took the nail business away from African-American salon owners and now Dominican hair stylist are breaking into the hair trade and styling business. A large number of Dominicans don't consider themselves Black, not experiencing much of the U.S. scene with civil rights and segregation. Many are right off the boat, doing the best they can.

Whites and non-Blacks get grants and entitlement for attending what once were traditionally Black institutions. Somebody is getting paid like a muther!

Christianity and Islam are now the religions of conquerors. Those conquered just go along to get along, until the next conqueror come along. ### TROLL ALERT!

Are you young, energetic and wanna do something slick, wild and unnatural? Just slap a wig up on that head, glue on some extensions, put some make-up on that face, with some blood red, pink or black lipstick to boot. Then throw on some expensive Victoria Secret drawers, some spiked heels and put a lollipop in your mouth. Then all you got to do is join the Circus Shorty, so you can get paid straight up. ## The Nubian Times

What do White folks talk about at their social gatherings when there are no Black people around? Why is you starting to roll your eyes Shorty? Are you assuming that they have a common assumption?

If you ain't evenly yoked with somebody, you might end up with nobody or doing something queer.

Face Book and My Space need anti-Bully, Report Buttons so White kids can contact specially trained knuckle heads when they are being punked online. Some young people may be vulnerable, but when you live in a brutal, racist society, it's called a Cry Baby button. Most Black children always feel the "need not apply" feeling, because so much is not designed with them in mind.

What are a people that just came out of slavery supposed to look like? What kind of appearance are they supposed to have? A bad answer would be...just like the people that enslaved them! It may not be time to get rid of the "N" word just yet. Slavery may not be over just yet either.

If Black men are known to make some serious cheddar dressing and acting out as Black women, what's wrong with Black men wearing dresses on college campuses? Isn't that very funny too or do you think that's queer? A people are only as good as their role models.

Where you have capitalistic and racist societies, should Black people start capitalizing off of White people that have lost their White privilege benefits?

Black scientists are conducting studies on Black people with "good" hair. It's an experiment to see if the DNA in that hair can be traced back to the European that raped their ancestor. With a little luck and perseverance, they might enhance the cause for Reparations if they actually link the hair to the

culprits that committed acts of degradation and violence on Black women. Stay tuned!

How come some women say that they don't want a man and then go out and find a woman that's pretends she's a man? The same women say they don't like men, but the women that they like imitating men, dressing like men and even try to have sex the same way that men do, but they always come up a little short. It ain't natural, it's artificial Stud.

Some Black women remained in slavery rather than run away and leave their children.

The Gospel According To  
Dr. Frances Cress Welsing

"If we don't understand what is coming at us, they have a right to say we don't have any intelligence, because we are fumbling around."

### HATER-OGRAPHY

The Gospel According To  
Dr. Maulana Karenga

"If we talk bad about Black people and the White man talks bad about Black people, who's left to say anything good about Black people. Just for a short time, say something Black people have done, worthy of being mentioned, and stop doing just HATER-OGRAPHY!"

### MISSION OF HUMAN LIFE

Dr. Maulana Karenga

"No part of our legacy is more valuable than the unique ethical teaching of the Odu Ifa, the sacred text of our Yoruba ancestors, that we and all humans are divinely

## The Nubian Times

chosen to bring good into the world and that this is the fundamental meaning and mission of human life."

### REVOLUTION

The Gospel According To  
Martin Luther King Jr

"Those who make peaceful revolution impossible will make violent revolution inevitable."

### CORPORATE AMERICA & YOU

The Gospel According To  
Dr. Martin Luther King

"When machines and computers, profit motives and property rights, are considered more important than people, the giant triplets of racism, extreme materialism, and militarism are incapable of being conquered."

### SHINING THE LIGHT ON WHITE

The Gospel According To  
Sharon Martinas

"White" is a political term. It was specifically created by colonial rulers to prevent oppressed people from different continents from uniting to confront their common oppressors. "White privilege" is a relational term. It is the other side of the coin of racial oppression. In the U.S. white supremacy system, they go together. White was originally a class term. The privileges of whiteness were first granted by the colonial ruling class only to the poor and servant class of Europeans."

### CORRUPTION

The Gospel According To  
David A Love, JD

"The banks that ruined the country swore by the free market when it

suited them. But now, they gladly accept their corporate welfare bailout checks, and scoff at the rest of us”.

**CORETTA SCOTT KING**

The Gospel According To  
Bernice King

“She knocked on doors, helped raise funds and did whatever needed to be done to make sure the center was built. My brother Martin and I, as well as the rest of my family and the King Center Board, have both a personal and moral responsibility to carry forth the heart and spirit of my mother's vision and the historic legacy she wishes to pass on to future generations.”

**ADDRESS TO THE  
SLAVES OF THE  
UNITED STATES OF  
AMERICA**

The Gospel According To  
Henry Highland Garnet

“Two hundred and twenty-seven years ago the first of our injured race were brought to the shores of America. They came not with glad spirits to select their homes in the New World. They came not with their own consent, to find unmolested enjoyment of the blessings of this fruitful soil.... They came with broken hearts, from their beloved native land, and were doomed to unrequited toil and deep degradation.”

**DEMOCRATS &  
REPARATIONS**

The Gospel According To  
Attorney Alton Maddox

“When Strom Thurmond raped his Black maid and became a dead beat father, he was a Democrat. For all the sins that the Democratic Party has perpetrated against Blacks, no

one has demanded reparations from the party of the donkey. This should happen immediately and on nationwide television.”

**NO MAN AT HOME**

The Gospel According To  
Dr. Jawanza Kunjufu

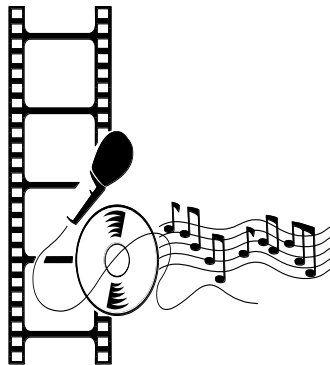

“If a girl is reared in a household where she has never seen a man, than she is led to believe her Ma Ma can do it all. She does not know what men do. Than the first time that he doesn't do what she wants him to do, than it's time to go.”

“To marry a sister that has not seen a man in the home can be suicidal.”

**THE ATLANTA  
PLANTATION**

The Gospel According To  
Rev. Hosea Williams,

“This plantation is filled with Uncle Toms and Aunt Thomasine's!”

**FIGHT THE POWER**

The Isley Brothers

Time is truly wastin'  
There's no guarantee  
Smile's in the makin'  
You gotta fight the powers that be  
Got so many forces  
Stayin' on the scene  
Givin' up all around me  
Faces full a' pain  
I can't play my music  
They say my music's too loud  
I kept talkin about it

**The Nubian Times**

I got the big run around  
When I rolled with the punches  
I got knocked on the ground  
With all this bullshyt going down

**SPARK**

Tupac Shakur

“I will not be the one to change the world, but I will be the one to spark the brain that will change it.”

**THE PRIDE**

The Isley Brothers

Politician come to power take it slow  
People need what you know  
You're a leader so you have to play along  
Show the hand right or wrong  
When you're feelin' that you know the way to turn  
Either way still get burned  
It's the pride that makes you feel that you belong  
It's the pride that keeps you strong

What makes you want to do the best you can?  
What makes you a better man?  
What makes you try again before too long?  
What keeps you standing strong?  
What makes you say the things you want to say,  
To make it a better day?  
It's the pride that makes you feel that you belong  
It's the pride that keeps you strong

**I'LL BE GOOD**

Angela Winbush

Let me show you how to live  
Stop goin' from town to town  
Don't be afraid to give  
Time to settle down

When I'm good I'm bad  
And when I'm bad I'm better  
When I'm at my best  
There's no room to guess

I'll be good  
Better than before  
You know I'll love you more

## **NOBODY’S FREE**

## **SIRIUS STAR SYSTEM**

The Gospel According To

Brother Mahir

“Native Americans, remnants of the Lemurian race, call on or recognize the same power that the Hebrew Israelites did. If you study Native American culture and you study language, you will find that they pay respect to the same deity. They are not Jews. Allegedly, Native Americans are from one of the 5 planets within Sirius. The Hebrew race is from another planet in the Sirius Star System. They both adhere to the same type of culture in that star system.”

## **THE GROUP – AFRIKAN IN AMERICA**

The Gospel According To

Dr. Barbara Sizemore

“The way out is through mobilization of the group to struggle for the survival of the individual. The Constitution gives you individual rights, but you can only protect them as a group. To survive, the group must insure that

each individual member is able to take care of himself or herself, reproduce himself or herself and take care of the progeny.”

## **OUR HISTORY**

The Gospel According To

Patrice Lumumba

“History will one day have its say, but it will not be the history that Brussels, Paris, Washington or the United Nations will teach, but that which they will teach in the countries emancipated from colonialism and its puppets. Africa will write its own history, and it will be, to the north and to the south of the Sahara, a history of glory and dignity”.

## **BACK IN THE DAY**

The Gospel According To

Dr. James Turner

“It was easier in time pass, to tell the good folk from the bad folk, to tell the people from the enemy and the enemy from the people. It was clear, because we had a clearer sense about what it meant to be the people and to be with the people.”

## **SPIRITUALITY**

The Gospel According To

Malik Shabazz

“The true criterion of leadership is spiritual. Men are attracted by spirit. By power, men are forced. Love is engendered by spirit. By power, anxieties are created”.

## **BILLIONS OF DOLLARS TO CORRECT**

The Gospel According To

Dr. Martin Luther King

“Justice for black people will not flow into society merely from court decisions nor from fountains of political oratory. Nor will a few token change quell all the tempestuous yearning of millions

# **The Nubian Times**

of disadvantaged black people. White America must recognize that justice for black people cannot be achieved without radical changes in the structure of our society. The comfortable, the entrenched, the privileged cannot continue to tremble at the prospect of change in the status quo. When millions of people have been cheated for centuries, restitution is a costly process. Inferior education, poor housing, unemployment, inadequate health care--each is a bitter component of the oppression that has been our heritage. Each will require billions of dollars to correct. Justice so long deferred has accumulated interest and its cost for this society will be substantial in financial as well as human terms. This fact has not been fully grasped, because most of the gains of the past decade were obtained at bargain rates. The desegregation of public facilities cost nothing; neither did the election and appointment of a few black public officials.”

## **TRANSCENDING THE TRANCE**

The Gospel According To

Brother Sam

“You can’t have a discussion about being free until a person realizes they are in prison. You can’t even have a discussion about transcending a trance, until a person realizes they are in a trance. You can’t fight for liberation unless you know that you are not liberated. You can’t fight for something you believe you already have.”
