### SEX, RACE & ETHNICITY FORM (APPLICATION)

Resubmitted by Divine1on1

The United States federal government requires that an employer maintain records on the race, sex, and ethnic group of its applicants. The information is for record keeping purposes only and will not in any way affect any employment decisions. This is what the division of Ethnic Groups looks like according to a White supremacy system and those trained to work for White supremacy:

- 1) **White:** (Not Hispanic or Latino) A person having origins in any of the original peoples of Europe, the Middle East, or North Africa. not Hispanic origin
- 2) **American Indian or Alaskan Native:** (Not Hispanic, Latino or Black) A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.
- 3) **Asian:** (Not Hispano, Latino or Black) A person having origins in any of the original

peoples of the Far East, Southeast Asia or in the Indian subcontinent

## EMPLOYEES

### OUR PROPOSED CLASSIFICATIONS TO MAKE BLACK PEOPLE MORE COMFORTABLE WORKING WITH WHITE MINORITIES

- 4) **Black or African American:** A person (Not of Latino or Hispanic origin) having origins in any of the black racial groups of Africa.
- 5) **Hispanic or Latino:** (Not considered Black or African-American) A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
- 6) **Native Hawaiian or Pacific Islander:** (not Hispanic, Latino or Black) A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

- 7) **Two or More Races: (Not Hispanic, Latino, Black or African-American)** All persons who identify with more than one of the above six races.

Nowhere will you see the classification **half-Black** and **half-White** on any application. Either you are **WHITE** or you are **NON-WHITE** in the system of White Supremacy. You are **White** and a European or **NON-WHITE**. Nobody White, male or female, will ever feel embarrassment filling out an application of this nature. Non-White people are never to be angry or offended by filling out this bullshyt. White Supremacy does not see these types of forms as subtle swords of racism. Simply put, applications are a form of **profiling** and **branding**.

For the sake of Black, African, Asian, Hispanic, Latino and all other indigenous groups, I decided to list some of the so very pertinent groups that Black people are so familiar with. This is but a few suggestions from another point of view, a self-defense point-of-view, that Negroes and Colorless people don't want published. So here goes:

- 1) **Lepers:** One of the original categorizations given to Caucasian beings of Western Asian descent
- 2) **Lupiderms:** Modern scientific categorization for Caucasian beings. Genetic recessive beings that hunger for blood, with wolf pack mentality. Lack of any color;

## 2

- usually Albino with blond hair and blue eyes.
- 3) **Wigga or Wigger:** European Americans claiming no Black blood, but claim jump on Black, African-American and Asian culture, habits and speech patterns.
  - 4) **Wangatang:** Partial white **person** mixed with whatever, but passing for white or Caucasian. They tend to be pale, have dark hair, but they do not know their origin. Not of Afrikan, Asian, Latino or indigenous descent. May be the missing link that Caucasians occasionally refer to.
  - 5) **Caucasian, Mankind, Kind of like a Man:** (Not Hispanic, Latino, Black, African or Asians) Mutant albino beings, usually warlike, descended from the caves of the Caucasus Mountain region exclusively. There are only theories, no fact, as to their origins.
  - 6) **Hillbilly or Redneck:** (Not Hispanic, Latino, Black, African or Asian) Mongrelized, lower class of Caucasian Highlanders that cannot trace their ancestry to any known grouping of Caucasians.
  - 7) **Afrikaans:** (Not Black, African, Hispanic, or Asian) European group of fleeing, running Caucasians, usually reserved for invaders of Africa, escaping from European conflict.
  - 8) **Semi-White, Semitic:** Not quite White people that consider themselves White, but are not considered White by other groupings of Whites. This group includes Jewish and Arab individuals. Both groups are considered Semites, by Caucasians. Semitic groups or individuals usually do not

have indigenous homelands they originated from.

- 9) **Black, Human Being:** not of Caucasian origin. May be from any continent. Genetic dominant beings.
- 10) **The "N" word:** Term used originally and exclusively by Caucasians to label rebellious, medium to heavy melanated people that have no intentions of kissing Caucasian ass, by trying to pass for White or by being subservient to Colorless people. Not to be confused with Negro. The Negro has been domesticated.

Some other names that could have been used were Howley (Haole), Gringo, Goy, Gaijin, Cracker, Paleface, Yurugu, Anglo, Yanki, Fay, Honkey, Beach Niggers, Farangi, Oyinbo, Peckerwood, Putas and Kojangi, but they may have been a bit to slangish or considered too offensive to profile or brand White people with for this commentary.

Sometimes when you deal with Caucasian beings you have to know what type you are dealing with from an official level. They are a global minority that needs to be kept track of, the way they now track, profile, brand, divide and label others. These classifications should be required by the government to help cut down on domestic terrorism and security purposes

## THE GOSPEL ACCORDING TO AFRIKANS

### (OUR STORY)

**If this was business, people would have to pay for the advertisement, but this ain't business. It's a life beyond death fight. This is Gospel (Good News) from the lips of people that have paid their dues, in one way or another!**

### THE NEGRO CHURCH

The Gospel According To

Dr. Martin Luther King, Jr.

“Two types of Negro churches have failed to provide bread. One burns with emotionalism, and the other freezes with classism. The former, reducing worship to

entertainment, places more emphasis on volume than on content and confuses spirituality with muscularity. The danger in such a church is that the members may have more religion in their hands and feet than in their hearts and souls. At midnight this type of church has neither the vitality nor the relevant gospel to feed hungry souls. The other type of Negro church that feeds no midnight traveler has developed a class system and boasts of its dignity, its membership of professional people, and its exclusiveness.”

### THE TRUMPET OF CONSCIENCE

The Gospel According To

Martin Luther King, Jr.

“When we ask Negroes to abide by the law, let us also declare that the white man does not abide by law in the ghettos. Day in and day out he violates welfare laws to deprive the poor of their meager allotments; he flagrantly violates building codes and regulations; his police make a mockery of law; he violates laws on equal employment and education and the provisions of civil services. The slums are the handiwork of a vicious system of the white society; Negroes live in them, but they do not make them, any more than a prisoner makes a prison.”

### THE TRUTH

The Gospel According To

Dr. Adelaide Sanford

“What we must tell our children is the truth. As far as we can find it and determine it and research it! As far as we can dig it out. As far as we can discover it! We must tell them to liberate them. The educational system in America was not designed to liberate children of Afrikan ancestry.”

## The Nubian Times

### WITH HOLDING INFORMATION

The Gospel According To

Dr. Adelaide Sanford

“There are a lot of us who are not lying, not cheating, we are not stealing, but we are in school systems, we are in businesses, we are in organizations where we know the destruction that is being rendered to our people and we don't tell them.”

“A part of our problem today is a much, more sophisticated problem. It's not Uncle Tom, it's not Aunt Jemima, it's Nurse Ruth (Tuskegee Experiment). It's people who are in positions, that are put there by the oppressor and they keep a job and they pour tea and they buy a house and they send their children to fine schools. And they belong to sororities and the fraternities. And they drown themselves in booze because their conscience whips them. May great discomfort fall upon them, for they know what is happening to our children and to our people! And they are withholding information. It isn't talked about a great deal, but that's a large part of what is wrong with the educational system.”

### FLU SHOTS ANYONE?

The Gospel According To

Curtis Cost

“The medical notion that administered vaccines make antibodies that prevent the specific disease for which it is administered is untrue in practice. This practice is a carryover from the “dark ages”. Many medical practitioners do not vaccinate their own families. They know that the substances used in vaccine preparations are highly toxic as indicated by the numerous adverse effects they cause”.

## 4

### VACCINES ARE DANGEROUS

The Gospel According To  
Curtis Cost

“**B**ecause vaccines are such weird, toxic chemicals, when they are placed in your body they mutate, causing all types of new diseases and illnesses that never existed before. There is always the possibility that vaccines can weaken or hurt the immune system.”

### SEE THRU THE GAMES

The Gospel According To  
Sistah Myra Moss

“**Y**oung people do not really see the hatred White people have for them yet. They get fooled by the “let’s be friends” campaigns. Our young people only live in a personal reality. If it is not happening to somebody close to them, they don’t care. Older generations saw and felt the hatred and can see through the games now.”

### AFRICAN MARTIAL ARTS

The Gospel According to  
Kilindi Iyi

“**M**y vision for African martial arts is to make it a viable part of the African American scene and the general martial arts population scene, so that it brings martial pride and a better understanding of culture all the way around. In viewing Africa as something that is positive and that has given a positive contribution. “

“**S**o my vision of where African martial arts is going? I see it coming into the mainstream of the martial arts community very soon, as soon as we can get certain

aspects of it to a point where it’s viable. People are seeing the same growing pains that the Asian martial arts had in the ‘50s when they were just coming out”.

### GAY RIGHTS

The Gospel According To  
Dr. Kwame Ture

“**I** am an Afrikan. I know my culture and I stand on it. No one will confuse me. Look carefully at your culture. Understand properly your culture, otherwise, you get confused. The problem of gay rights is a problem of tolerance towards homosexuality. In the Afrikan community, you have never heard of anyone of us bashing in the head of any homosexual. Gay rights is certainly a legitimate problem in the European community, because of the intolerance of that culture, but the Afrikan culture is extremely tolerant.”

### SILENCE

The Gospel According To  
Audre Lorde

“**Y**our silence will not protect you.”

### DON’T LET ME BE MISUNDERSTOOD

The Gospel According To  
Audre Lorde

“**I** have come to believe over and over again that what is most important to me must be spoken, made verbal and shared, even at the risk of having it bruised or misunderstood.”

“**W**hen we speak we are afraid our words will not be heard or welcomed. But when we are silent, we are still afraid. So it is better to speak.”

## The Nubian Times CAPITALIST

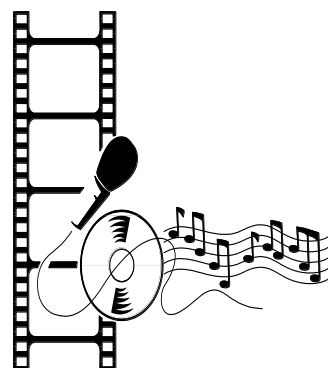

The Gospel According To  
Dr. Amos Wilson

“**C**apitalists do not believe in competition. They believe in destroying competition. They believe in creating monopolies. They believe in gaining complete control.”

### GUESS WHAT?

The Gospel According to  
Dr. Amos Wilson

“**A**frican-Americans do not operate as a nation. They do not protect their own. They do not create wealth. They do not invest in their own community. Their leaders believe in open markets and free markets when it comes to their own community. Their leadership is still playing with the ideology of Civil Rights.”

### I AM THE POLICE

Ne Ne

“**I** don’t need to call the police. I am the police if you put your hands on me! I m not a violent person, but if you put your hands on me, I am the police!”

### WHEN YOUR LIFE WAS LOW

**A**lways remember my friend,  
The world will change again.  
And you may have to come back

through everywhere you've been.

When your life was low,  
You had nowhere to go.  
People turned their backs on you,  
And everybody said that you were  
through.

I took you in, made you strong  
again  
Put you back together.  
Out of all the dreams you left along  
the way,  
You left me shining.

Now you're doing well  
From stories I hear tell.  
You own the world again.  
Everyone's your friend.

Although I never hear from you,  
Still it's nice to know  
You used to love me so,  
When your life was low.

### COMPLETION

The Gospel According To  
Dr. Jewel Pookrum

"The African man is obviously a mirror image of the African woman. Neither one is actually complete without the other, as far as mental and spiritual development goes!"

### UNITED STATES

The Gospel According To  
Rev. Dr. Phil Valentine

"The society is matriarchal. This is a feminist society. Feminist thinking and psychotic society and you can see it in the way that their men act. You can always tell the specific vent of a society by the way that it wages war. There is no hand to hand anymore. It's hooded, masked, I kill you in your sleep. I bomb you from 40,000. That's female fighting."

### FEMINIZATION

The Gospel According To

Rev. Dr. Phil Valentine

"Feminization is what happens to a society right before it falls. At the end of every great civilization the women are outside the home, they are in the military, they don't take care of the children, homosexuality is rampant and the government is despotic. That is the end, not the beginning."

### THE MASTER'S TOOLS

The Gospel According To  
Audre Lorde

"The master's tools will never dismantle the master's house"

**The following submissions or Cracks, as always are submitted by Nubian staff members and over 50 volunteer writers from around the planet! Enjoy!**

If White people don't love America and what it has become, then they can leave it. Other Europeans will not accept them with open arms if their dollars aren't worth the paper it is printed on, but the world will set aside a few hundred caves in the Caucus Mountains that White people that chose to leave America can spend the rest of their days, still searching for White privilege all by

their lonesome, until they exterminate themselves.

Starch us not a food, it is a chemical.

Nubian scientists have found that the most effective way to get rid of the dreaded "N" word is to replace it with something else. Using the word "NEGRO" should make us all more politically correct. Then we could have expressions like, "FU Negro" or "Negro Please!" How about something like, "You better get the blank out of my face Negro" or "That Negro ain't shy!" Then all the "corn pone", "tight azz", "suit wearing" bourgeoisie, have a little, want some more Nyggas, tryin' to front for Wiggers, could be politically correct and have a good feeling that they accomplished something. Now that's process Yo! Whatever Negro!

There is nothing like going to a Black web site or some Black social network and seeing all kinds of White images and White commercials splattered all over the top and sides. Perhaps maybe some White faced advertising popping up or over in click on boxes. It's kind of like listening to what we think is Black talk or Black music radio and having a bunch of White commercials broadcast in your ear all day & night long. Makes you want to holla Boo!

The U.S. has been fighting a war in Afghanistan for about 8 years. So far nobody has won this war, whoever they are fighting, but the top general has called for an additional 40,000 troops or more to help with the fight. They need more Caucasian volunteers. No more Rednecks thank you!

Black scientist have found that integrationist, Negro women have a hard time getting with White men, because White men do not want to raise Black babies. White men have no problem with Black people and

## 6

babies being their property, but raising up someone that will genetically dominate them someday is not their idea of having a good time. Just ask a White man if he would like to take care of a Black baby for 21 years to life. With White women as their mothers, primary teachers and the sworn enemy of Black women, it's easy to understand how the slavery system came about, became effective and grew to be the American Empire of today.

Phishing is an example of *social engineering* techniques used to fool users. Phishing is the criminally fraudulent process of attempting to acquire sensitive information such as usernames, passwords and credit card details by masquerading as a trustworthy entity in an electronic communication. While you are playing games and "fronting", usually White maniacs are "fishing" for a fool.

Feminine and masculine energy is energy that Africans can sense & feel, but you can't always see the energy. If either form of energy were something that was always visual, anybody could throw on some make-up, lip stick, a wig, pants, some coveralls, grow a mustache or grab a piece of plastic and go to town perpetrating a sexual energy fraud. When your mind and your extra sensory perception get dulled, you might think a woman was a man or a man was a woman or whatever!

If you think that "Black" is only a crayon, your view is juvenile and unscientific, plus you have been playing too much with White people's dictionaries and coloring books. Nationality becomes compromised when people allow themselves to be individualized and nothing moor than job seekers, instead of fighting to the death. Crayon shy talkers may be verbal battling the only friends they got Yo. Hint: Black tells moor about

where you originated, if you seek correct knowledge and science, so don't deny it just to make friends with or please somebody else Yo. Black, Nationality, Ethnicity, Religion and Sex got compromised the moment anybody accepted and made treaties with the Albinoid. Don't you remember any moor?

Most Christians don't practice their way of life until Sunday.

Back in the day news- Back in the day, Black females didn't have as many role models running around calling themselves models, posing half naked, gap legged, azz in the air or buck naked and Black men didn't have as many role models wearing women's dresses, clothing, make-up and lipstick or inviting children over to their cribs to play amusement park games. Is you or is you not crazy? You be the judge! Is this civilized and advancement or do we still need the "N" word for a couple moments or so until we can clear some of this backward mess up?

As of October 2009, the U.S. has about 130,000 troops stationed in Iraq. The U.S. is all alone because everybody else has pulled their soldiers out.

Some people seem to think that most of the White people in the United States that are against health care reform and the public option, are people that are about to receive or receiving Medicare. Medicare is government controlled. Go figure!

When filling out applications, always remember that your chances are diminished if a Red Neck is in the Human Resources Department. Learn to keep your head up anyway. Companies are still in need of people with skills and talent. Find any way that you can to get pass these Red Necks if at all possible. The status quo recycles Red Necks, but their times are gradually coming to an end. When they lose their privileged White

status, they show about as much frustration as a Peckerwood, Crank Head without their Meth!

Most doctors don't know what cancer is. If they knew what cancer was, they'd not only be able to treat it, but they would be able to cure it. Two things for certain... a lot of doctors make a lot of money diagnosing and putt putting around with cancer and a lot of "non-profit" organizations pay a lot of their handpicked personnel salaries for putt putting around with contributions they are getting from the government & public to help find a cure for "cancer", whatever it is or whatever it ain't. Whatever!

Michael Jackson wasn't into females or women, he was more into children, which made some people swear all out that the King of Pop was strange. Michael Jackson costumes and masks should be some of the most popular disguises for the Halloween season, next to American financier, convict Bernie Madorff masks. You can bet on that!

Percentage wise, at 1.9%, among Americans, White women are the least likely to marry outside their race. Who would have thunk that the way those flat butts be scrounging in the clubs? It's the ones you don't see, the overwhelming majority, that don't give a rat's azz about you and your soul. They still want that fairy princess lifestyle at your expense Boo.

There is always going to be jobs and self employment out there, if you can provide employers or the public with what they want or with what they have been led to believe they want! There will always be things that must be done. There may not be as many jobs at steel mills, factories and auto plants anymore, but there will always be things or situations that people will pay money or their life's blood for.

You can believe that Boo! Never give up!

**Black GrapeVine news-** Social engineering sites are the so called “in” thing on the computer nowadays and a good way to be socially engineered. From My Space to Twitter to Face Book and U-Tube, it’s party time and while you party, somebody with some beady eyes and Internet savvy is watching and waiting to collect data and party on yo’ azz Yo! It’s a phase Shorty. Have a good time, but always remember the capitalistic state of mind is out there, watching and waiting to capitalize on you. Social engineering is just business Boo!

**If** Barack Obama is the President, then Michelle Obama must be God. Repeat after me... In my Mother’s house, there is still God. In my mother’s house there is still God. There are some ideas we ain’t going to have in this house. Not long as I am still head of this family.

**Europeans** are citizens who live by government granted privileges. They do not live by God given rights. Black people have to decide if they want to live under such conditions. That’s why Negroes always say the lesser of two evils. At least they know this is an evil place and not much else.

**Caffeine, salt and cocaine** speed up the brain. Sugar, heroin and alcohol slow the brain down. Sometimes you up and sometimes you down, but you always trippin’ Yo with dat processed food.

**White people** had to give President Obama the Nobel Peace prize before the NAACP could give him the Spingarn award. What would Caucasians look like coming in second to Colored people?

**Black people** retiring from the jobs they got from the bloodshed of Blacks who died for Black progress

are in for culture shock when they leave the plantation and find themselves smack dab in the middle of the Negro Experience in the cotton fields of America again. Off the plantation a person can be lynched a lot easier. White people do not want you moving around freely in **their** retirement communities unless you are a maid or a butler.

**For** now, there are still loads of people rushing to be in America, because they don’t want to be on the receiving end of the violence, death and weapons of mass destruction that the American Empire is dishing out to the rest of the world.

**Who** knows? - In the public schools, who gets the contracts for the toilet paper, the soap, the paper towels, the books and the furniture in your community? Check it out. Could this be one of those “minority grants” that White women are getting? Somebody knows that looks like you, but they ain’t tellin’.

**Black GrapeVine news-** Negroes have to learn that in States where there are the highest rates of White unemployment, White home defaults and White illiteracy, these are the places where White people are knocked off their ego steps. When White folks no longer feel that they have White privileges over Black people, they tend to get “BUCK WILD” and make plenty of vicious, racist statements against “all” Black folks, not just President Obama. These are the same White people that tend to say that America is falling. This is just a reminder to Negro thinkers. Be safe Negro and keep your head on straight!

**When** you look at some of the job posting on the Internet, they look like a job that six people should be doing. If you take one of those jobs, in six months or less you

## The Nubian Times

could be burnt out or perhaps spending too much time in a bar. Do what you gotta do Boo, but don’t lose yourself.

**Gay** couples are getting married and gay couples are getting divorced as well. Two knuckleheads hooking up, straight or gay, can make for a messed up life experience. But if you are gay and get married in a particular State, you had best get divorced in that same State. If you try getting divorced in a State that doesn’t recognize the marriage, they won’t recognize the divorce either. It might be best to stay where ever you got hitched, because if you want out, you are going to have to do it where it is acceptable. Don’t even try it Boo Boo!

**Wigger** news- Ignorant, poor White people don’t realize that they are of no value to landowners, property holders and corporate big shots. Ignorant, poor-azz Wiggers know their place and stay in it, just as long as they are made to feel somewhat superior or a little bit better off than Black people. They are the ones most uncomfortable with “uppity Née grows”. If they have any use at all to rich White people, it’s to terrorize Black people and to help keep Black folks on their knees.

**To** this date, no one has found a cure for aging. What they have found is make-up and plastic surgery, which tend to fake out anybody that doesn’t take a close look at where either one has been applied.

**In** the United States, they may have a Black President, but they clearly still have a racist nation. Don’t fall for any propaganda.

**Over-the-counter** drugs (uncontrolled substances) are drugs you can send your children to the store to get like aspirin, cough medicine, diet pills, sugar and salt.

Behind the counter drugs (controlled substances) are drugs you need a doctor's prescription to get like Valium, Oxycotin, Zantac, Cialis and Viagra. You can send a representative to pick them up for you Yo. Dr. Bo Bo works for the Insurance Cartel.

Around 85 to 90 % of the people that are facing felony prosecutions already don't have a lot of resources and 60 to 70 percent of the men and women released from prison are still unemployed a year later.

State treasuries are raking in the Benjamin's from prisoners who now, on top of jail time, have to pay fees and surcharges, on such things as arrest fees, booking charges, DNA bank fees, court appointed lawyers and a whole host of well thought out debt making financial drainers. These charges are in addition to any fines and restitution they may be required to pay. Even before conviction a person can be in debt up to their eyeballs because of surcharges. Any prison earning from work or commissary sent from families can be seized by the State to cover any financial debt from such charges. It's all "Constitutional" as they say.

People are not only what they eat and drink, but what they breathe too.

Can Afrikans at home and Afrikans abroad fight like Iraqis, Afghans, Koreans or Vietnamese or do they always just let White boyz take their shit and give it to White girlz?

Moor from the Black GrapeVine- We hear that U.S. soldiers are being shot, dragged around and bust up with rocks in Iraq and now Afghan suburbs. These are areas that are outside what is called the "Sunni Triangle". Like wow man, military analysts said the widening of the location of attacks is characteristic of a classic guerrilla

campaign, in which insurgents seek to destabilize areas of the country that are considered peaceful, slowly expanding the war zone until most of the country fears for its security. The use of spit balls and slingshots by children has taken their toll on weary U.S. forces too. Some soldiers can't sit on the toilet in peace. This war sh\*t is depressing Yo and they still talkin' about "the draft"!

**Black proverb-** If you can be homosexual, you will do anything.

**If** Hillary Clinton was elected President, there wouldn't be any debate about health care reform. If John McCain had of been elected President, there would be no debate about health care reform and triple the amount of American, Iraqi and Afghanistan people injured, wounded or dead from war. If Sarah Palin had of been elected Vice-president, her face would be the favorite mask this Halloween season.

**Beware,** its 2009, going on 2010! If you are Black in America, you could be arrested for breaking and entering into your own house. Don't make no difference if you have a college degree or 2, you will be hand cuffed, given a ride down to the Po-Po station, finger printed and have you mug shot taken in living color. Instead of being hung from poplar trees with a scent of magnolia, we are now being publicly profiled and lynched on TV and computer screens, with the stench of burning flesh still in the air. This is the latest form of high-tech lynching for the New Age.

## The Nubian Times

You get the picture, because we know you have seen the pictures.

If the United States is going to allow gay marriage, they might as well allow Ménage-a-Trios marriages too. Maybe legalize bigamy? How about group marriages? Whatever! Don't stop till you get enough freaks. If the U.S. powers that be think that they can control the Freak-a-Leak they are creating, they dam sure haven't checked out the history of freaks yet. The freakier a society gets, the quicker that society slips into oblivion. See you later alligator.

**Lost & unaccounted news-** In Iraq - \$9 billion of US taxpayers' money and \$549.7 million in spare parts shipped in 2004 to US contractors, can't be found.

What kind of "getting educated" knuckle heads are we producing, when they are so disturbed that they stand in line for some cheap sex from a nutty azz White girl, like those Negroes did on Hoftra's campus. It may not be time to get rid of the "N" word just yet. The White bum lied and said she invited them and that she wasn't gang raped. They got locked up and charged and then got off. Maybe somebody Black somewhere has got the nerve and sense to pull these Black children up and tell them that their actions were stupid, ignorant and bordering on retarded.

**Black men millionaires,** usually working in the entertainment field, are going to jail like they were Yo boys, just standing on the corner selling get-high materials or the like.

**Black GrapeVine news-** You could be classified as stupid, better yet ignorant, if you think that some of the people who talk about extreme political acts of violence are loner nuts. Most of them are not nuts and most of them are not alone. They don't come in ones or twos, they come in tens!

Has anybody ever tried to get Black women, as a group, to boycott any of the useless products from outside our communities that are advertised to them? Don't answer that. We all know that the masses of Black women can't come together on spit, except locations for pity parties to blame their men for everything or to go shopping or gambling excursions. Church doesn't count Shorty! Most Black women have absolutely, positively no power in any church in the United States of America.

How can you have a school, whose children fail, yet you have successful teachers and principals? What da shy? School systems are established to maintain the status quo Yo!

Corporate America and White companies in general are finding it beneficial to hire Negro, feminist, pit bulls as receptionist and general security. These pit bulls, for a cost effective salary, will keep their Masters safe from any apparent threats from the Black world. They will growl and bite the head off of any Black person that walks in the door, while being in their smile and kiss azz mode for any White person that enters or is a member of the staff. They will display their seething hatred for Black people or any person of color openly and be rewarded for it with a generous treat of a 5 or 10 cents an hour wage increase. To the pit bull, all Black men are shiftless and violent and all Black women are shiftless and loose and a threat to the general moral of the workplace. These pit bulls sometimes replace some of the dumb White females of years past that have now moved on to become their supervisors. Some replace Negro men who were pit bulls on security staff or rent-a-cops.

While the U.S. national media and political culture often succumb to the temptation to classify people

who take extreme political acts, particularly of violence, as lone nuts, in fact such people are not necessarily either nuts or alone. Black folks in America know the history of these kinds of nuts coming by tens and hundreds, sometimes riding horses with their ropes in tow and their guns blazing.

The only time people want to see Tyler Perry, is when he has a dress and a wig on. Black people are very tolerant of "gay" people. They pay millions of dollars to see and cheer them. Anybody calling Black people homophobic has got to be a straight-o-phobic. Yelp!

Why isn't Joe Wilson, down in his home State of South Carolina, screaming "You Lie" to his governor Mark Sanford? Remember his governor, who had a wife and sons, is the White boy that lied and told his staff and the press that he was in the mountains hiking, while he was actually out of the country, in Argentina, running some Argentine woman. When it comes to his immoral, crooked, contemptible White boy friends, Joe Wilson ain't got anything to say. So much for equality, respect for the office, a level playing field or whatever! **You lie!**

Texas passed a state law on September 1 that specifically targets those who "use another person's name to post messages on a social-networking site without their permission and with the intent to harm, defraud, intimidate or threaten." as willful behavior and is now a third-degree felony.

When getting Crackers to sign treaties, contracts, agreements, an armistice, covenants or the like, you had best believe they are null and void unless you "got the power" to kick some azz, for without the power, you just talkin' Negro smack. The Moor you negotiate with the Beast, the Moor the Beast takes away your sovereignty Boo.

The manufacturers of the latest flu shot vaccines have been given liability protection by the U.S. government. The Public Readiness and Emergency Preparedness Act Of 2006 removes liability from the manufacturer, medical practitioners who use the product, and from "government program planners". A suit can only be brought if the DHHS Secretary allows it. If the vaccine messes you or your children's insides or mental capacity up, no compensation mechanism has been created. You are on your own Shorty.

Excess estrogen or steroids are found in meats, dairy products and birth control pills, no matter what fancy names drug companies give them.

Don't ask why people get sick or maybe die from vaccines. Vaccines contain ingredients like mercury, formaldehyde, aluminum, monosodium glutamate (MSG), thimerosal, egg protein, sulfites, cow puss, dog, cat or monkey tissue, rabbit brain tissue, horse

blood and other "secret" components.

WHITEY PRIVILEGE,  
I'M ROLLIN OUT!**

Do you think your liver and heart would work on a White person? Better watch your back Yo!

When they say that 1 out of every 4 Black young men is in jail, that means 25% of the young men are locked away from a female population that already out numbers them. The number of lesbians, gays, bisexuals and transgender is already at an all time high, but you ain't seen anything yet. Some believe it's a movement, others believe it's a fad that will end soon. Whatever! You best had learn to deal with it 'cause you's a punk too! Any man or women that won't stand up for your own kind, what else do you think you are? Puta!

White people in the United States never officially classified Black people's fight against segregation a war. The Black people who fought on the front lines during "sit-ins", joined "freedom rides", marched nationwide in places such as Selma, Montgomery, Birmingham, Jena and Chicago, as well as those who survived Co-Intel-Pro's assassination squads, knew they were in a deadly fight for justice and the very future of their people and children. Isn't that a WAR?

There is now overwhelming evidence that Crackers would rather see the United States flushed down the toilet than see change and lose their White privilege. Some believe that these same Wiggers would rather see the whole world destroyed in nuclear holocaust before they lose White privilege.

Back in the day, peeps felt like everything on TV was the truth, because it was on TV. Now peeps get their REALITY from TV and believe that what they are living isn't REAL. I tell you now Shorty, that that life you are playin' at living is a fraud. You are lower than a pawn, because you don't even know you in a game of life and death and you are being played.

I heard about you sitting up in church, when the pastor told the whole flock that you all must be tolerant of gay marriage and open up your heart to whatever the law says is legal. Now I know why so many people back in the day took to gambling, craps, slot machines, birth control, abortion, Viagra, Extenze, double strength mouth wash, Uni-sex clothes and freaking like they done lost their Afrikan mind. Don't even try to blame this shyf of Rap Music Shorty! The flock will be saved as long as the State says it's legal. So the flock can get their Freak On daily, maybe Bible study once a week and pay their ties on Sunday and they will be saved. That is soooooo slick Yo! It may not be time to get rid of the "N" word just yet. The State sponsored Church will be our salvation. Ain't nobody's business if any of us continue to make a fool of ourselves and act like a bunch of savages on the freedom trail to "no place worth mentioning"!

First the Master had the slaves eating table scraps, hug guts and rotting leftovers. Now the Master got Negroes eating shit produced in a laboratory. It's got so much acid

in it, you either want to trip, sleep or take some chemicals for relief.

Figures have skyrocketed of the number of cases of women abusing other women. In other words, lesbians are beating the shyf out of each other at alarming rates. These are not cases of women behaving as men, but women showing how violent they can be towards each other.

How long before Iraqi Uncle Toms flood into the United States, get stores, shops, loans, grants, scholarships, housing, entitlements, Uncle Tom privilege and whatever? How long before Uncle Tom Afghanis and Pakistanis follow suit?

To Al-Qaeda and the Taliban, Americans and any other Europeans that try to meddle in their business, are trespassers, insurgents and terrorist.
